**Recommended Action:** Approval of the request, subject to the conditions in the staff report.

Secretary Note for the Record: Four (4) letters of opposition were received for the above case and distributed to all Board members.

This item was presented by TeNeika Neasman, Planner II, Land Development Studio, City Planning Division. Using PowerPoint, Ms. Neasman presented the proposed project, with staffs’ conditions and recommendation.

Acting Chairperson Huels opened the hearing to the public.

The following speakers appeared before the Board in opposition of the request:

1) Edith Shivers, 4548 S. Lake Orlando Pkwy., Orlando. Ms. Shivers read into the record a petition letter in opposition of the request, signed by 68 neighbors. (The petition was filed with the Board Secretary). Their main concerns were:
   a. Want the neighborhood to remain residential only.
   b. Depreciation of their property values and it might be difficult to sell their homes.
   c. Parking issues.
   d. Possible trash overflow.
   e. Will jeopardize the safety of the children playing on the street.
   f. Lake Orlando Home Owners’ Association was not contacted by the applicant regarding this request.

2) Cynthia Enax, 3732 Rose of Sharon Dr., Orlando. Ms. Enax's main concerns were:
   a. Parking issues.
   b. Depreciation of property values.
   c. Trash overflow.
   d. Police is called often to a nearby RCF. Fears they will have the same issues.
Applicant Marie Polydor addressed the speakers’ concerns and responded to Board questions, noting the following:

a. The house has 4 bedrooms, 2 baths, 2 car garage. It would be no different than if her family were living with her.
b. The residence has a long driveway for parking.
c. The care facility will only be for homebound patients which would stay for a month or two.
d. Care facility will be regulated and inspected by the State.
e. Medical waste will be disposed of following State guidelines and regulations.

Acting Chairperson Huels closed the public hearing and opened it up for Board discussion and/or a motion.

Discussion ensued among the Board members and staff regarding imposing an age limitation to the care facility and an expiration date for the CUP. Many Board members expressed their opposition in establishing an expiration date for the CUP, but all were in favor of adding an age limitation condition.

Board member Burns moved APPROVAL of the request, CUP2018-10008, subject to the conditions in the staff report, and the added condition that the RCF will operate as a senior care facility requiring an age limitation of 55 years of age and older. Board member Lea SECONDED the MOTION, which was VOTED upon and PASSED by unanimous voice vote.

8. RECOMMENDED APPROVAL, 612 SHERIDAN BLVD. REVERT TO PLAT

Applicant: Andy Katzman – Rare Builders
Owner: Mary O. Taylor; Karl Hittinger, Broker – Transact Realty
Location: 612 Sheridan Blvd., on the south side of Sheridan Blvd., between Eastin Ave. and Latta Ln. in College Park (±0.34 acres).
District: 3
Project Planner: Jim Burnett (407-246-3609, james.burnett@cityoforlando.net)

SUB2018-10027 Revert to Plat request to replace an existing 1,500 sq. ft. house on two platted/conjoined lots with two new homes, each to be on a 50 ft. wide by 150 ft. deep lot in the R-1/T zoning district (where the minimum lot requirements are 55 ft. width by 110 ft. depth, minimum 6,000 sq. ft. in area).

Recommended Action: Denial of the applicant’s request and approval of the staff-preferred option, per the conditions in the staff report.

Secretary Note for the Record: Three (3) letters of “no objection” were received for the above case and distributed to all Board members.

This item was presented by Jim Burnett, AICP, Planner III, Land Development Studio, City Planning Division. Using PowerPoint, Mr. Burnett presented the proposed project, staffs’ conditions and recommendation, and responded to Board questions. He emphasized that the house proposed to be demolished was significant to the Lake Ivanhoe National Register Historic District. Mr. Burnett also presented alternate conditions in the event the Board sided with the applicant.

Acting Chairperson Huels opened the hearing to the public.

Melissa Taylor, 601 Lake Shore Dr., Orlando, spoke on behalf of her mother, Mary Taylor, who is the current owner of the subject property. She noted that the property in question was in total disrepair due to excessive electrical and plumbing issues.

Applicant Andy Katzman presented pictures of the existing residence showing its current conditions and the reason why he was proposing to demolish and rebuild. Mr. Katzman did not agree with Staff’s recommendations of
preserving the existing residence and building a traditional residence on the vacant lot, nor did he agree with the conditions to limit the FAR (Floor Area Ratio) to 0.35, or that the homes be 1.5 stories. Mr. Katzman requested the Board approve his request to demolish the existing home and build two new 2-story contemporary homes with a maximum 0.45 FAR. He also noted that he would be willing to build a traditional home to replace the house that would be demolished, and build a contemporary home on the vacant lot. Mr. Katzman directed the Board to a Zoning Official Determination Letter for Revert to Plats and Plat with Modification of Standards, and noted that there was no mention of the Historic District issues in the Determination Letter.

Jason Burton, Chief Planner, Community Planning Studio, City Planning Division, spoke about the Historic District Registry and noted that they were looking at the exterior of the structure and not the interior. He stated that the 1.5 story requirement was to maintain compatibility with the neighborhood and consistent with previous recommendations of the MPB. Mr. Burton also noted that the suggestion to replicate the architectural style was to maintain compatibility with the block face, which would be part of a typical appearance review in this area.

After further discussion, Acting Chairperson Huels closed the public hearing and opened it up for Board discussion and/or a motion.

Discussion ensued among the Board members regarding the Historic District, the maximum FAR, maximum allowed height, and architecture. While some Board members expressed concerns about diminishing the Historic District by demolishing the residence, others agreed with the applicant.

**Board member Warlow moved APPROVAL of the request, SUB2018-10027, subject to the alternate conditions presented by Staff in the PowerPoint presentation, and amended as follows (deleting the crossed-out verbiage and adding the verbiage in red):**

1. **FAR of 0.35** **0.45** (2,625-3,375 sq. ft. of living area)
2. Both homes to be 1.5 stories not to exceed 2 stories in height.
3. Garages to be either attached and recessed at least 5 ft. from main façade, or detached and located in rear yard.
4. New home styles to be consistent with Sheridan block face.
5. Appearance Review required (plus 8 other conditions in the staff report).

**Board member Burns SECONDED the MOTION, which was VOTED upon and PASSED by a 4 to 3 vote (Baker, Lea and Ray voted Nay).**

**OLD BUSINESS**

- None

**NEW BUSINESS**
