Mr. Kiraly addressed the Board and echoed Ms. Petion and Ms. Ottini’s statement in regards to density. He pointed out that they had a neighborhood meeting and the president of the neighborhood association was present. Mr. Kiraly stated that they will comply with City staff conditions in regards to the driveway requirements.

9. **RECOMMENDED APPROVAL, EVALUATION AND APPRAISAL REPORT (EAR)**

| Applicant: | City of Orlando |
| Owner:     | N/A             |
| Location:  | Citywide        |
| District:  | All             |

**GMP2016-00002***

Request for determination that Growth Management Plan amendments are needed pursuant to the City's evaluation and appraisal report (EAR). The EAR identifies changes to Florida’s growth management statutes that have occurred since the City's last EAR was submitted in 2007, and lists GMP amendments needed to comply with those state statutory changes.

**Recommended Action:** Approval of the request.

This item was presented by Elisabeth Dang, Chief Planner, Comprehensive Planning Studio, City Planning Division. Using PowerPoint, Ms. Dang presented the Evaluation and Appraisal Report, 2016 evaluation and recommendations.

Chairperson Searl thanked Ms. Dang for a thorough and informative report, and called for discussion or a vote.

10. **RECOMMENDED APPROVAL, HIGHLAND HOMES REVERT TO PLAT**

| Applicant/Owner: | Amit Trehan |
| Location:         | 500 E. Marks St., south side of E. Mark St., east of Kenilworth Ter., and west of Cathcart Ter. (+0.28 acres). |
| District:         | 3           |

Request to revert the lot back to the original plat consisting of two 50 ft. wide, 120 ft. deep lots, each to have a ±3,000 sq. ft. single-family residence built on it. The current single family home will be demolished.

**Recommended Action:** Denial of the request.
This item was presented by Jacques Coulon, Planner I, Land Development Studio, City Planning Division. Using PowerPoint, Mr. Coulon presented the proposed project, staff's conditions and recommendation, and responded to Board questions. He noted that in the event the Board would decide to approve the revert to original plat, staff had provided some conditions and requested that the allowable FAR (Floor Area Ratio) should be a maximum of 0.40 (2,400 sq. ft.) in order to remain consistent and compatible with the neighborhood.

Applicant Amit Trehan, 5287 Adair Oak Dr., Orlando, FL 32829, spoke on his behalf and was also represented by Hugh Darley, 505 Peachtree Rd., Orlando, FL 32804. Mr. Darley gave a short presentation of their proposed project. Mr. Trehan and Mr. Darley requested that the Board approve a 0.50 FAR (3,000 sq. ft.) instead of the suggested 0.40 by City staff. They noted that this would allow them to build a 4 bedroom home. Mr. Amit stated that their only issue was the FAR because they were abiding with all the setbacks required and the elevations would blend with the neighborhood.

Mr. Coulon acknowledged a letter received in support of the project.

Having no other speaker requests, Chairperson Searl called for discussion or a vote.

Board member Burns moved APPROVAL of the request, SUB2016-00006, subject to the added conditions in the staff report, granting the applicant a 0.50 FAR, with a requirement that it will go through Appearance Review prior to final approval.
