Provided, however, in the election following the decennial redistricting required by section 4-1(b) of this Chapter, district commissioner candidates shall only have to meet the requirements of subsection (a) above.
- (c) For qualifying purposes, residents of areas that are annexed into the corporate limits of the City of Orlando within one year prior to the election qualifying period shall be considered residents of the district to which their area has been annexed and shall be eligible to be a candidate for Mayor-Commissioner or City district commissioner if they have been a bona fide resident and registered elector of either the City or the annexed area for one year prior to the date of qualifying.
- (d) At the time of qualifying, candidates shall be required to submit proof satisfactory to the City Clerk that they have met the requirements of this section. If satisfactory proof is not submitted prior to the end of the qualifying period, the City Clerk shall not qualify that person for the office sought and their name shall not appear on the ballot. Satisfactory proof of having met the residency requirements of this section shall include submission all of the following applicable items for the one-year period prior to qualifying: homestead exemption documentation, residential property lease, utility bills which reflect usage of utilities at a level indicating actual residence, and Florida driver's license registration. Candidates may also submit to the City Clerk any other documentation that shows their intention to be a bona fide resident at their qualifying address.
