What To Do Before A Hurricane or Typhoon

In this section you can learn about hurricanes and what can do to protect yourself before a hurricane strikes. Find out which hurricane survival kits and supplies you need along with other important steps to take before a hurricane.

Learn About Hurricanes

Hurricanes are violent tropical storms with sustained winds of at least 74 mph. They form over warm ocean waters – usually starting as storms in the Caribbean or off the west coast of Africa. As they drift slowly westward, the warm waters of the tropics fuel them. Warm, moist air moves toward the center of the storm and spirals upward. This releases torrential rains. As updrafts suck up more water vapor, it triggers a cycle of strengthening that can be stopped only when contact is made with land or cooler water. Hurricane season is typically from June 1st to November 30th.

A typhoon is a tropical cyclone occurring in the western Pacific or Indian Oceans. A typhoon is similar to a hurricane in levels of destructiveness.

HURRICANE TERMS TO REMEMBER:

Tropical Depression - an organized system of clouds and thunderstorms with a defined circulation and maximum sustained winds of 38 mph (33 knots) or less.

Tropical Storm - an organized system of strong thunderstorms with a defined circulation and maximum sustained winds of 39 to 73 mph (34-63 knots).

Hurricane - a warm-core tropical cyclone with maximum sustained winds of 74 mph (64 knots) or greater.

Eye - center of a hurricane with light winds and partly cloudy to clear skies. The eye is usually around 20 miles in diameter, but can range between 5 and 60 miles.

Eye Wall - location within a hurricane where the most damaging winds and intense rainfall are found.

HURRICANE SCALE:

Category I - 74-95 mph winds with 4-5 ft. storm surge and minimal damage
Category II - 96-110 mph winds with 6-8 ft. storm surge and moderate damage
Category IV - 131-155 mph winds with 13-18 ft. storm surge and severe damage
Category V - 155+ mph winds with 18+ ft. storm surge and catastrophic damage

HURRICANE WARNINGS:
Tropical Storm Watch - issued when tropical storm conditions may threaten a specific coastal area within 36 hours, and when the storm is not predicted to intensify to hurricane strength.
Tropical Storm Warning - winds in the range of 39 to 73 mph can be expected to affect specific areas of a coastline within the next 24 hours.
Hurricane Watch - a hurricane or hurricane conditions may threaten a specific coastal area within 36 hours.
Hurricanes Warning - a warning that sustained winds of 74 mph or higher associated with a hurricane are expected in a specified coastal area in 24 hours or less.

Hurricane Preparedness Plan

OUT-OF-STATE-CONTACTS: Ask an out-of-state relative or friend to serve as the "family contact." After a disaster, it's often easier to call long distance. Advise this designated person to stay by the phone following a hurricane striking your area. Make sure everyone in the family knows the name, address, and phone number of your designated contact person. Fill out Out-of-State Contact Cards with your out of state relatives' and friends' information so you can keep them informed of your safety. Carry them at all times! Following an earthquake, if you are separated from your loved ones, call your out-of-state contact number. Give your contact critical information including your physical condition, location, direction in route and plan to reunite. Check back regularly to update and check on whereabouts of your loved ones.

PLAN TO REUNITE: Make a plan on where and how to unite family members.
Choose a person outside the immediate area to contact if family members are separated. Long distance phone service will probably be restored sooner than local service. Remember, don’t use the phone immediately after a hurricane, and make local calls only for emergencies.

**PLAN RESPONSIBILITIES:** There will be many things to take care of after a hurricane. Make a plan with your family, friends, and neighbors assigning specific responsibilities to each person. Remember that it may be difficult to get around after a hurricane, so each person’s tasks should be related to where they may be.

**DEVELOP A MESSAGE DROP:** You need to identify a secure location outside your home were family members can leave messages for each other. This way, if you’re separated and unable to remain in your home, your family will know where to go to find you. You don’t want to publicize that you are not at home. That is why this location should be secure and discrete. i.e. under a paving stone, inside a tin can, in the back yard, etc.

**SAFEST PLACE IN YOUR HOME:** During a hurricane, stay away from heavy furniture, appliances, large panes of glass, shelves holding heavy objects, and masonry veneer (such as the fireplace). These items tend to fall or break and can injure you. Know the danger spots, (windows, mirrors, hanging objects, fireplaces and tall furniture).

**KNOW YOUR ENVIRONMENT:** Always know all the possible ways to exit your house and work place in hurricane situations. Try to discover exits that would only be available to you in an emergency.

Know your open and safe areas that are way from buildings, trees, telephone and electrical lines, overpasses, or elevated expressways. Know the location of the shutoff valves for water, gas, and electricity. Learn how to operate the valves. If you are not sure, contact your utility company.

**CONDUCT PRACTICE DRILLS:** Physically place yourself and your children in safe locations. Always know all the possible ways to exit your house and work place in a hurricane situation. Try to discover exits that would only be available to you in an emergency.

**Hurricane Risk Reduction**

Hurricanes strike suddenly, violently and sometimes without adequate warning. Identifying potential hazards ahead of time and advance planning can reduce the dangers of serious injury or loss of life from a hurricane. Repairing deep plaster cracks in ceilings and foundations, anchoring overhead lighting. To prepare for a hurricane, you should take the following measures:

- Make plans to secure your property.
- Permanent storm shutters offer the best protection for windows. A second option is to board up windows with 5/8” marine plywood, cut to fit and ready to install. Tape does not prevent windows from breaking.
- Install straps or additional clips to securely fasten your roof to the frame structure. This will reduce roof damage.
- Be sure trees and shrubs around your home are well trimmed.
- Clear loose and clogged rain gutters and downspouts.
- Determine how and where to secure your boat.
What To Do During A Hurricane

Do you know what to do during an hurricane? It's definitely something to include in your hurricane preparedness plan. Learn about what actions you can take to increase your chances of survival when a hurricane heads towards your neighborhood.

Hurricane Evacuation Plans

When community evacuations become necessary, local officials provide information to the public through the media. In some circumstances, other warning methods, such as sirens or telephone calls, also are used. Additionally, there may be circumstances under which you and your family feel threatened or endangered and you need to leave your home, school, or workplace to avoid these situations.

The amount of time you have to leave will depend on the hazard. If the event is a weather condition, such as a hurricane that can be monitored, you might have a day or two to get ready. However, many disasters allow no time for people to gather even the most basic necessities, which is why planning ahead is essential.

Evacuations are more common than many people realize. Hundreds of times each year, transportation and industrial accidents release harmful substances, forcing thousands of people to leave their homes. Fires and floods cause evacuations even more frequently. Almost every year, people along the Gulf and Atlantic coasts evacuate in the face of approaching hurricanes. Ask local authorities about emergency evacuation routes and see if maps may are available with evacuation routes marked.

Hurricane Evacuation Guide
• Keep a full tank of gas in your car if an evacuation seems likely. Gas stations may be closed during emergencies and unable to pump gas during power outages. Plan to take one car per family to reduce congestion and delay.
• Make transportation arrangements with friends or your local government if you do not own a car.
• Listen to a battery-powered radio and follow local evacuation instructions.
• Gather your family and go if you are instructed to evacuate immediately.
• Leave early enough to avoid being trapped by severe weather.
• Follow recommended evacuation routes. Do not take shortcuts; they may be blocked.
• Be alert for washed-out roads and bridges. Do not drive into flooded areas.
• Stay away from downed power lines.

WHEN TIME PERMITS:

• Gather your disaster supplies kit.
• Wear sturdy shoes and clothing that provides some protection, such as long pants, long-sleeved shirts, and a cap.
• Secure your home by closing and locking doors and windows.
• Unplug electrical equipment, such as radios and televisions, and small appliances, such as toasters and microwaves. Leave freezers and refrigerators plugged in unless there is a risk of flooding. Let others know where you are going.

EVACUATE WHEN:

If you are directed by local authorities to do so. Be sure to follow their instructions.
If you live in a mobile home or temporary structure - such shelters are particularly hazardous during hurricanes no matter how well fastened to the
If you live in a high-rise building - hurricane winds are stronger at higher elevations.
If you live on the coast, on a floodplain, near a river, or on an inland waterway.
If you feel you are in danger.

**IF YOU ARE UNABLE TO EVACUATE:**
If you are unable to evacuate, go to your safe room.
If you do not have safe room, stay indoors during the hurricane and away from windows and glass doors.
Close all interior doors—secure and brace external doors.
Keep curtains and blinds closed. Do not be fooled if there is a lull; it could be the eye of the storm - winds will pick up again.
Take refuge in a small interior room, closet, or hallway on the lowest level.
Lie on the floor under a table or another sturdy object.

**What To Do After A Hurricane**
If you have been fortunate enough to survive a major hurricane striking in your area, you still won’t be out of the clear yet. The days after a hurricane can be the most difficult to survive due to all the dangers that lurk. Find out what you need to be aware of.

**Recovering After A Hurricane**
Recovering from a disaster is usually a gradual process. Safety is a primary issue, as are mental and physical well-being. If assistance is available, knowing how to access it makes the process faster and less stressful. This section offers some general advice on steps to take after disaster strikes in order to begin getting your home, your community, and your life back to normal.

**HEALTH AND SAFETY ISSUES**
Your first concern after a disaster is your family’s health and safety. You need to consider possible safety issues and monitor family health and well-being.
Check for injuries. Do not attempt to move seriously injured persons unless they are in immediate danger of death or further injury. If you must move an unconscious person, first stabilize the neck and back, then call for help immediately. If the victim is not breathing, carefully position the victim for artificial respiration, clear the airway, and commence mouth-to-mouth resuscitation. Maintain body temperature with blankets. Be sure the victim does not become overheated. Never try to feed liquids to an unconscious person.

**HEALTH ISSUES**

Be aware of exhaustion. Don’t try to do too much at once. Set priorities and pace yourself. Get enough rest. Drink plenty of clean water. Eat well. Wear sturdy work boots and gloves. Wash your hands thoroughly with antibacterial soap and clean water often when working in debris. Buy our Hygiene Kit, which helps you keep clean when fresh water may not be available.

**SAFETY ISSUES**

Be aware of new safety issues created by the disaster. Watch for washed out roads, contaminated buildings, contaminated water, gas leaks, broken glass, damaged electrical wiring, and slippery floors. Inform local authorities about health and safety issues, including chemical spills, downed power lines, washed out roads, smoldering insulation, and dead animals.

**Returning Home After A Hurricane**

Returning home after a hurricane can be both physically and mentally challenging. Above all, use caution. Check for injuries. Do not attempt to move seriously injured persons unless they are in immediate danger of death or further injury. If you must move an unconscious person, first stabilize the neck and back, then call for help immediately. Stay informed with our solar powered and hand-crank generator radio and flashlight to listen for emergency updates and to inspect your damaged home.

**BEFORE YOU ENTER YOUR HOME:** Assess the damage by carefully walking around the outside and check for loose power lines, gas leaks, and structural
by a qualified building inspector or structural engineer before entering.

**DO NOT ENTER IF:** You smell gas, floodwaters remain around the building, and/or your home was damaged by fire and the authorities have not declared it safe.

**GOING INSIDE YOUR HOME:** When you go inside your home, there are certain things you should and should not do. Enter the home carefully and check for damage. Be aware of loose boards and slippery floors. The following items are other things to check inside your home:

- **Natural gas** - If you smell gas or hear a hissing or blowing sound, open a window and leave immediately. Turn off the main gas valve from the outside, if you can. If possible call the gas company from a neighbor’s residence.
- **Sparks, broken or frayed wires** - Check the electrical system unless you are wet, standing in water, or unsure of your safety. If possible, turn off the electricity at the main fuse box or circuit breaker. If the situation is unsafe, leave the building and call for help. Do not turn on the lights until you are sure they’re safe to use. You may want to have an electrician inspect your wiring.
- **Roof, foundation, and chimney cracks** - If it looks like the building may collapse, leave immediately.
- **Appliances** - If appliances are wet, turn off the electricity at the main fuse box or circuit breaker. Then, unplug appliances and let them dry out. Have appliances checked by a professional before using them again.
- **Water and sewage systems** - If pipes are damaged, turn off the main water valve. Check with local authorities before using any water; the water could be contaminated. Pump out wells and have the water tested by authorities before drinking. Do not flush toilets until you know that sewage lines are intact.
- **Food and other supplies** - Throw out all food and other supplies that you suspect may have become contaminated or come in to contact with floodwater.
(about one third of the water per day) to avoid damage. The walls may collapse and the floor may buckle if the basement is pumped out while the surrounding ground is still waterlogged.

- Open cabinets - Be alert for objects that may fall.
- Clean up household chemical spills - Disinfect items that may have been contaminated by raw sewage, bacteria, or chemicals. Also clean salvageable items.
- Call your insurance agent - Take pictures of damages. Keep good records of repair and cleaning costs.

Seeking Assistance After A Hurricane

SEEKING DISASTER ASSISTANCE: Throughout the recovery period, it is important to monitor local radio or television reports and other media sources for information about where to get emergency housing, food, first aid, clothing, and financial assistance. The following section provides general information about the kinds of assistance that may be available.

DIRECT ASSISTANCE: Direct assistance to individuals and families may come from any number of organizations, including: the American Red Cross, the Salvation Army, and other volunteer organizations. These organizations provide food, shelter, supplies and assist in clean-up efforts.

THE FEDERAL ROLE: In the most severe disasters, the federal government is also called in to help individuals and families with temporary housing, counseling (for post-disaster trauma), low-interest loans and grants, and other assistance. The federal government also has programs that help small businesses and farmers.

Most federal assistance becomes available when the President of the United States declares a “Major Disaster” for the affected area at the request of a state governor. FEMA will provide information through the media and community outreach about federal assistance and how to apply.

Coping After A Hurricane
is normal to feel anxious about your own safety and that of your family and close friends. Profound sadness, grief, and anger are normal reactions to an abnormal event. Acknowledging your feelings helps you recover. Focusing on your strengths and abilities helps you heal. Accepting help from community programs and resources is healthy. Everyone has different needs and different ways of coping. It is common to want to strike back at people who have caused great pain. Children and older adults are of special concern in the aftermath of disasters. Even individuals who experience a disaster “second hand” through exposure to extensive media coverage can be affected.

- Contact local faith-based organizations, voluntary agencies, or professional counselors for counseling. Additionally, FEMA and state and local governments of the affected area may provide crisis counseling assistance.
- Minimize this emotional and traumatic experience by being prepared, not scared and therefore you and your family will stay in control and survive a major hurricane.

**SIGNS OF HURRICANE RELATED STRESS:**

- Difficulty communicating thoughts.
- Difficulty sleeping.
- Difficulty maintaining balance in their lives.
- Low threshold of frustration.
- Increased use of drugs/alcohol.
- Limited attention span.
- Poor work performance.
- Headaches/stomach problems.
- Tunnel vision/muffled hearing.
- Colds or flu-like symptoms.
- Disorientation or confusion.
• Reluctance to leave home.
• Depression, sadness.
• Feelings of hopelessness.
• Mood-swings and easy bouts of crying.
• Overwhelming guilt and self-doubt.
• Fear of crowds, strangers, or being alone.

EASING HURRICANE RELATED STRESS:

Helping Children Cope After A Hurricane
Children’s reactions are influenced by the behavior, thoughts, and feelings of adults. Adults should encourage children and adolescents to share their thoughts and feelings about the incident. Clarify misunderstandings about risk and danger by listening to children’s concerns and answering questions. Maintain a sense of calm by validating children’s concerns and perceptions and with discussion of concrete plans for safety.

Listen to what the child is saying. If a young child is asking questions about the event, answer them simply without the elaboration needed for an older child or adult. Some children are comforted by knowing more or less information than others; decide what level of information your particular child needs. If a child has difficulty expressing feelings, allow the child to draw a picture or tell a story of what happened. Try to understand what is causing anxieties and fears.

Be aware that following a disaster, children are most afraid that: the event will happen again, someone close to them will be killed or injured, and/or they will be left alone or separated from the family.

REASSURING CHILDREN AFTER A DISASTER:

• Personal contact is reassuring. Hug and touch your children.
• Calmly provide factual information about the recent disaster and current plans for insuring their safety along with recovery plans.
- Spend extra time with your children such as at bedtime.
- Re-establish your daily routine for work, school, play, meals, and rest.
- Involve your children by giving them specific chores to help them feel they are helping to restore family and community life.
- Praise and recognize responsible behavior.
- Understand that your children will have a range of reactions to disasters.
- Encourage your children to help update your family disaster plan.

If you have tried to create a reassuring environment by following the steps above, but your child continues to exhibit stress, if the reactions worsen over time, or if they cause interference with daily behavior at school, at home, or with other relationships, it may be appropriate to talk to a professional. You can get professional help from the child’s primary care physician, a mental health provider specializing in children’s needs, or a member of the clergy.

To The City Officials Of Orlando:

At this unprecedented moment of history when the sin of Sodom is threatening the very life of society, the Biblical account of Sodom and Gomorrah needs to be placed before the people more than ever, that we may see gay orientation as Christ sees it, with horror.

God punished and destroyed Sodom and Gomorrah for the sin of homosexuality, which was to serve as a warning for all generations that He will not tolerate gay activity. The Apostle Paul refers to homosexuals as "men with men working that which is filthy," and goes on to say that "they who do such things, are worthy of death; and not only they that do them, but they also that consent to them that do them." (Romans 1: 27,32)

Hence the gays of Orlando have no one to blame for the June 12 massacre but themselves. Evil will always draw evil, just as it did with the "Kiss the Devil" song that triggered the Jihad shootings that killed 139 people in Paris.

The evil of a sodomite nightclub has likewise empowered Satan in your locale. And whereas the Orlando shooting was executed through the hand of a wicked Muslim, it was permitted by God so that America could learn by it.

The Orlando incident is a wake-up call for America to enact just laws against homosexuality. Civil leaders have a grave responsibility to censure this corruption, lest they be complicit in bringing evils upon their fellow man. If people have to die through these evils, the least we can do is learn by it, so that it doesn't happen again.

This isn't just about the death of fifty people, but the possible death of millions. The internationalist elite has been orchestrating these "freak" shootings to justify the disarmament of Americans and the imposition of U.N. Martial Law. And whereas human plotting and industry are behind these shootings, the sin of homosexuality is what empowered the devil to pull off the Orlando shooting, which no doubt will set the stage for other like shootings.

Already Obama is drooling over the prospect of taking America's guns away in the wake of this recent shooting—something that could happen any day. Should this happen, and America is held at gunpoint with no protection, we might have the gay community in Orlando to thank for this.

The last thing we need right now is to be fueling totalitarian designs. What America needs at this moment is the blessing of God, therefore the best move is to reject homosexuality and to lament for ever having condoned it.

Of course, we are getting tons of requests to produce the "Hero Officers" who breached the club and engaged in the gunfight with the suspect. I know that the OIS is being investigated by FDLE.

In some instances, I would say we should try to produce someone, since that seems and feels like a very positive thing. But there's so many ways it can go sideways of that officer is asked difficult questions (why did you wait 3 hours before going in, etc etc....)

So I have an IDEA: Let's do it ourselves. Let's make a 30-60 second video where WE interview the officer...or just ask a question that he can answer with the messages we want out there, and then upload it to youtube and tell people they are welcome to it.

I don't remember who was shot in the helmet - but it could be him, or any one of our 11 you think would be best. Wanda and I can do this with my cell phone and lav mic, or we cold have someone else do it. But critical that the turnaround is quick. That's why I thought cell phone would work well.

Thoughts?

First, I am heartbroken as an American and a gay business man living in Key West, FL for 16 years. I express my condolences to the LGBTQ community and your city. I have visited Orlando a number of times.

I am also angry.

However, as a competent business person with a great deal of legal knowledge and other experience a number of questions immediately come to mind that can only paint your city government as completely incompetent.

How do you and code enforcement allow a club with a 300 approx capacity or even 30 capacity operate with NO FIRE EXITS. Hello people... There were no emergency exits! If the terrorist had thought of fire bombing the entrance, the death toll could have been worse.

Even the back patio lacked an emergency exit gate and people had to go through holes in the fence. What kind of freaking code enforcement morons do you have working for you? Apparently the weight of people fleeing broke down the fence. That is more evidence your code enforcement staff is totally incompetent.

The police had to get people out of the dressing room by removing an air conditioner in the wall. What the frack does that tell you?

And what the hell were the cops doing? There was a plain clothes officer working the door who exchanged shots with the gunman while the terrorist was re-entering the club with his weapons. So what the hell was this coward cop doing while the killer was shooting 100+ people? He had to reload any number of times, all of which were opportunities to take him out with minimal risk. I also understand the cop was quickly joined by two uniformed officers. 3 cops were afraid to enter the club and confront the gunman? Or was this because it was a gay club and they didn’t want to risk their lives for queers?

20 minutes into the shooting he called 911 to rant. Where the fuck were the cops in your city? 20 freaking minutes of 911 calls from customers (in a downtown club) and the cops didn’t enter afraid of one gunman or were they all eating donuts?

Then it takes them 3 motherfucking hours to breach the building. Like a terrorist wants to negotiate? Total fucking morons. How many people bled to death and how many more were shot during those 3 hours? What about the terror all those patrons were living with because you people didn’t have a clue? Can’t your city afford robots, body armor, etc? You can even buy head to foot clear bulletproof shields? The cops in Europe have to deal with fire bombs and you can’t handle a single shooter except with overwhelming force which takes you 3 hours to decide on and implement.
You and your incompetent city have a great deal to answer for. And you can be sure after the dust settles the club and your city will be sued into the ground, and rightly so.

Great work all around people.

Words cannot express my sincere gratitude for you. In a moment of unimaginable terror caused by a noxious individual, you brought about calmness and a sense of security.

I believe you are here for this moment and I sincerely appreciate you. I will continue to hold you in prayer.

On the darkest day of my 25 years at the Orlando Police Department, I wanted to take a moment to tell all of you how proud I am of the work you have done today and will do over the next days and weeks.

We have trained again and again for this type of situation. It’s unfortunate that we had to put those skills to use today. But because of that training and your professionalism, we saved dozens of lives this morning.

Even before the first patrol units arrived on the scene, an OPD officer working extra duty at the club engaged the gunman as he opened fire. Our First Responders and SWAT Team faced a hail of gunfire as they rescued the hostages, and we are blessed beyond words that none of them were gravely injured or killed.

We’ve received an enormous amount of tactical Law Enforcement support from local, state and Federal agencies. The outpouring we have received from our Central Florida community and Law Enforcement across the nation and the world, has overwhelmed me with gratitude.

I know that you have all been affected today by the tragic actions of a lone terrorist who cut short the lives of so many. Our community, our City, and our Department will be grieving in the days, weeks and months to come.

But on a day like today – and every day – I couldn’t be more proud to be your Chief.
Please hug your families tonight. And be safe out there.

Extra duty officer in full police uniform hired by Pulse responded to gunshots from the club. Officer engaged and fire shots at suspect. Two on duty SWAT officers were quickly on the scene entered the club and exchanged gun fire with the suspect. By making quickly making entry and engaging the suspect they were able to force the suspect to stop shooting and retreat into a bathroom where he barricaded himself and held several people hostage. Officers were able to rescue about 15 to 20 people at that time. SWAT deployed and negotiators were in contact with the suspect who did talk about bombs and that there were vehicles that had bombs. He said he was wearing a vest but would not elaborate. Several calls and texts from people inside who were trapped. We were able to rescue more people by removing an air conditioner unit. He was barricaded in one of the bathrooms with hostages. A group of people were in the opposing bathroom. Made statement that led us to believe he was going to detonate a bomb in 15 minutes. Based on where the bathroom was with the other people who were trapped we set up for an explosive breach. Explosive breach did not defeat the wall, but is was damaged. We used the Bearcat armored vehicle to make a hole in the wall, people were rescued from that bathroom. At some point the suspect came out with two handguns and shot at officers, they returned fire and killed the suspect.

The cult law

Illegal Cults the law

It is very rare for any religious group to be rendered illegal. This is due to the legal protections provided. In essence, however; as with any right, the freedom of religion can be abridged if its exercise would infringe on the rights of others. (see poster)

As a result, several groups have been made into recognized criminal organizations. This is not a common designation, but it has occurred on occasion, typically after a cult group has been involved with a criminal enterprise. These cults have generally been involved with activities like murder, abduction, statutory rape, or other serious crimes. Often, they hold an illegal activity to be a primary focus of their religious teachings, making adherence to the group’s beliefs a virtual guarantee of grossly illegal activity directly harming others.

Unfortunately, most cults are driven by a leader or small group of leaders. These leaders can often change the tenets of the religion on a whim, making it difficult to impossible for law makers to get ahead of potentially dangerous groups or to identify standards by which a cult becomes illegal. Thus, most groups that would be considered illegal have already engaged in criminal conduct.

POLICING & POLICY

Obama Calls Orlando Shooting “Act Of Terror” And “Hate,” Urges Action On Guns.

In a statement delivered hours after Omar Mateen killed at least 50 people at the gay nightclub Pulse, President Obama referred to it as both an “act of terror” and an “act of hate.” The Washington Post (6/12, Eilperin) reports that while authorities are still attempting to identify the shooter’s motivations, Obama said the FBI is investigating the shooting as a terrorist act. Politico (6/12, McCaskill) reports the President “again called on Congress to act on the subject of guns.”

Obama highlighted that the shooter “was apparently armed with a handgun and a powerful assault rifle.”

Other Cities Boost Security After Shootings. The Dallas Morning News (6/12) reports that “Dallas police will boost their presence in entertainment districts, including Oak Lawn, in the wake of the deadly rampage at an Orlando gay nightclub.” Police “are also coordinating with the FBI and other agencies ‘to ensure the safety of our citizens,’ Mayor Mike Rawlings said in a prepared statement Sunday.”

Newsday (NY) (6/12) reports that “New York City went on high alert, and authorities in Nassau and Suffolk counties increased counterterrorism patrols Sunday morning, just hours after” the Orlando shootings.

Man Arrested With Weapons Said He Was Going To LA Pride Event. The Los Angeles Times (6/12, Rubin, Branson-Potts, Shyong) reports Santa Monica Police arrested a suspect with guns and explosive materials at the site of the gay pride parade. Reuters (6/12) reports the police department said James Howell of Indiana was sitting in the car with three assault rifles and high capacity magazines. He also had a five-gallon bucket with chemicals that could be used to make an explosive device.

Counterterrorism Exercise Held At Fenway Park.

The AP (6/11) reports, “People in the vicinity of Fenway Park this weekend shouldn’t be alarmed if they hear explosions and gunfire coming from” the park, which will host a “multi-agency counterterrorism exercise” conducted by DHS, Boston police, and Army’s Armament Research, Development and Engineering Center. The AP adds, “Police, state and federal first responders and Red Sox security personnel will react to simulated scenarios meant to test preparedness and new technologies for large events.”
The *Boston Globe* (6/12, Thadani) notes the simulation “happened to occur the morning after” the Orlando nightclub shooting. The Globe adds, “Boston Police Commissioner William B. Evans said the Orlando shooting was a testament to why simulations such as the one in Fenway Park — an area congested with bars and restaurants — are imperative for the city of Boston.”

**Experts: Supreme Court Likely To Consider California Concealed-Weapons Ban After Ruling.**

The *AP* (6/10, Neumeister) reports a 9th US Circuit Court of Appeals ruling Thursday “upholding California’s restrictions on carrying concealed weapons gives lawyers a fourth chance to try to get the U.S. Supreme Court’s attention on a subject directly affecting eight states and the nation’s capital.” The AP explains the issue is important because the Supreme Court “has never addressed directly whether an individual has the right to bear arms outside the home for the purpose of self-defense.”

**CRIME & DRUGS**

**DEA: Fentanyl Can Be Fatal For Police Officers If They Mishandle Drug.**

The *Washington Times* (6/10, Noble) reported that the Drug Enforcement Agency warned law enforcement last week that the synthetic opioid fentanyl can be so dangerous that officers can die by mishandling the drug. In a video designed to “raise awareness of the danger officers face,” DEA officials explain that accidentally inhaling fentanyl, or even coming in to contact with it, can be fatal.

**WPost Analysis Says Alabama Suffering Widespread Opioid Problem.**

In a more than 3,400-word, front-page analysis, the *Washington Post* (6/11, A1, Hull) examined the opioid problem in small, rural Alabama towns. The Post highlighted how doctors in Alabama “prescribe more opioid painkillers than any other state in the country,” and that the doctors who prescribe such drugs are widely known. “The pills are so enmeshed in the local economy they’re traded for lawn mowers and school clothes.” One study showed how white, working class women tend to be the most affected by the drug problem and that “their death rate has risen more sharply than any other demographic in the US.” Reasons postulated for the problem include the loss of coal-mining jobs, pharmaceutical marketing practices, the greed of doctors and peoples’ “anxiety over a loss of security.”

**Options To Safely Dispose Of Drugs Expanding Around Nation.**

The *Atlanta Journal-Constitution* (6/11) reports the ability to safely and responsibly dispose unwanted medications at drug disposal sites is getting easier as more locations nationwide are being created. The Journal-Constitution cites several California counties that “have adopted ordinances to operate drug collection programs funded by drug makers.” If a drug disposal site is not available, it is suggested that an individual “try checking with your garbage hauler, local household hazardous waste program, pharmacy or hospital, or local law-enforcement agency.” The Journal-Constitution posts DEA’s website listing drug disposal sites at [www.deadiversion.usdoj.gov/drug_disposal/](http://www.deadiversion.usdoj.gov/drug_disposal/).

**TECHNOLOGY**

**Police To Use Mobile Video Units For GOP Convention In Cleveland.**
USA Today (6/10, Johnson) reports police plan to use mobile videographer units at the Republican National Convention in Cleveland “to capture encounters involving officers and the public, including thousands of protesters who are expected to descend on the city.” USA Today interviews Deputy Chief Wayne Drummond who says the purchased riot gear “will not accommodate recording equipment,” so he “said the mobile video units would fill the ‘unforeseen’ gap in video surveillance created in part by the uniform glitch.”

**Oklahoma Police Use Scanners To Seize Drug Traffickers Money During Traffic Stops.**

The AP (6/10, Juozapavicius) reports police in Oklahoma are using a new scanner “during traffic stops to seize money that’s been loaded onto prepaid debit cards by alleged drug traffickers.” The technology’s supporters “say it’s necessary to arm law enforcement with the latest technology to combat those who are accustomed to using sophisticated equipment to establish supply lines and construct smuggling tunnels that snake under borders.” The AP says the scanner’s technology “enables police to determine the value on prepaid cards and immediately secure or freeze the funds.”

**ALSO IN THE NEWS**

**NYPD Academy Program Enrolls 327 Cadets.**

Newsday (NY) (6/10, Alvarez) reports 327 cadets, “the largest number of college-ready cadets in recent years,” entered the NYPD College Academy Program on Friday “that offers tuition and other incentives in exchange for a commitment they’ll enter the police academy after earning a four-year degree.” First Deputy Commissioner Benjamin Tucker said the program is “critical to our recruitment effort,” and “also said the cadets are a reflection of New York City, representing 37 countries and speaking 39 languages.”

Of course, we are getting tons of requests to produce the "Hero Officers" who breached the club and engaged in the gunfight with the suspect. I know that the OIS is being investigated by FDLE.

In some instances, I would say we should try to produce someone, since that seems and feels like a very positive thing. But there's so many ways it can go sideways of that officer is asked difficult questions (why did you wait 3 hours before going in, etc etc....)

So I have an IDEA: Let's do it ourselves. Let's make a 30-60 second video where WE interview the officer...or just ask a question that he can answer with the messages we want out there, and then upload it to youtube and tell people they are welcome to it.

I don't remember who was shot in the helmet - but it could be him, or any one of our 11 you think would be best. Wanda and I can do this with my cell phone and lav mic, or we cold have someone else do it. But critical that the turnaround is quick. That's why I thought cell phone would work well.

Thoughts?

Chief Mina,

I cannot express my deepest gratitude for all members of our agency and the community. I am grateful all of our officers are safe. I have received an abundance of emails, texts, and phone calls from law enforcement officials and the LGBT community from all over the world in support of OPD and the Orlando LGBT community.

When I first arrived on scene, responding as an Orlando Police officer and as my role as deputy commander on CNT, in that early morning, I walked by several of the persons who made it safely out of the club, I walked over to them and was immediately embraced by so many who have known me for years. They cried on my shoulder and thanked me for being there. Last night when attending vigils at the Joy Metropolitan Community Church, and Lake Eola, as well as visiting other LGBT locations in the late evening, as the LGBT liaison, I was embraced, and the endless comments of gratitude for OPD poured in.

Chief, your support, and the Mayor’s support of the LGBT community is recognized and the community in return thanks you.

As always, if there is anything I can do, please let me know.

Sincerely,

Jim

Subject: FW: Do not employ Imams who are involved in funding and supporting terrorism to spew their propaganda and whitewash Islamism

To Mayor Buddy Dyer:

I observe on CNN that the Orlando police force and government employs an Islamic Imam (Imam Muhammad Musri of the Islamic Society of Central Florida) to give his biased assessment of terrorism in Orlando alongside police authorities to provide the propaganda component and to get ahead of the news. Why not a priest or rabbi?? Why is a terror-supporting Imam who helps fund Hamas part of any public presentation to calm the nerves of Americans?

Why do the police allow one religion above all others to present what should be ONLY a law enforcement announcement/information? Perhaps that was a preemptive attempt to make sure the “religion of peace” is not held responsible for 50 + more murders in the world where millions have been killed in Islam’s name over the past 5 years.

It begs the question how an Imam is allowed so much access and power with law enforcement agencies and why he would be allowed to whitewash Islam before the facts are established. And the facts point to Islam’s militant branch – ISIS. Whatever you call it, whether it is ISIS, Hamas, Hezbollah, Al Qaeda, it all refers back to Islam for its guide and inspiration.

Do not let CAIR or any Islamic apologists for terrorism or any Imam directly involved in funding the kind of violence, anti-Americanism, anti-Semitism, misogynist, anti-gay Islamism that aims to kill all non-Muslims, make us into dhimmis and aims to replace democracy with jihad, sharia and slavery.

Yesterday was the most horrific day in the history of the City of Orlando. And yet, I stand here today even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department as well as other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. And the medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City employees have responded to this tragedy. Thank you to our police officers and firefighters and the many other employees are assisting to lend support. The dedication of our employees has helped lead our City through this weekend’s events.

Today, starting at 9 a.m., an Employee Assistance Plan (EAP) counselor will be available on the seventh floor of City Hall. Employees may also call 1.800.272.7252 to speak to a counselor. I encourage employees to take advantage of this service.

I want to complement the medical examiner and FDLE for the work they did all night long, making identifications of victims and notifying next of kin. Forty-eight of the 49 victims have been identified. Twenty-six next of kin have been notified, with more to come.

The number to call for families is 407.246.4357. As the next of kin are being notified, we are putting the names on cityoforlando.net/victims.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.
Good morning,
I had some follow ups about this morning’s press conference.
Chief mentioned something about a “timeline given” that forced police’s hand in going in the building with a battering ram.
What was that timeline?
Did the shooter say he was going to kill hostages at X time? What did he say?
When will you be releasing officers names involved in the shooting?
Who was the off duty officer at the club and who was the officer who was hit?

What are the chances of talking with a first responder or SWAT team member? What about the SWAT commander?
I want to do an insider’s account of what happened. I think this would be a good opportunity to show some of the heroic actions of the officers.
I know you are inundated with requests, but I hope you can help me out because you know we’ve been here before and will be here long after all the national outlets leave.
Thank you guys for all you do.
I know it’s been awful for you all.

Hang in there,
Dave

Hello Chief,

I am out on medical leave because I had surgery, but I will be at the communication center tomorrow as part of the CISM Team. Nothing is going to keep me from being there for my Blue Family.

You and the entire Chief's Staff are in my thoughts and prayers.

Subject: Amendment 2 = Legalized Pot

FLORIDA SMART JUSTICE UPDATE

June 13, 2016

Thanks again to all of our Sponsors & Exhibitors!

VoteNo2: Almost 2000 Pot Shops in Florida

According to an estimate by the Florida Department of Health, Florida will have nearly 2,000 pot shops across the state if Amendment 2 passes.

Smart Justice supports the campaign to defeat Constitutional Amendment 2 along with VoteNo2.org the same group that led the fight to defeat A2 two years ago.

A2 = Legalized Pot

Why is Amendment 2 bad for Florida?

Because this isn't about medical marijuana, it's about legalizing marijuana.
Amendment 2 is filled with loopholes and the most significant one is that it will be abused by those who will say that they qualify because of a serious medical condition.

Only 3% have Chronic Illness in CA

But in California which defines their law broadly like Florida does, only 3 percent of pot users have a chronic condition like cancer or HIV/AIDS according to a study by the National Institute of Health: An Analysis of Applicants Presenting to a Medical Marijuana Specialty Practice in California.

Average CA User is 32 year-old White Male Drug User

To make matters worse, the average pot user in California is a 32 year-old white male who has a history of drug or alcohol abuse!

This doesn't sound like the end-of-life instances that the pot proponents want you to think will benefit from this law.

More FL Pot Shops than Starbucks + McDonald's + 7-Eleven's Combined

So Florida could end up with nearly 2,000 pot shops, more than all of the Starbucks, 7-Elevens and McDonald's combined!

That means that pot shops will inevitably become ubiquitous in every corner of the state.

Many counties and cities won't want to have any pot shops in their boundaries, yet they will be sued by authors of the amendment to insure that pot is "available" to anyone that needs it.
CA - "Pot Dealers with Store Fronts"

In addition, the co-author of California's medical pot law - Rev. Scott Imler - says that "It's turned into a joke," according to a story in the San Gabriel Valley Tribune, and that the medical pot shops are nothing more than "pot dealers with store fronts."

Proponents says that the amendment is needed because the legislature hasn't addressed the issue, but in truth, the legislature has done it's job and the law is currently being implemented.

FL Legislature passed law so no Amendment needed

Of course that takes time because a regulatory scheme had to be created and there were the inevitable rule challenges that must ensue.

But the designated licensed growers are now growing medical marijuana and it will be available to appropriate patients in short order.

The legislature has addressed the issue.

Don't put medical pot in our Constitution along with Pig's, it just doesn't belong there.  

For more information about why A2 is bad for Florida, go to www.VoteNo2.org.

Cyber-Bullied Tampa Teen Commits Suicide

Just a week ago a Tampa teenager was sent to her room to clean it by her mother and the young girl instead went into the bathroom and committed suicide.
Video goes viral

This very unfortunate event happened because a nude video of her bathing had gone viral.

Once it was posted on-line for everyone to see, other people started taking screenshots and sharing them and then the taunts and bullying began with insulting comments about her body.

Cyber-Bullying near impossible to stop

Dr. Walter Afield, a psychiatrist, says that cyber-bullying is beyond the old school name calling and put downs, "When they bully, well you can yell, you can shout, you can shoot back but when it comes to the internet so quickly and so instantly all around. It gets very aggressive."

To make matters worse cyber bullying has no telltale signs and its hard to provide parents with a list of what to look for.

Over the last few years the Florida legislature has addressed this issue by criminalizing this type of behavior which, in the past, had led other youths to commit suicide because of the incessant cyber-bullying.

Drug-Addicted Florida Babies increase by 600%

Florida babies born addicted to drugs is a growing epidemic that needs to be addressed.

1,400 drug-addicted babies in 2014

In 2005 there were a total of 200 drug-addicted babies born in the state, and in 2014 there were 1,400, a shocking increase of 600% in just nine
The impact to the babies health is traumatic as they must undergo NAS - Neonatal Abstinence Syndrome - which can last more than a month while the baby is still in the neonatal intensive care unit, where the cost can exceed $250,000 per baby.

**Drug-addicted babies will have a lifetime of serious problems**

In the NICU the baby will go through withdrawals and the baby will be inconsolable, they experience seizures, diarrhea and vomiting at a level that is difficult for anyone to see, and some newborns do not survive.

The long term consequences are also staggering with on-going, life-threatening seizures that will require constant medical attention.

**Drug-addicted babies often go home with drug-addicted parent**

In many cases, the baby will go home with the parent that got them addicted, and many hospitals are researching new treatments that the mother could undergo while pregnant that could substantially decrease the length of time that the baby undergoes NAS.

Johns Hopkins, according to 10 News WTSP, a Tampa Bay-based news station, has just opened an All Children's Hospital Abstinence Outpatient Clinic in Sarasota to explore new ways to help drug-addicted babies.

I want to commend you and the officers who engaged the shooter at Pulse. Their dedication and sacrifice shows me that they believe in your leadership and you should be commended for that. It’s not often that someone of your position is that well respected due to the demands of political leaders. As a 27 year retired city supervisor, it’s refreshing to see someone willing to make the tough calls with the backing of the men and women who serve under him who know their boss won’t sell them short for the whim of a politician. Hello Chief Mina,
It was great seeing you again at the Memorial Day Ceremony. I met you about 2 years ago when you were introduced at Mayor Dyers Veteran’s Advisory Council meeting which I'm a member of. I have tickets to the rest of the Orlando Predator Arena Football team home games. I have free tickets for all Veterans, Police, Firefighters, EMS and their families. Disregard price on Flyer if we can't get donations I still don't want to deprive our Public Servant families the opportunity of a free family night out. I request that you circulate the attached Flyer throughout your network. God Bless and Stay Safe

Dear Sir ,

We are a family of 4 from Mumbai (India) visiting Orlando from 14th to 21st June 2016. This will be our 1st visit to the USA.

We will be taking our United Airlines flight from Mumbai to Orlando in approx.14 hours from now.

We just read about the news of the shootout in Orlando and are certainly sad and worried.

We request you to please guide us :

1. Whether we can must come to Orlando or cancel this plan ?
2. Is it safe for my family to come there ?
3. Would the Disney & Universal parks be fully operational ?
4. Would there be any sort of emergency declared and tension in Orlando ?
5. Would we be able to see the city safely ?

Please revert as soon as possible so we can make plans accordingly.

Warm regards ,

Why is that Imam allowed the same stage with your top brass to cover up the fact that Islam is at the root of jihad, hate, sharia and all that is plaguing the world today with respect to Islamic terrorism? Thanks, Gary

Mr. Gerofsky,

Thank you for reaching out to the Orlando Police Department with your concern. The Orlando Police Department does not employ any religious leaders. However, we foster a very strong relationship with the majority of the community faith based leaders in Orlando and we value their judgment.

If you have any further questions or concerns, please do not hesitate to contact me at 407-246-2401.

I observe on CNN that the Orlando police force and government employs an Islamic Imam (Imam Muhammad Musri of the Islamic Society of Central Florida) to give his biased assessment of terrorism in Orlando alongside police authorities to provide the propaganda component and to get ahead of the news. Why not a priest or rabbi?? Why is a terror-supporting Imam who helps fund Hamas part of any public presentation to calm the nerves of Americans?

Why do the police allow one religion above all others to present what should be ONLY a law enforcement announcement/information? Perhaps that was a preemptive attempt to make sure the “religion of peace” is not held responsible for 50 + more murders in the world where millions have been killed in Islam’s name over the past 5 years.

It begs the question how an Imam is allowed so much access and power with law enforcement agencies and why he would be allowed to whitewash Islam before the facts are established. And the facts point to Islam’s militant branch – ISIS. Whatever you call it, whether it is ISIS, Hamas, Hezbollah, Al Qaeda, it all refers back to Islam for its guide and inspiration.

Do not let CAIR or any Islamic apologists for terrorism or any Imam directly involved in funding the kind of violence, anti-Americanism, anti-Semitism, misogynist, anti-gay Islamism that aims to kill all non-Muslims, make us into dhimmis and aims to replace democracy with jihad, sharia and slavery.

Chief,
I know you’ve got far more than a full plate now. There is a status conference in the Terry case at 0900 Wednesday (June 15) in Courtroom 7-A. If it’s possible, it would be good to have someone from command staff at the hearing -- it should not take long.
Thanks.

Hello Chief John Mina:

My name is Sandra Remilien. I am writing to inform you that Jeaccinette Philogene, a Haitian witch living in Lauderdale Lakes, Florida has been doing witchcraft to monitor me and she is doing witchcraft on you and to control you. Jeaccinette is doing witchcraft on the Orlando Police Department.

Jeaccinette is doing witchcraft to put me in drama, to make me go to jail and get Baker Acted for emailing you. Jeaccinette is doing witchcraft to erase my prayers. Jeaccinette is doing witchcraft to erase the prayers I prayed for you.

Jeaccinette is doing witchcraft to make my emails fail, delete my emails and make you block my email address.

Jeaccinette did witchcraft on my cell phone so I can't make and receive phone calls and text messages so people can't call me for jobs and because she heard she would not have a phone.

Jeaccinette is doing witchcraft to make me crazy.

Jeaccinette did witchcraft to make Junior Charles, his girlfriend Raquel, Mirlande Augustin, Linda Osmann, Guylene Presendieu, Luna Remilien, Shatavia Moffett, Christy go to Orlando. Jeaccinette is doing witchcraft to make Guylene Presendieu, Luna Remilien, Luna Remilien’s boyfriend Jean, Jean’s mother Yvette, Luna Remilien’s daughter Chelsea, Kerline Senat, Kerline Senat’s sisters, Shatavia Moffett, Huette Presendieu, Sony Remilien, Rony Remilien, Samora Merritt, Rony Remilien’s daughter Kaliah Remilien, Malika Noel, Deny Remilien, Deny Remilien’s daughter Destiny Remilien and her kids: Stephanie Philogene, Wilner Philogene, Allen Philogene, Jodany Philogene, Ronel Philogene and Melissa go to Orlando, Sea World, Aquatica, Blizzard Beach, Discovery Cove and Walt Disney World.

Guylene Presendieu, Shatavia Moffett and Nelly went to the University of Central Florida.

Guylene Presendieu lied to her professor at the University of Central Florida and emailed her and told her that her grandmother and god sister died and she did not feel like living anymore because she did not want to go to class. Guylene Presendieu did not have any living grandmothers and did not have and know her god sisters. The professor sent two police officers to my father’s house and Guylene Presendieu told them that she never felt like killing herself before and she made them go away so my father would not hear. I told Guylene Presendieu she was going to get Baker Acted and Guylene Presendieu later said she could Baker Act Ashley St. Jean.

Jeaccinette did witchcraft to make Omar Mir Seddique Mateen shoot and kill 50 people at Pulse Orlando Nightclub Sunday, shoot 50 people and shoot police with an assault rifle (AR-15) so she could do witchcraft to make Orlando be on the news so she could do witchcraft to make Guylene Presendieu, Luna Remilien and Kerline Senat know about Orlando and go to Orlando.

Jeaccinette did witchcraft to make Omar Mir Seddique Mateen call 911 and pledge allegiance to Islamic State of Iraq, Abu Bakr al-Baghdadi and the Levant.

Jeaccinette is nothing to me. She is doing witchcraft to be something to me and to make you and other people say that she is something to me because she saw my revelation that she is nothing to me and because she is stupid. Jeaccinette is delusional and seeing things.
Jeaccinette is doing witchcraft on my middle finger, hands and arms and to make me lose my middle finger, hands and arms so I can’t write and type and so I can’t get engaged. Jeaccinette is doing witchcraft so I can’t type fast. Jeaccinette is doing witchcraft to make me have frost bite.

Jeaccinette is doing witchcraft to steal things from me to give to Guylene Presendieu, Luna Remilien, Malikah Noel, Shatavia Moffett, Samora Merritt, Yolette Andre, Kerline Senat and other people. She said that she will not stop stealing things from me. Jeaccinette is doing witchcraft to make people think and say Guylene Presendieu know things that she is stealing from me to give to her.

She is doing witchcraft to try to make Malikah Noel like me. Jeaccinette is doing witchcraft to make Yolette Andre buy what I want for Guylene Presendieu. She is doing witchcraft to Yolette Andre is not scared of me because she heard Yolette Andre said she is scared of me. Yolette Andre’s father did witchcraft on me because he is jealous of me and is dissatisfied with her and her siblings.

Jeaccinette is doing witchcraft on my work at home job and is doing witchcraft so people do not hire me. She did witchcraft to make me poor so she could do witchcraft to make Guylene Presendieu and Luna Remilien live my life and do what I did and want to do. She did witchcraft to know what I want to do and my plans so she could do witchcraft to make Guylene Presendieu, Luna Remilien and other people do them.

Jeaccinette is doing witchcraft to make Guylene Presendieu do what I want to do before I do them because she heard my revelation 'Sandra first.” Jeaccinette did witchcraft to tie me down for Hugette Presendieu, Sony Remilien, Guylene Presendieu and other people.

Jeaccinette and Guylene Presendieu think it’s funny that Jeaccinette is doing witchcraft to make her [Guylene Presendieu] and other people do what I want to do. Jeaccinette did and is doing witchcraft to make Guylene Presendieu and other people follow me where I go and is doing witchcraft to make people say that I followed Guylene Presendieu, Luna Remilien and other people. Jeaccinette did witchcraft to know my plans so she could do witchcraft to make Guylene Presendieu do them. I said I want to travel and Jeaccinette is doing witchcraft to make Guylene Presendieu travel. Jeaccinette is doing witchcraft so I don’t want to travel. Guylene Presendieu did witchcraft so I don’t travel.

Jeaccinette has been doing witchcraft to control Guylene Presendieu and she is doing witchcraft to control you and other people because she is doing witchcraft to control Guylene Presendieu. Guylene Presendieu knowingly lets Jeaccinette control her. Jeaccinette has been doing witchcraft to try to control me like she is doing witchcraft to control Guylene Presendieu because she saw my revelation that she cannot do witchcraft to control me like she is doing witchcraft to control Guylene Presendieu. Jeaccinette is doing witchcraft on my hands so she can do witchcraft to try to control me. Jeaccinette is doing witchcraft on me because she cannot do witchcraft to control me like she is doing witchcraft to control Guylene Presendieu. Jeaccinette has been doing witchcraft to steal company names from me so she can do witchcraft to make them hire Guylene Presendieu. Guylene Presendieu lied and said she lost her job because of me. Guylene Presendieu did witchcraft on me so I never have another job. Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien sue me and shoot me. Jeaccinette is doing witchcraft to make people think and say Guylene Presendieu know things that she is stealing from me to give to her.

Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien dress like me. Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien have the same personality as me so the clothes she do witchcraft to make them buy look good on them. Jeaccinette is doing witchcraft to steal things from me so she can do witchcraft to make Guylene Presendieu and Luna Remilien know how to dress. Jeaccinette did witchcraft on my grey skinny jeans and did witchcraft to make Guylene Presendieu buy grey skinny jeans because I have grey skinny jeans. Jeaccinette did witchcraft to make Guylene Presendieu buy a
floppy hat because I have one. Jeaccinette did witchcraft on my summer dresses and did witchcraft to take my summer dresses because she heard my summer dresses look better than Guylene Presendieu’s and Hugette Presendieu’s. Jeaccinette is doing witchcraft to make Guylene Presendieu buy summer dresses.

Jeaccinette and Guylene Presendieu bleached my clothes that were in locked suitcases and did witchcraft so my prayers are not answered and to erase them because Jeaccinette heard my revelation that I will not erase my prayers for Guylene Presendieu and they and Luna Remilien are jealous of me. Jeaccinette did witchcraft to make Ritane Presendieu tell Luna Remilien to pray before she goes to sleep because Jeaccinette saw that I prayed before I go to sleep because she is doing witchcraft to monitor me. **Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien have thick legs like me and the same body type as me. I am the only one with thick legs and calves. Jeaccinette is doing witchcraft so I don’t have thick legs and calves so she can do witchcraft to make Guylene Presendieu have them.** Jeaccinette cut my Dayspring Whatever is Lovely journal and my Nicole Miller purses because Guylene Presendieu and Luna Remilien are jealous of me. Jeaccinette did did witchcraft to make Guylene Presendieu and Luna Remilien buy the Nicole Miller purses I bought. Jeaccinette did witchcraft to make Guylene Presendieu watch an Intro to Psychology video and buy psychology books because I majored in psychology and they are jealous of me because I majored in psychology and she is doing witchcraft so everyone do not say that they are jealous of me. Jeaccinette knows I majored in psychology because I put it on my resume and she is doing witchcraft to monitor me.

**Guylene Presendieu is a habitual liar. Jeaccinette said Guylene Presendieu should keep sinning and shouldn’t pay for her sins. Jeaccinette did witchcraft so Guylene Presendieu and Luna Remilien don’t pay for doing witchcraft on me.**

**Guylene Presendieu said white people have wrinkles because they do drugs. She is lying and telling people that I said that white people have wrinkles because they do drugs so everyone can hate me.**

Jeaccinette and Luna Remilien did witchcraft on me so I never have money. Jeaccinette has been doing witchcraft to make Luna Remilien have car accidents so Luna Remilien does not pay for doing witchcraft on me. Jeaccinette did witchcraft to make Luna Remilien get pregnant so Luna Remilien can put her boyfriend Jean on child support. Jeaccinette did witchcraft to make Luna Remilien name her baby Chelsea because she is jealous of me because I majored in psychology like Bill Clinton’s daughter. Luna Remilien did witchcraft on her boyfriend and Jeaccinette did witchcraft on Luna’s boyfriend’s mother Yvette and is doing witchcraft to make Luna’s boyfriend and his mother do what I did and want to do. Jeaccinette did witchcraft to make Yvette go on a cruise.

**Jeaccinette is doing witchcraft to kill people.**

Jeaccinette has been doing witchcraft on Linkedin. She did witchcraft to make Linkedin suspend and terminate my Linkedin account so she could do witchcraft to make Luna Remilien, Kerline Senat, Deny Remilien, David Remilien, Nadia Florvil, Denise Dixon, Herce Remilien and other people get Linkedin accounts.

Jeaccinette did witchcraft to make Sony Remilien get a Linkedin account so he could lie for Guylene Presendieu because he lied for Guylene Presendieu.
Jeaccinette did witchcraft to make Kerline Senat get a Linkedin account because I blocked her on Facebook. Jeaccinette did witchcraft to hook Deny Remilien up with Kerline Senat.

Jeaccinette did witchcraft so Linkedin don't terminate Sony Remilien's account, Luna Remilien's account, Kerline Senat's account, Kerline Senat's sisters' account, Deny Remilien's account, David Remilien's account, Herce Remiliein's account, Nadia Florvil's account. Jeaccinette is doing witchcraft to make Sony Remilien, Luna Remilien, Kerline Senat, Kerline Senat's sisters, Deny Remilien, Nadia Florvil connect with you, Orlando Mayor Buddy Dyer and Orange County Sheriff Jerry L. Demings on Linkedin.

Jeaccinette is doing witchcraft on me because she is jealous of me. She is doing witchcraft so people do not say that Guylene Presendieu and Luna Remilien are jealous of me because they are.

Jeaccinette is doing witchcraft to put me in drama and to make me have trouble with the law because she heard my revelation that Guylene Presendieu would bring drama to my father’s house and would have three charges. Jeaccinette is doing witchcraft to make detectives, police officers and other people come to my father’s house and other people’s house because she heard Guylene Presendieu would bring drama to my father’s house. Jeaccinette is doing witchcraft to put me in drama when she can’t control me like she is doing witchcraft to control Guylene Presendieu and when she sees I’m going out because she did witchcraft so I don’t go out. Jeaccinette is doing witchcraft on police departments and detectives so she can do witchcraft to put me in drama. Guylene Presendieu lied to her professor at the University of Central Florida and emailed her and told her that her grandmother and god sister died and she did not feel like living anymore because she did not want to go to class. Guylene Presendieu did not have any living grandmothers and did not have and know her god sisters. The professor sent two police officers to my father’s house and Guylene Presendieu told them that she never felt like killing herself before and she made them go away so my father would not hear. I told Guylene Presendieu she was going to get Baker Acted and Guylene Presendieu later said she could Baker Act Ashley St. Jean.

Jeaccinette did witchcraft to make me get Baker Act and is doing witchcraft to make me go to jail. She is doing witchcraft so you and other people tell me not to email them about her witchcraft. She is doing witchcraft to make detectives, police officers and other people come to my father’s house and other people’s house.

Jeaccinette did witchcraft to hook Guylene Presendieu up with a Puerto Rican guy named Ivan because I worked with a guy named Ivan and Jeaccinette wanted to do witchcraft to hook Guylene Presendieu up with him. The Ivan that Jeaccinette did witchcraft to hook Guylene Presendieu up with does not like Guylene Presendieu. Guylene Presendieu heard Nerlange talking to Ivan while she was talking to Nerlange. Nerlange went to the University of Central Florida with Guylene Presendieu. Guylene Presendieu said, “Nelly, how you know Ivan?” Nerlange made Guylene Presendieu talk to Ivan.

Guylene Presendieu asked Ivan, “Ivan, you remember me?”

Malikah Noel asked Guylene Presendieu, “What happened to that guy (Ivan)? Guylene Presendieu stayed quiet. Guylene Presendieu didn’t tell Malikah Noel that Ivan didn’t like her. Jeaccinette did witchcraft to make Ivan call Guylene Presendieu's phone so she could do witchcraft to make people say Ivan like Guylene Presendieu. I don’t talk to Malikah Noel. Jeaccinette is doing witchcraft to make Malikah Noel ask me what happened to that guy because she asked Guylene Presendieu what happened to Ivan.
Because Ivan does not like Guylene Presendieu, Jeaccinette did witchcraft to know my male friends and acquaintances and the guys who like me so she could do witchcraft to make Guylene Presendieu have sex with them and get married to them. Because Ivan does not like Guylene Presendieu, Jeaccinette did witchcraft to make her have sex with and get married to the physician assistant who helped me at Aventura Hospital in 2009.

Jeaccinette did witchcraft to make Aventura Hospital hire Berline Andre so she can do witchcraft to make Berline Andre hook Guylene Presendieu up with the physician assistant who helped me. Jeaccinette did witchcraft to make her mother have pneumonia and get hospitalized at Aventura Hospital. Jeaccinette did witchcraft to make Ramos, the man in human resources at Aventura Hospital leave Aventura Hospital and go work somewhere else so Berline Andre don't have shame because Jeaccinette did witchcraft to make Aventura Hospital hire her. Jeaccinette did witchcraft on two detectives and did witchcraft to make them come to my father's house on December 17, 2014 and say I sent a text message to Aventura Hospital that someone is doing witchcraft on me. She did witchcraft to make them say they have David Remilien's name in their file because she did witchcraft to make David Remilien tell me hi because she did witchcraft to make him friends with Guylene Presendieu and I did not tell David Remilien hi. David Remilien told me that he would never be friends with Guylene Presendieu. Guylene Presendieu told David Remilien “eat my coochie.” “Coochie” is vagina. Jeaccinette did witchcraft to put a lesbian spirit on me and put a curse on my vagina because I don't want to have sex with Guylene Presendieu and did witchcraft to plant dreams in my head of Guylene Presendieu and Luna Remilien sticking their tongues all the way inside of my vagina.

You can't send a text message to a hospital and I didn't send it, but my father, Ritane Presendieu, Luna Remilien and my siblings are stupid. They said I sent text messages to Aventura Hospital and lied and said I didn't send them after I sent them. Jeaccinette did witchcraft to make them detectives come back to my father’s house. The detectives gave Merisier Remilien their cards. I did not take their cards. Jeaccinette did witchcraft to make the detectives come to Merisier Remilien’s house because she heard Guylene Presendieu would bring drama to my Merisier Remilien’s house and Guylene Presendieu said she wanted to be a detective and so she could do witchcraft to make me talk to Ritane Presendieu because I stopped talking to Ritane Presendieu.

Luna Remilien and Ritane Presendieu said now everyone knows I'm crazy and Luna Remilien said I could get Baker Acted because the detectives said I sent the text messages.

I told Merisier Remilien that you can’t send a text message to a hospital and I didn’t send text messages to Aventura Hospital. Jeaccinette did witchcraft to make the detectives come back to my father’s house. Merisier Remilien didn't tell them that I didn't send the text messages. Ritane Presendieu asked Rony Remilien if he told Hugette Presendieu that the detectives came back. Jeaccinette is doing witchcraft to make the detectives make false evidence because Hugette Presendieu said you have to see it (the text message). Ritane Presendieu told Kerline Senat that she did not cook because he house has problems because the detectives came back to Merisier Remilien’s house. Guylene Presendieu lied and said I sent an email to Aventura Hospital after I said you can’t send a text message to a hospital. Jeaccinette saw my revelation that Guylene Presendieu don’t exist to me and did witchcraft to make Guylene Presendieu say I don’t exist.

Jeaccinette did witchcraft so Berline Andre didn’t go to work and did witchcraft to make Berline Andre and her father, Albert Andre call my father crying because she heard Monique Presendieu would call Merisier Remilien crying. She did witchcraft to make Berline Andre and her father say I sent a text message to Aventura Hospital that Albert Andre did witchcraft to make Aventura Hospital hire Berline Andre. That is a lie. Jeaccinette did witchcraft to make Aventura Hospital hire Berline Andre because she saw I wrote on my blog that Berline Andre's father did witchcraft on me because he is jealous and is dissatisfied with her and her siblings. She is doing witchcraft to make Berline Andre's father satisfied with her and her siblings.

Jeaccinette did witchcraft to make Aventura Hospital hire Berline Andre so she could do witchcraft to make Berline Andre hook Guylene Presendieu up with the physician assistant who helped me. Jeaccinette is doing witchcraft to make Guylene Presendieu have sex with and get married to the physician assistant who helped me, my male friends and acquaintances. Jeaccinette did witchcraft to make Berline Andre call my dad crying because she don't want Berline Andre to know she did witchcraft to make Aventura Hospital hire her so she could do witchcraft to make Guylene Presendieu have sex with and get married to the physician assistant. Jeaccinette said if my male friends and acquaintances like me, they should like Guylene Presendieu. None of my male friends and acquaintances would ever talk to Guylene Presendieu and Luna Remilien.
A female Washington D.C. police officer who knows Deny Remilien's girlfriend Kerline Senat's sister read the Washington D.C. police chief’s emails and an email address to the police chief. Jeaccinette did witchcraft to make a female Washington D.C. police officer call me on March 10, 2015 at 9:19 A.M. and did witchcraft to make her ask me if I was taking any medication. Jeaccinette did witchcraft to make the police officer tell me not to send any more emails about the mayor. She did witchcraft to make the police officer say that I was about to go to a mental asylum.

Jeaccinette did witchcraft to make two police officers Officer Joachim and Officer Unmuth come to my father’s house on March 13, 2015. She did witchcraft to make them say that I wrote Washington D.C. She did witchcraft to make me get Baker Act and go to a psychiatric ward. Jeaccinette did witchcraft to make my father go to the courthouse and get an ex parte order against me because I do not want him to walk me down the aisle. My father lied and told a judge that I had a mental illness, I am delusional, I make false accusations and I do not eat. Jeaccinette did witchcraft to make Officers Joachim and Unmuth come back to my father’s house on March 16, 2015 and handcuff and arrest me and take me to a psychiatric ward. **Jeaccinette is delusional and is seeing things.**

Jeaccinette did witchcraft to make me go to a psychiatric ward because Luna Remilien, who did witchcraft on me, said I’m crazy, I need to talk to a psychiatrist and could get Baker Act and so she can do witchcraft to make Luna Remilien get my medical records. I do not want my father, Merisier Remilien to walk me down the aisle when I get married, Deny Remilien said I am paranoid, Yolette Andre, whose father did witchcraft on me, said that my head is not good, she [Jeaccinette] did witchcraft to tie me down for Hugette Presendieu and is doing witchcraft to make Hugette Presendieu my maid of honor when I get married and I do not want her to be, and because I want to divorce my mother, Ritane Presendieu. Jeaccinette is doing witchcraft to make Merisier walk me down the aisle and is doing witchcraft so I do not divorce Ritane Presendieu. Jeaccinette is doing witchcraft so I don’t move out of Merisier Remilien’s house until I’m 32 years old, the age Hugette Presendieu moved out. **Merisier Remilien lied twice and said he didn’t go to the courthouse to get an ex-parte order against me after Jackson North Crisis told me that he did. Merisier Remilien said I will never be saved from witchcraft. Jeaccinette is doing witchcraft to make Merisier Remilien sue me because Fantasia Barrino’s father sued her and to make Ritane Presendieu sue me because Eminem’s mother sued him. Jeaccinette is doing witchcraft to make me give Ritane Presendieu alimony when I divorce her. Jeaccinette is doing witchcraft to make Hugette Presendieu sue me so I can give her money.**

Jeaccinette is doing witchcraft to make me live with Merisier Remilien’s relatives so she can do witchcraft to make them get ex-parte orders against me and so she can know where I am.

Jeaccinette is doing witchcraft to make Merisier Remilien, Ritane Presendieu, Guylene Presendieu, Luna Remilien, Deny Remilien, Kerry Presendieu, Hugette Presendieu, Sony Remilien, Rony Remilien and Kerline Senat know things about me because I don’t want anything to do with them.

Jeaccinette did witchcraft to know where the psychiatric wards, mental asylums and mental hospitals are so she can do witchcraft to make me go to them. She is doing witchcraft to make me sign myself into psychiatric wards, mental asylums and mental hospitals. **Jeaccinette is doing witchcraft to make me go to psychiatric wards, mental asylums, mental hospitals and jails where I can’t use the phone when everyone knows the witchcraft that she did and so no one knows where I am. Jeaccinette is doing witchcraft to make me check my head. She wants and is doing witchcraft to get a picture of my brain so she can do witchcraft to make me stupid and crazy.**

Jeaccinette is doing witchcraft to make me go to jail and have charges. Jeaccinette is doing witchcraft to make me get raped and bit by dogs. She is doing witchcraft to make me crazy because someone told me that she cannot do witchcraft to make me crazy.
Jeaccinette did witchcraft so I only marry Haitians so they and their family can do witchcraft on me. Jeaccinette is doing witchcraft to make Deny Remilien ruin the bloodline of the man I marry. Jeaccinette did witchcraft to plant dreams in my head of Guylene Presendieu and Luna Remilien putting their tongues all the way inside of my vagina. She did witchcraft to put a lesbian spirit on me and to put a curse on my vagina because I don’t want to have sex with Guylene Presendieu. Jeaccinette is doing witchcraft to make Guylene Presendieu have sex with my future husband and other people’s husbands and boyfriends.

Jeaccinette is doing witchcraft to make detectives, police officers and other people come to my father’s house and other people’s house because she heard my revelation that Guylene Presendieu would bring drama to my father’s house. Jeaccinette said everyone should see I’m crazy because of Guylene Presendieu.

Jeaccinette is doing witchcraft to make me get bit by dogs and to make me have rabies. Jeaccinette is doing witchcraft to make me faint and pass out so she can do witchcraft to make people take me to psychiatric wards, emergency rooms and other places. She is doing witchcraft to make me go to mental asylums because she heard my revelation that her kids would go to a mental asylum. Jeaccinette is doing witchcraft to make me go to the hospital so she can do witchcraft to make me have more bills.

She is doing witchcraft to make my parents and siblings attached to me because I do not want anything to do with them. Jeaccinette is nothing to me and she is doing witchcraft to be something to me and to make people say that she is something to me. She is doing witchcraft to make my father walk me down the aisle when I get married because she saw that I wrote that I do not want him to walk me down the aisle.

Jeaccinette is doing witchcraft on me because she is jealous of me. She is doing witchcraft so everyone does not know that she is doing witchcraft on me.

Jeaccinette is doing witchcraft to make me sweat and smell. She is doing witchcraft to make me sweat every time I leave the house and to make me sweat under my breasts. Jeaccinette is doing witchcraft on my period and to make me infertile because she heard Monique Presendieu would be infertile, because Guylene Presendieu and Luna Remilien are jealous of me and so guys don’t like me. Jeaccinette is doing witchcraft on my period and did witchcraft to make my period stop coming because Guylene Presendieu and Luna Remilien are jealous of me. Guylene Presendieu has painful periods. Jeaccinette did witchcraft to change when my period comes and did witchcraft to make Guylene Presendieu’s period come when my period comes. She is doing witchcraft to make me have painful, missed periods with heavy flow. She did witchcraft so my period didn’t come December 2014, February 2015 and July 2015. She did witchcraft to make my period come twice in March 2015. Jeaccinette did witchcraft to make me have missed periods because Guylene Presendieu, Luna Remilien and Hugette Presendieu have missed periods and my period always comes every month. Jeaccinette is doing witchcraft to make me infertile because she heard Monique Presendieu would be infertile, Guylene Presendieu and Luna Remilien are jealous of me and because she is doing witchcraft so guys don’t like me.

Jeaccinette did witchcraft to make my breasts small because they are bigger than Luna Remilien's. Jeaccinette did witchcraft to make Luna Remilien's breasts get bigger. She is doing witchcraft to make me lose weight and to make my arms skinny so clothes don’t look good on me. She did witchcraft to make Malikah Noel and Guylene Presendieu gain weight because I prayed to gain weight and she heard that I would gain weight like I prayed and did witchcraft to make me weigh 87 pounds. Jeaccinette has been doing witchcraft to make me choke and is doing witchcraft on my trachea. She is doing witchcraft to make me urinate on myself and to make me have diarrhea. She is doing witchcraft to make me tired and weak. She is doing witchcraft to make me have scratches and cuts on my body and is doing witchcraft to make people say that I am suicidal and tried to kill myself because her daughter cut her wrists and tried to kill herself. She is doing witchcraft to make me have pimples because Guylene Presendieu called me pimple face and I do not have any pimples. She is doing witchcraft to make me have scars and black marks on my face, hands and body and to make my lips big because Guylene Presendieu and Hugette Presendieu has big lips and so my pictures do not look good. My lips are flat and small. She is doing witchcraft so I do not sleep well. Jeaccinette did witchcraft...
to make Hugette Presendieu have high cheekbones because I have high cheekbones and Jeaccinette is doing witchcraft on me while I’m sleeping and is doing witchcraft to make me sleep on my arms and hands and the bones in my hands and arms and to make me sleep on my cheeks so she can do witchcraft so I don’t have high cheekbones and so she can do witchcraft to change the shape of my face. She is doing witchcraft so my hair does not grow and to make it fall out, come out and get tangled because my hair is longer, better and thicker than Luna Remilien’s and Guylene Presendieu’s. Jeaccinette is doing witchcraft on my eyebrows and so my eyebrows don’t grow so I don’t do my eyebrows. Jeaccinette has been doing witchcraft to make me sleep on my arms and hands and the bones in my hands and arms and to make me sleep on my cheeks so she can do witchcraft so I don’t have high cheekbones and so she can do witchcraft to change the shape of my face. She is doing witchcraft so my hair does not grow and to make it fall out, come out and get tangled because my hair is longer, better and thicker than Luna Remilien’s and Guylene Presendieu’s. Jeaccinette is doing witchcraft on my eyebrows and so my eyebrows don’t grow so I don’t do my eyebrows. Jeaccinette has been doing witchcraft to make me lose my voice and have white hair because Luna Remilien lost her voice and has white hair. Jeaccinette is doing witchcraft to make my face dirty and oily. She is doing witchcraft to make my face dirty and to make me forget things because Ritane Presendieu said she [Jeaccinette] can’t remember things and so I can feel sorry for her. She is doing witchcraft to make me have headaches. Jeaccinette is doing witchcraft so I can’t see far and so I can’t see the computer screen and TV screen.

Jeaccinette did witchcraft to make Ritane Presendieu touch my things and put them in boxes because I told Ritane Presendieu not to touch my things and she did witchcraft to make Ritane Presendieu give $20 and I didn’t take the money. Jeaccinette is doing witchcraft on my nose and to make my nose bleed because I told Ritane Presendieu that I do not want to live with her and Ritane’s nose was bleeding and had something inside. Jeaccinette is doing witchcraft on me because I don’t want to live with Ritane Presendieu and Merisier Remilien. Jeaccinette is doing witchcraft to make my neck hurt because Luna Remilien said her neck was hurting after Jeaccinette did witchcraft to make her have car accidents.

Jeaccinette is using her nephew in Haiti that she did witchcraft to send to the Dominican Republic and other people to help her do witchcraft so she can try to cover her sins. She has been doing witchcraft to put words in people’s mouths and to make them say, email and tell me and other people what she wants. She is doing witchcraft to make you and other people tell me to stop telling them about her witchcraft.

Sincerely,

Sandra

Chief Mina

The volunteers and staff of Trauma Intervention Programs Inc across the country extend our thoughts and prayers to the family and friends who lost a loved one in the Orlando shooting on Sunday. We have developed a website which can help survivors of this tragedy and others as well as those who are trying to help.

Dear Sir ,

We are a family of 4 from Mumbai (India) visiting Orlando from 14th to 21st June 2016. This will be our 1st visit to the USA.

We will be taking our United Airlines flight from Mumbai to Orlando in approx.14 hours from now.

We just read about the news of the shootout in Orlando and are certainly sad and worried.

We request you to please guide us :

1. Whether we can must come to Orlando or cancel this plan ?
2. Is it safe for my family to come there ?
3. Would the Disney & Universal parks be fully operational ?
4. Would there be any sort of emergency declared and tension in Orlando ?
5. Would we be able to see the city safely ?

Please revert as soon as possible so we can make plans accordingly.

Warm regards ,

Hello Chief John Mina:

My name is Sandra Remilien. Jeaccinette Philogene, a Haitian witch living in Lauderdale Lakes, Florida has been doing witchcraft to monitor me and she is doing witchcraft on you and to control you. **Jeaccinette did witchcraft to make me forget to tell you she is doing witchcraft to make you and other people stop working for the Orlando Police Department (resign, get fired, retire). Jeaccinette is doing witchcraft to kill people. She is doing witchcraft to kill you and other people who work for the Orlando Police Department.**

Jeaccinette is using her nephew in Haiti that she did witchcraft to send to the Dominican Republic and other people to help her do witchcraft so she can try to cover her sins. She has been doing witchcraft to put words in people’s mouths and to make them say, email and tell me and other people what she wants. She is doing witchcraft to make you and other people tell me to stop telling them about her witchcraft.

Sincerely,

Sandra

**Jeaccinette did witchcraft on my cell phone so I can't make and receive phone calls and text messages so people can't call me for jobs and because she heard she would not have a phone.**

Jeaccinette is doing witchcraft to make me crazy.

Jeaccinette did witchcraft to make Junior Charles, his girlfriend Raquel, Mirlande Augustin, Linda Osmann, Guylene Presendieu, Luna Remilien, Shatavia Moffett, Christy go to Orlando. Jeaccinette is doing witchcraft to make Guylene Presendieu, Luna Remilien, Luna Remilien's boyfriend Jean, Jean's mother Yvette, Luna Remilien's daughter Chelsea, Kerline Senat, Kerline Senat's sisters, Shatavia Moffett, Hugette Presendieu, Sony Remilien, Rony Remilien, Samora Merritt, Rony Remilien's daughter Kaliah Remilien, Maliah Noel, Deny Remilien, Deny Remilien's daughter Destiny Remilien and her kids: Stephanie Philogene, Wilner Philogene, Allen Philogene, Jodany Philogene, Ronel Philogene and Melissa go to Orlando, Sea World, Aquatica, Blizzard Beach, Discovery Cove and Walt Disney World.
Guylene Presendieu, Shatavia Moffett and Nelly went to the University of Central Florida.

Guylene Presendieu lied to her professor at the University of Central Florida and emailed her and told her that her grandmother and god sister died and she did not feel like living anymore because she did not want to go to class. Guylene Presendieu did not have any living grandmothers and did not have and know her god sisters. The professor sent two police officers to my father’s house and Guylene Presendieu told them that she never felt like killing herself before and she made them go away so my father would not hear. I told Guylene Presendieu she was going to get Baker Acted and Guylene Presendieu later said she could Baker Act Ashley St. Jean.

Jeaccinette did witchcraft to make Omar Mir Seddique Mateen shoot and kill 50 people at Pulse Orlando Nightclub Sunday, shoot 50 people and shoot police with an assault rifle (AR-15) so she could do witchcraft to make Orlando be on the news so she could do witchcraft to make Guylene Presendieu, Luna Remilien and Kerline Senat know about Orlando and go to Orlando.

Jeaccinette did witchcraft to make Omar Mir Seddique Mateen call 911 and pledge allegiance to Islamic State of Iraq, Abu Bakr al-Baghdadi and the Levant.

Jeaccinette did witchcraft to make Omar Mir Seddique Mateen call 911 and pledge allegiance to Islamic State of Iraq, Abu Bakr al-Baghdadi and the Levant.

Jeaccinette is doing witchcraft to steal things from me to give to Guylene Presendieu, Luna Remilien, Malikah Noel, Shatavia Moffett, Samora Merritt, Yolette Andre, Kerline Senat and other people. She said that she will not stop stealing things from me. Jeaccinette is doing witchcraft to make people think and say Guylene Presendieu know things that she is stealing from me.

She is doing witchcraft to try to make Malikah Noel like me. Jeaccinette is doing witchcraft to make Yolette Andre buy what I want for Guylene Presendieu. She is doing witchcraft to Yolette Andre is not scared of me because she heard Yolette Andre said she is scared of me. Yolette Andre’s father did witchcraft on me because he is jealous of me and is dissatisfied with her and her siblings.

Jeaccinette is doing witchcraft on my work at home job and is doing witchcraft so people do not hire me. She did witchcraft to make me poor so she could do witchcraft to make Guylene Presendieu and Luna Remilien live my life and do what I did and want to do. She did witchcraft to know what I want to do and my plans so she could do witchcraft to make Guylene Presendieu, Luna Remilien and other people do them.

Jeaccinette is doing witchcraft to make Guylene Presendieu do what I want to do before I do them because she heard my revelation 'Sandra first.' Jeaccinette did witchcraft to tie me down for Hugette Presendieu, Sony Remilien, Guylene Presendieu and other people.
Jeaccinette and Guylene Presendieu think it’s funny that Jeaccinette is doing witchcraft to make her [Guylene Presendieu] and other people do what I want to do. Jeaccinette did and is doing witchcraft to make Guylene Presendieu and other people follow me where I go and is doing witchcraft to make people say that I followed Guylene Presendieu, Luna Remilien and other people. Jeaccinette did witchcraft to know my plans so she could do witchcraft to make Guylene Presendieu do them. I said I want to travel and Jeaccinette is doing witchcraft to make Guylene Presendieu travel. Jeaccinette is doing witchcraft so I don’t want to travel. Guylene Presendieu did witchcraft so I don’t travel.

Jeaccinette has been doing witchcraft to control Guylene Presendieu and she is doing witchcraft to control you and other people because she is doing witchcraft to control Guylene Presendieu. Guylene Presendieu knowingly lets Jeaccinette control her. Jeaccinette has been doing witchcraft to try to control me like she is doing witchcraft to control Guylene Presendieu because she saw my revelation that she cannot do witchcraft to control me like she is doing witchcraft to control Guylene Presendieu. Jeaccinette is doing witchcraft on my hands so she can do witchcraft to try to control me. Jeaccinette is doing witchcraft on me because she cannot do witchcraft to control me like she is doing witchcraft to control Guylene Presendieu. Jeaccinette has been doing witchcraft to steal company names from me so she can do witchcraft to make them hire Guylene Presendieu. Guylene Presendieu lied and said she lost her job because of me. Guylene Presendieu did witchcraft on me so I never have another job. Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien sue me and shoot me. Jeaccinette is doing witchcraft to make people think and say Guylene Presendieu know things that she is stealing from me to give to her.

Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien dress like me. Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien have the same personality as me so the clothes she do witchcraft to make them buy look good on them. Jeaccinette is doing witchcraft to steal things from me so she can do witchcraft to make Guylene Presendieu and Luna Remilien know how to dress. Jeaccinette did witchcraft on my grey skinny jeans and did witchcraft to make Guylene Presendieu buy grey skinny jeans because I have grey skinny jeans. Jeaccinette did witchcraft to make Guylene Presendieu buy a floppy hat because I have one. Jeaccinette did witchcraft on my summer dresses and did witchcraft to take my summer dresses because she heard my summer dresses look better than Guylene Presendieu's and Hugette Presendieu's. Jeaccinette is doing witchcraft to make Guylene Presendieu buy summer dresses.

Jeaccinette and Guylene Presendieu bleached my clothes that were in locked suitcases and did witchcraft so my prayers are not answered and to erase them because Jeaccinette heard my revelation that I will not erase my prayers for Guylene Presendieu and they and Luna Remilien are jealous of me. Jeaccinette did witchcraft to make Ritane Presendieu tell Luna Remilien to pray before she goes to sleep because Jeaccinette saw that I prayed before I go to sleep because she is doing witchcraft to monitor me. Jeaccinette is doing witchcraft to make Guylene Presendieu and Luna Remilien have thick legs like me and the same body type as me. I am the only one with thick legs and calves. Jeaccinette is doing witchcraft so I don’t have thick legs and calves so she can do witchcraft to make Guylene Presendieu have them. Jeaccinette cut my Dayspring Whatever is Lovely journal and my Nicole Miller purses because Guylene Presendieu and Luna Remilien are jealous of me. Jeaccinette did did witchcraft to make Guylene Presendieu and Luna Remilien buy the Nicole Miller purses I bought. Jeaccinette did witchcraft to make Guylene Presendieu watch an Intro to Psychology video and buy psychology books because I majored in psychology and they are jealous of me because I majored in psychology and she is doing witchcraft so everyone do not say that they are jealous of me. Jeaccinette knows I majored in psychology because I put it on my resume and she is doing witchcraft to monitor me.

Guylene Presendieu is a habitual liar. Jeaccinette said Guylene Presendieu should keep sinning and shouldn't pay for her sins. Jeaccinette did witchcraft so Guylene Presendieu and Luna Remilien don’t pay for doing witchcraft on me.

Guylene Presendieu said white people have wrinkles because they do drugs. She is lying and telling people that I said that white people have wrinkles because they do drugs so everyone can hate me.
Jeaccinette and Luna Remilien did witchcraft on me so I never have money. Jeaccinette has been doing witchcraft to make Luna Remilien have car accidents so Luna Remilien does not pay for doing witchcraft on me. Jeaccinette did witchcraft to make Luna Remilien get pregnant so Luna Remilien can put her boyfriend Jean on child support. Jeaccinette did witchcraft to make Luna Remilien name her baby Chelsea because she is jealous of me because I majored in psychology like Bill Clinton's daughter. Luna Remilien did witchcraft on her boyfriend and Jeaccinette did witchcraft on Luna’s boyfriend’s mother Yvette and is doing witchcraft to make Luna’s boyfriend and his mother do what I did and want to do. Jeaccinette did witchcraft to make Yvette go on a cruise.

Jeaccinette is doing witchcraft to kill people.

Jeaccinette has been doing witchcraft on Linkedin. She did witchcraft to make Linkedin suspend and terminate my Linkedin account so she could do witchcraft to make Luna Remilien, Kerline Senat, Deny Remilien, David Remilien, Nadia Florvil, Denise Dixon, Herce Remilien and other people get Linkedin accounts.

Jeaccinette did witchcraft to make Sony Remilien get a Linkedin account so he could lie for Guylene Presendieu because he lied for Guylene Presendieu.

Jeaccinette did witchcraft to make Kerline Senat get a Linkedin account because I blocked her on Facebook. Jeaccinette did witchcraft to hook Deny Remilien up with Kerline Senat.

Jeaccinette did witchcraft so Linkedin don't terminate Sony Remilien's account, Luna Remilien's account, Kerline Senat's account, Kerline Senat's sisters' account, Deny Remilien's account, David Remilien's account, Herce Remilein's account, Nadia Florvil's account. Jeaccinette is doing witchcraft to make Sony Remilien, Luna Remilien, Kerline Senat, Kerline Senat's sisters, Deny Remilien, Nadia Florvil connect with you, Orlando Mayor Buddy Dyer and Orange County Sheriff Jerry L. Demings on Linkedin.

Jeaccinette is doing witchcraft on me because she is jealous of me. She is doing witchcraft so people do not say that Guylene Presendieu and Luna Remilien are jealous of me because they are.

Jeaccinette is doing witchcraft to put me in drama and to make me have trouble with the law because she heard my revelation that Guylene Presendieu would bring drama to my father’s house and would have three charges. Jeaccinette is doing witchcraft to make detectives, police officers and other people come to my father’s house and other people’s house because she heard Guylene Presendieu would bring drama to my father’s house. Jeaccinette is doing witchcraft to put me in drama when she can’t control me like she is doing witchcraft to control Guylene Presendieu and when she sees I’m going out because she did witchcraft so I don’t go out. Jeaccinette is doing witchcraft on police departments and detectives so she can do witchcraft to put me in drama. Guylene Presendieu lied to her professor at the University of Central Florida and emailed her and told her that her grandmother and god sister died and she did not feel like living anymore because she did not want to go to class. Guylene Presendieu did not have any living grandmothers and did not have and know her god sisters. The professor sent two police officers to my father’s house and Guylene Presendieu told them that she never felt like killing herself before and she made them go away so my father would not hear. I told Guylene Presendieu she was going to get Baker Acted and Guylene Presendieu later said she could Baker Act Ashley St. Jean.
Jeaccinette did witchcraft to make me get Baker Act and is doing witchcraft to make me go to jail. She is doing witchcraft so you and other people tell me not to email them about her witchcraft. She is doing witchcraft to make detectives, police officers and other people come to my father’s house and other people’s house.

Jeaccinette did witchcraft to hook Guylene Presendieu up with a Puerto Rican guy named Ivan because I worked with a guy named Ivan and Jeaccinette wanted to do witchcraft to hook Guylene Presendieu up with him. The Ivan that Jeaccinette did witchcraft to hook Guylene Presendieu up with does not like Guylene Presendieu. Guylene Presendieu heard Nerlange talking to Ivan while she was talking to Nerlange. Nerlange went to the University of Central Florida with Guylene Presendieu. Guylene Presendieu said, “Nelly, how you know Ivan?” Nerlange made Guylene Presendieu talk to Ivan.

Guylene Presendieu asked Ivan, “Ivan, you remember me?”

Malikah Noel asked Guylene Presendieu, “What happened to that guy (Ivan)? Guylene Presendieu stayed quiet. Guylene Presendieu didn’t tell Malikah Noel that Ivan didn’t like her. Jeaccinette did witchcraft to make Ivan call Guylene Presendieu’s phone so she could do witchcraft to make people say Ivan like Guylene Presendieu. I don’t talk to Malikah Noel. Jeaccinette is doing witchcraft to make Malikah Noel ask me what happened to that guy because she asked Guylene Presendieu what happened to Ivan.

Because Ivan does not like Guylene Presendieu, Jeaccinette did witchcraft to know my male friends and acquaintances and the guys who like me so she could do witchcraft to make Guylene Presendieu have sex with them and get married to them. Because Ivan does not like Guylene Presendieu, Jeaccinette did witchcraft to make her have sex with and get married to the physician assistant who helped me at Aventura Hospital in 2009.

Jeaccinette did witchcraft to make Aventura Hospital hire Berline Andre so she can do witchcraft to make Berline Andre hook Guylene Presendieu up with the physician assistant who helped me. Jeaccinette did witchcraft to make her mother have pneumonia and get hospitalized at Aventura Hospital. Jeaccinette did witchcraft to make Ramos, the man in human resources at Aventura Hospital leave Aventura Hospital and go work somewhere else so Berline Andre don’t have shame because Jeaccinette did witchcraft to make Aventura Hospital hire her. Jeaccinette did witchcraft on two detectives and did witchcraft to make them come to my father’s house on December 17, 2014 and say I sent a text message to Aventura Hospital that someone is doing witchcraft on me. She did witchcraft to make them say they have David Remilien’s name in their file because she did witchcraft to make David Remilien tell me hi because she did witchcraft to make him friends with Guylene Presendieu and I did not tell David Remilien hi. David Remilien told me that he would never be friends with Guylene Presendieu. Guylene Presendieu told David Remilien “eat my coochie.” “Coochie” is vagina. Jeaccinette did witchcraft to put a lesbian spirit on me and put a curse on my vagina because I don't want to have sex with Guylene Presendieu and did witchcraft to plant dreams in my head of Guylene Presendieu and Luna Remilien sticking their tongues all the way inside of my vagina.

You can't send a text message to a hospital and I didn't send it, but my father, Ritane Presendieu, Luna Remilien and my siblings are stupid. They said I sent text messages to Aventura Hospital and lied and said I didn’t send them after I sent them. Jeaccinette did witchcraft to make them detectives come back to my father’s house. The detectives gave Merisier Remilien their cards. I did not take their cards. Jeaccinette did witchcraft to make the detectives come to Merisier Remilien’s house because she heard Guylene Presendieu would bring drama to my Merisier Remilien’s house and Guylene Presendieu said she wanted to be a detective and so she could do witchcraft to make me talk to Ritane Presendieu because I stopped talking to Ritane Presendieu.

Luna Remilien and Ritane Presendieu said now everyone knows I’m crazy and Luna Remilien said I could get Baker Acted because the detectives said I sent the text messages.
I told Merisier Remilien that you can’t send a text message to a hospital and I didn’t send text messages to Aventura Hospital. Jeaccinette did witchcraft to make the detectives come back to my father’s house. Merisier Remilien didn’t tell them that I didn’t send the text messages. Ritane Presendieu asked Rony Remilien if he told Hugette Presendieu that the detectives came back. Jeaccinette is doing witchcraft to make the detectives make false evidence because Hugette Presendieu said you have to see it (the text message). Ritane Presendieu told Kerline Senat that she did not cook because he house has problems because the detectives came back to Merisier Remilien’s house. Guylene Presendieu lied and said I sent an email to Aventura Hospital after I said you can’t send a text message to a hospital. Jeaccinette saw my revelation that Guylene Presendieu don’t exist to me and did witchcraft to make Guylene Presendieu say I don’t exist.

Jeaccinette did witchcraft so Berline Andre didn’t go to work and did witchcraft to make Berline Andre and her father, Albert Andre call my father crying because she heard Monique Presendieu would call Merisier Remilien crying. She did witchcraft to make Berline Andre and her father say I sent a text message to Aventura Hospital that Albert Andre did witchcraft to make Aventura Hospital hire Berline Andre. That is a lie. Jeaccinette did witchcraft to make Aventura Hospital hire Berline Andre because she saw I wrote on my blog that Berline Andre's father did witchcraft on me because he is jealous and is dissatisfied with her and her siblings. She is doing witchcraft to make Berline Andre's father satisfied with her and her siblings.

Jeaccinette did witchcraft to make Aventura Hospital hire Berline Andre so she could do witchcraft to make Berline Andre hook Guylene Presendieu up with the physician assistant who helped me. Jeaccinette is doing witchcraft to make Guylene Presendieu have sex with and get married to the physician assistant who helped me, my male friends and acquaintances. Jeaccinette did witchcraft to make Berline Andre call my dad crying because she don’t want Berline Andre to know she did witchcraft to make Aventura Hospital hire her so she could do witchcraft to make Guylene Presendieu have sex with and get married to the physician assistant. Jeaccinette said if my male friends and acquaintances like me, they should like Guylene Presendieu. None of my male friends and acquaintances would ever talk to Guylene Presendieu and Luna Remilien.

A female Washington D.C. police officer who kows Deny Remilien's girlfriend Kerline Senat's sister read the Washington D.C. police chief’s emails and an email address to the police chief. Jeaccinette did witchcraft to make a female Washington D. C. police officer call me on March 10, 2015 at 9:19 A.M. and did witchcraft to make her ask me if I was taking any medication. Jeaccinette did witchcraft to make the police officer tell me not to send any more emails about the mayor. She did witchcraft to make the police officer say that I was about to go to a mental asylum.

Jeaccinette did witchcraft to make two police officers Officer Joachim and Officer Unmuth come to my father’s house on March 13, 2015. She did witchcraft to make them say that I wrote Washington D. C. She did witchcraft to make me get Baker Act and go to a psychiatric ward. Jeaccinette did witchcraft to make my father go to the courthouse and get an ex parte order against me because I do not want him to walk me down the aisle. My father lied and told a judge that I had a mental illness, I am delusional, I make false accusations and I do not eat. Jeaccinette did witchcraft to make Officers Joachim and Unmuth come back to my father’s house on March 16, 2015 and handcuff and arrest me and take me to a psychiatric ward. Jeaccinette is delusional and is seeing things.

Jeaccinette did witchcraft to make me go to a psychiatric ward because Luna Remilien, who did witchcraft on me, said I’m crazy, I need to talk to a psychiatrist and could get Baker Acted and so she can do witchcraft to make Luna Remilien get my medical records, I do not want my father, Merisier Remilien to walk me down the aisle when I get married, Deny Remilien said I am paranoid, Yolette Andre, whose father did witchcraft on me, said that my head is not good, she [Jeaccinette] did witchcraft to tie me down for Hugette Presendieu and is doing witchcraft to make Hugette Presendieu my maid of honor when I get married and I do not want her to be, and because I want to divorce my mother, Ritane Presendieu. Jeaccinette is doing witchcraft to make Merisier walk me down the aisle and is doing witchcraft so I do not divorce Ritane Presendieu. Jeaccinette is doing witchcraft so I don’t move out of Merisier Remilien’s house until I’m 32 years old, the age Hugette Presendieu moved out. Merisier Remilien lied twice and said he didn’t go to the courthouse to get an ex-parte order against me after Jackson North Crisis told me that he did. Merisier Remilien said I will never be saved from witchcraft. Jeaccinette is doing witchcraft to make Merisier Remilien sue me because Fantasia Barrino’s father sued her and to make Ritane Presendieu sue me because Eminem’s mother sued him. Jeaccinette is doing witchcraft to make me give Ritane Presendieu alimony when I divorce her. Jeaccinette is doing witchcraft to make Hugette Presendieu sue me so I can give her money.
Jeaccinette is doing witchcraft to make me live with Merisier Remilien’s relatives so she can do witchcraft to make them get ex-parte orders against me and so she can know where I am.

Jeaccinette is doing witchcraft to make Merisier Remilien, Ritane Presendieu, Guylene Presendieu, Luna Remilien, Deny Remilien, Kerry Presendieu, Hugette Presendieu, Sony Remilien, Rony Remilien and Kerline Senat know things about me because I don’t want anything to do with them.

Jeaccinette did witchcraft to know where the psychiatric wards, mental asylums and mental hospitals are so she can do witchcraft to make me go to them. She is doing witchcraft to make me sign myself into psychiatric wards, mental asylums and mental hospitals. Jeaccinette is doing witchcraft to make me go to psychiatric wards, mental asylums, mental hospitals and jails where I can’t use the phone when everyone knows the witchcraft that she did and so no one knows where I am. Jeaccinette is doing witchcraft to make me check my head. She wants and is doing witchcraft to get a picture of my brain so she can do witchcraft to make me stupid and crazy.

Jeaccinette is doing witchcraft to make me go to jail and have charges. Jeaccinette is doing witchcraft to make me get raped and bit by dogs. She is doing witchcraft to make me crazy because someone told me that she cannot do witchcraft to make me crazy.

Jeaccinette did witchcraft so I only marry Haitians so they and their family can do witchcraft on me. Jeaccinette is doing witchcraft to make Deny Remilien ruin the bloodline of the man I marry. Jeaccinette did witchcraft to plant dreams in my head of Guylene Presendieu and Luna Remilien putting their tongues all the way inside of my vagina. She did witchcraft to put a lesbian spirit on me and to put a curse on my vagina because I don’t want to have sex with Guylene Presendieu. Jeaccinette is doing witchcraft to make Guylene Presendieu have sex with my future husband and other people’s husbands and boyfriends.

Jeaccinette is doing witchcraft to make detectives, police officers and other people come to my father’s house and other people’s house because she heard my revelation that Guylene Presendieu would bring drama to my father’s house. Jeaccinette said everyone should see I’m crazy because of Guylene Presendieu.

Jeaccinette is doing witchcraft to make me get bit by dogs and to make me have rabies. Jeaccinette is doing witchcraft to make me faint and pass out so she can do witchcraft to make people take me to psychiatric wards, emergency rooms and other places. She is doing witchcraft to make me go to mental asylums because she heard my revelation that her kids would go to a mental asylum. Jeaccinette is doing witchcraft to make me go to the hospital so she can do witchcraft to make me have more bills.

She is doing witchcraft to make my parents and siblings attached to me because I do not want anything to do with them. Jeaccinette is nothing to me and she is doing witchcraft to be something to me and to make people say that she is something to me. She is doing witchcraft to make my father walk me down the aisle when I get married because she saw that I wrote that I do not want him to walk me down the aisle.

Jeaccinette is doing witchcraft on me because she is jealous of me. She is doing witchcraft so everyone does not know that she is doing witchcraft on me.
Jeaccinette is doing witchcraft to make me sweat and smell. She is doing witchcraft to make me sweat every time I leave the house and to make me sweat under my breasts. Jeaccinette is doing witchcraft on my period and to make me infertile because she heard Monique Presendieu would be infertile, because Guylene Presendieu and Luna Remilien are jealous of me and so guys don’t like me. Jeaccinette is doing witchcraft on my period and did witchcraft to make my period stop coming because Guylene Presendieu and Luna Remilien are jealous of me. Guylene Presendieu has painful periods. Jeaccinette did witchcraft to change when my period comes and did witchcraft to make Guylene Presendieu’s period come when my period comes. She is doing witchcraft to make me have painful, missed periods with heavy flow. She did witchcraft so my period didn’t come December 2014, February 2015 and July 2015. She did witchcraft to make my period come twice in March 2015. Jeaccinette did witchcraft to make me have missed periods because Guylene Presendieu, Luna Remilien and Hugette Presendieu have missed periods and my period always comes every month. Jeaccinette is doing witchcraft to make me infertile because she heard Monique Presendieu would be infertile, Guylene Presendieu and Luna Remilien are jealous of me and because she is doing witchcraft so guys don’t like me.

Jeaccinette did witchcraft to make my breasts small because they are bigger than Luna Remilien’s. Jeaccinette did witchcraft to make Luna Remilien’s breasts get bigger. She is doing witchcraft to make me lose weight and to make my arms skinny so clothes don’t look good on me. She did witchcraft to make Malikah Noel and Guylene Presendieu gain weight because I prayed to gain weight and she heard that I would gain weight like I prayed and did witchcraft to make me weigh 87 pounds. Jeaccinette has been doing witchcraft to make me choke and is doing witchcraft on my trachea. She is doing witchcraft to make me urinate on myself and to make me have diarrhea. She is doing witchcraft to make me tired and weak. She is doing witchcraft to make me have scratches and cuts on my body and is doing witchcraft to make people say that I am suicidal and tried to kill myself because her daughter cut her wrists and tried to kill herself. She is doing witchcraft to make me have pimples because Guylene Presendieu called me pimple face and I do not have any pimples. She is doing witchcraft to make me have scars and black marks on my face, hands and body and to make my lips big because Guylene Presendieu and Hugette Presendieu has big lips and so my pictures do not look good. My lips are flat and small. She is doing witchcraft so I do not sleep well. Jeaccinette did witchcraft to make Hugette Presendieu have high cheekbones because I have high cheekbones and Jeaccinette is doing witchcraft on me while I’m sleeping and is doing witchcraft to make me sleep on my arms and hands and the bones in my hands and arms and to make me sleep on my cheeks so she can do witchcraft so I don’t have high cheekbones and so she can do witchcraft to change the shape of my face. She is doing witchcraft so my hair does not grow and to make it fall out, come out and get tangled because my hair is longer, better and thicker than Luna Remilien’s and Guylene Presendieu’s. Jeaccinette is doing witchcraft on my eyebrows and so my eyebrows don’t grow so I don’t do my eyebrows. Jeaccinette has been doing witchcraft to make me lose my voice and have white hair because Luna Remilien lost her voice and has white hair. Jeaccinette is doing witchcraft to make my forehead big. Jeaccinette is doing witchcraft so I am not unique.

Jeaccinette is doing witchcraft on my face and to make my face dirty and oily. She is doing witchcraft to make my face dirty and to make me forget things because Ritane Presendieu said she [Jeaccinette] can’t remember things and so I can feel sorry for her. She is doing witchcraft to make me have headaches. Jeaccinette is doing witchcraft so I can’t see far and so I can’t see the computer screen and TV screen.

Jeaccinette did witchcraft to make Ritane Presendieu touch my things and put them in boxes because I told Ritane Presendieu not to touch my things and she did witchcraft to make Ritane Presendieu give $20 and I didn’t take the money. Jeaccinette is doing witchcraft on my nose and to make my nose bleed because I told Ritane Presendieu that I do not want to live with her and Ritane’s nose was bleeding and had something inside. Jeaccinette is doing witchcraft on me because I don’t want to live with Ritane Presendieu and Merisier Remilien. Jeaccinette is doing witchcraft to make my neck hurt because Luna Remilien said her neck was hurting after Jeaccinette did witchcraft to make her have car accidents.

Jeaccinette is using her nephew in Haiti that she did witchcraft to send to the Dominican Republic and other people to help her do witchcraft so she can try to cover her sins. She has been doing witchcraft to put words in people’s mouths and to make them say, email and tell me and other people what she wants. She is doing witchcraft to make you and other people tell me to stop telling them about her witchcraft.
Sincerely,

Sandra

Chief Mina,

I was at scene after the incident yesterday. I was shocked with the level of professionalism everything was handled.

I am proud to serve the Orlando residents and our department.

On the darkest day of my 25 years at the Orlando Police Department, I wanted to take a moment to tell all of you how proud I am of the work you have done today and will do over the next days and weeks.

We have trained again and again for this type of situation. It’s unfortunate that we had to put those skills to use today. But because of that training and your professionalism, we saved dozens of lives this morning.

Even before the first patrol units arrived on the scene, an OPD officer working extra duty at the club engaged the gunman as he opened fire. Our First Responders and SWAT Team faced a hail of gunfire as they rescued the hostages, and we are blessed beyond words that none of them were gravely injured or killed.

We’ve received an enormous amount of tactical Law Enforcement support from local, state and Federal agencies. The outpouring we have received from our Central Florida community and Law Enforcement across the nation and the world, has overwhelmed me with gratitude.

I know that you have all been affected today by the tragic actions of a lone terrorist who cut short the lives of so many. Our community, our City, and our Department will be grieving in the days, weeks and months to come.

But on a day like today – and every day – I couldn’t be more proud to be your Chief.

Please hug your families tonight. And be safe out there.

Chief Mina,

My name is Joe Lopedito, and I am the Director of the Pinellas County chapter of the Fellowship of Christian Police Officers. I wanted to extend our prayers to your agency and your Officers as you move forward from the great tragedy that has occurred.

Additionally, I wanted to offer support in the form of our Christian Police Officers who stand behind your Officers. If needed, FCPO has four chapters in Florida that I am sure have Officers who can come in for a support role to provide prayer and peer support directly. I am CCing them on this email. Please know that we are here for you in whatever capacity is needed.

Let me leave you with the following, from Psalm 146:5-10

"Blessed is he whose help is the God of Jacob,  
whose hope is in the Lord his God,  
who made heaven and earth,  
the sea, and all that is in them,  
who keeps faith forever;  
who executes justice for the oppressed,  
who gives food to the hungry.  
The Lord sets the prisoners free;  
the Lord opens the eyes of the blind.  
The Lord lifts up those who are bowed down;  
the Lord loves the righteous.  
The Lord watches over the sojourners;  
he upholds the widow and the fatherless,  
but the way of the wicked he brings to ruin.  
The Lord will reign forever,  
your God, O Zion, to all generations.  
Praise the Lord!"

Greetings Gentlemen,

I just wanted to reach out to both of you and let you know that your brothers and sisters of the National Academy Family are keeping you, your departments in our thoughts and prayers as you lead your agencies, your communities, your state and our nation through this very difficult time. I, as the rest of the nation, watched the news coverage in shock as we learned of the senseless violence you have experienced in the community you love.

You both are to be commended for the professional and selfless way you are leading your community, as well as the law enforcement community, through this tragic event. I pray that God gives you strength, courage and compassion to be able to handle all that is being thrown at you. I take comfort in knowing that being graduates of the FBI National Academy you have the knowledge, relationships and networking ability to get through this. Having said that, please know your association worldwide stands behind you, and please don’t hesitate to reach out if you need anything.

Knowing both of you through our association and the Florida Chapter, I am confident that you both have the leadership skills and dedicated professional teams supporting you to get through this tragic event. It was a blessing to me to watch the media coverage and to see both of you wearing your National Academy pins so proudly on your uniforms. We are an amazing association of wonderfully dedicated law enforcement leaders across the world and I want to personally reach out to you as your First Vice President and let you know that your association has your back and we are just a phone call away.

God Bless!

UCF Stands with Orlando Against Terror

June 12, 2016

Message from UCF President John C. Hitt:

Orlando was attacked today. How painful, frightening, and infuriating it is to write that sentence. As President Obama said, this was “an attack on all of us, and on the fundamental values of equality and dignity that define us as a country.”

We are working with law enforcement to determine whether the attack killed or injured UCF students, faculty, staff, and alumni. When we have more information, we will share it with you.

In time, I expect we all will know someone affected. A friend. A sister. A partner. A co-worker. To the victims of this attack — and their loved ones and friends — I offer the sincere prayers and hopes of the entire UCF family.

Earlier today, I extended to Orlando Mayor Buddy Dyer all of the university’s resources to help our community. To start, on Monday UCF will host a blood drive on campus. I hope you will join me there.

While we are still learning about this attack, it appears that the shooter targeted
the LGBTQ community. The UCF Creed calls on all of us to “promote an open and supportive campus environment by respecting the rights and contributions of every individual.”

With our Creed in mind, I tell our LGBTQ students, faculty, staff, and alumni this: You are not alone. Your university stands with you.

In attempting to make sense of this senselessness, my mind is drawn to wise words Dr. Martin Luther King, Jr. spoke nearly 50 years ago.

“When our days become dreary with low-hovering clouds of despair, and when our nights become darker than a thousand midnights, let us remember that there is a creative force in this universe, working to pull down the gigantic mountains of evil, a power that is able to make a way out of no way, and transform dark yesterdays into bright tomorrows. Let us realize that the arc of the moral universe is long but it bends toward justice.”

As they were true then, so are Dr. King’s words true today.

Chief/Sheriff,

Just FYI on public records request CFIX received from Miami Herald. I will work with records custodians for response. We have no matching records other than Steering Committee minutes. I also learned that ABC News is working a story alleging the gunmen's father supposedly tried calling the Port St. Lucie PD in regards to his sons behavior 2 days before attack and received no response.

Respectfully,

Subject: Records request from the Miami Herald

Captain Zambouros:

This letter shall constitute a request under section 119.07, Fla. Stat., to inspect the following records made or received pursuant to law or ordinance or in connection with the transaction of official business. I am seeking the following records created or obtained prior to June 12, 2016, before the incident under investigation:

1. All records relating to Omar Mateen prior to June 12, 2016;

2. All records relating to Seddique Mateen prior to June 12, 2016;

3. All records of the Executive Steering Committee relating to Omar Mateen and/or Seddique Mateen prior to June 12, 2016; and

4. Minutes of all meetings of the Executive Steering Committee between June 1, 2015 and June 12, 2016.

The term “records” as requested herein shall have the definition set forth in § 119.011(12), Florida Statutes, including, but not limited to Suspicious Activity Reports (SARS), maintained or transmitted in hard copy or electronic format, including records maintained, stored or archived in e-mails, on the SharePoint Website, InSITE, and regardless of whether the records were vetted
pursuant to the two-step assessment process subject to the Information Sharing Environment (ISE) ISE-SAR functional standard and approved for contribution to the shared space. The request includes responsive records in both a detailed and summary format.

If you contend that any record, or portion thereof, is exempt from inspection, please state in writing the basis for the exemption and include the applicable statutory exemption. See section 119.07(1)(e), Fla. Stat. Additionally, pursuant to the requirements of section 119.07(1)(f), Fla. Stat., we hereby request that you explain in writing and with particularity the reasons for your conclusion that the record is confidential or exempt.

We would direct your attention to the following statutory requirements set forth in section 119.07(1), Fla. Stat.: 

(h) Even if an assertion is made by the custodian of public records that a requested record is not a public record subject to public inspection or copying under this subsection, the requested record shall, nevertheless, not be disposed of for a period of 30 days after the date on which a written request to inspect or copy the record was served on or otherwise made to the custodian of public records by the person seeking access to the record. If a civil action is instituted within the 30-day period to enforce the provisions of this section with respect to the requested record, the custodian of public records may not dispose of the record except by order of a court of competent jurisdiction after notice to all affected parties.

(i) The absence of a civil action instituted for the purpose stated in paragraph (g) does not relieve the custodian of public records of the duty to maintain the record as a public record if the record is in fact a public record subject to public inspection and copying under this subsection and does not otherwise excuse or exonerate the custodian of public records from any unauthorized or unlawful disposition of such record.

I will contact your office within the next 24 hours to discuss when I may expect fulfillment of my request, and payment of any statutorily prescribed fees. If you have any questions, you may contact me at (850) 524-4488 and reach me via email atmeklas@miamiherald.com.

Thank you for your assistance.

Sincerely,

~ Mary Ellen Klas

Medical Cannabis Update

This summer qualified Florida patients will begin purchasing low-THC and medical cannabis for the first time. If you have questions regarding the implementation of the Compassionate Medical Cannabis Act, ordering low-THC or medical cannabis for patients, or using the statewide compassionate use registry, this webinar is for you.

You are invited to participate in a free informative webinar hosted by the Florida Department of Health.

Florida law allows qualified medical doctors and doctors of osteopathic medicine to order low-THC and medical cannabis for patients diagnosed with a specific list of conditions. Orders can only be filled by dispensing organizations approved to grow, process, and dispense cannabis in the state of Florida. Many of these approved dispensing organizations will begin filling orders for patients this summer.

This webinar is meant to provide an update on the Department's implementation of the Compassionate Medical Cannabis Act. Participants will receive a briefing with updated information and get answers to important questions regarding the state of medical cannabis regulations and the cannabis ordering process.

This Webinars will last approximately 60 minutes, and will be held on Eastern Standard Time. Participants will also be able to ask questions at the end of the presentation.

To register for the upcoming webinar, please click on the following date:

Chief Mina-

I write to you in the hope that this note finds you, and you in turn share it with the men & women who make up the OPD and in particular those who dealt with today’s tragedy on behalf of me, my family, and everyone in our city.

I followed along as events unfolded and among the deep sadness felt so much pride in the heart, courage, bravery, and skill that our police department showed, and we expect nothing less. While I struggle to process what happened today, I can at least take comfort in this pride. It is without rhetoric. It is pure.

Police. Cops. People. We need to remind ourselves that you all go home to your families at night, cry when you hurt, lay sleepless when disturbed and feel love for people.

It doesn’t feel like “thank you” is weighty enough express the deep appreciation, gratitude, respect and genuine empathy that I feel for you all. I am positive I share this with a great majority of our city.

I can say honestly that while I do carry this sentiment every day, moments like this are a humbling reminder of the brave, selfless community-minded people that you are.

Hey Chief,

Fox News would like to request an interview with the SWAT member that was struck in the helmet at Pulse. Would it be possible for us to speak with him this afternoon or tomorrow morning on Fox and Friends?

Also, we are wondering if there is any way our anchor Brian Kilmeade could get a tour of the crime scene escorted by you or a member of the Dept?

Thank you,
Matt Leach
Producer, Fox News

Dear Mr Mina

I do hope that you and your staff are keeping as well as is possible in such circumstances. My own thoughts and prayers are with you and your city in this tragic time.

I’m a producer at BBC national radio, and I’m emailing to ask whether you or one of your colleagues would be able to speak to us at 6pm your time this evening, and bear witness to what has happened in Orlando.

I appreciate that now, more than ever, you must be very busy. So I’d be genuinely grateful if you could spare five minutes or your time at 6pm this evening to speak to our listeners.

It’d be fine for us if this were on the telephone. Something taped might also be possible, at some stage between 3.30pm and 5pm.

With very best wishes

Richard

Dear Friends,

June 12th was one of the most devastating days in our region’s history. We lost 49 of our neighbors in the early morning hours due to the horrible acts of one man.

Like many of you, we are struggling to come to grips with this tragedy, how it happened and how to prevent it from happening again. In the days and weeks that follow, this will be investigated and debated by experts around the nation. Presently, all we can do is support our community and provide aid where it is needed.

As we grieve, it is uplifting to know we are supported. We stand united. From the Orlando Police Department to brave civilians and medical personnel, we saw unprecedented heroism. We’ve also seen an outpouring of support from the Central Florida community, with people waiting for hours to donate blood offer their assistance. We’ve received dozens and dozens of notes from United Ways throughout the country and world. They each hold similar sentiments... Prayers. Love. Strength. They stand with us.

Yesterday I had several conversations with United Way of America and they arranged a conference call with my colleagues in United Ways that dealt with the Columbine, Sandy Hook and Aurora tragedies. That conversation was invaluable. It helped me understand the difference between this tragedy and a natural disaster. It also helped me understand the many reasons that HFUW should not create the Community Fund. Recovery efforts are currently being organized by community groups and Heart of Florida United Way is at the table for those conversations to determine how volunteers and donations can best support those in need.

As an organization, it is our role to help our community navigate through this difficult time. We are collaborating with the City of Orlando’s Emergency Operations Center and we have established strong ties to agencies in the LGBT and the Hispanic communities to provide assistance. Specifically, Heart of Florida United Way will continue to provide high-quality emotional support, information and assistance through the 2-1-1 Information and Assistance Crisis Helpline.
If you, your employees or your loved ones are in need of emotional support, the 2-1-1 Information and Assistance Crisis Helpline is available 24 hours a day, seven days a week, via phone, text, chat or email. Simply dial 2-1-1, text your zip code to 898-211, or visit the 2-1-1 website.

Orlando is made up of courageous and resourceful individuals. Our city is defined by how we respond to this tragedy, how we come together and how we treat one another.

I thank you for all of your messages, prayers and thoughts. We will need the collective strength of our community over the coming months. Through the darkness we will show the world that we stand #OrlandoUnited.

Thank you,
Bob

“I went out to the people and asked them what they wanted. They wanted to look at the building from inside; because they thought it belonged to the Stasi. No, I said, it belongs to the Soviet Army. The next question was ‘How come I spoke such good German?’ The only thing that I could say was that I was an interpreter.” – Vladimir Putin; I, Putin, a Portrait

“Can you imagine like, if Lee Harvey Oswald had had the chance to spill his guts or John Wilkes Booth? I knew I had one of the most saddest and horrible stories that has ever been told in american journalism. I never had trouble admitting to my involvement in what I did, because I feel no shame for it. You see, with these tapes, i feel very free in talking. You've got this adrenaline pumping, but you force yourself to stay calm. And not be noticed. I then pulled up to the light which was red at the time and lit the main fuse, which was approximately two minutes. You could see someone calling me a coward with a 7,000 pound bomb. With the fuse burning behind my back. I lit the two-minute fuse at stoplight and I swear to god that was the longest stoplight i ever sat at in my life. I'm thinking, okay, it's lit. Green. Green! I'm down to, what, a minute 30? I pulled up to the building, pulled the parking brake, turned it off, and then I made sure my door was locked. Stepped out and walked across the street. The mission was accomplished.” – Timothy McVeigh; Ark TV: The McVeigh Tapes

“When you have a law that says you cannot go ahead when there is a red light. You can move when there is a green light. Then if these rules are respected; you move to enforcement. How many people cross the red light? How many of them are prosecuted. How fast you go? In this case this convention; of you stop when there is a red light and you move when there is a green light; was not existing in International Relations. Leaders can commit crimes and nothing happens to them. Nothing. And this was the first time; hey guys; leaders: Red Light. If you commit atrocities; that will be a problem for you. That is a concept. The enforcement we can discuss. But for the first time we changed the world; we put up Red Lights for leaders who commit massive atrocities.” - Luis Moreno Ocampo; IBA Global Insight: Former ICC Chief Prosecutor Luis Moreno Ocampo;

- **Military Intelligence Agencies Manchurian Candidates Psychotronic Pulse:**

  
  Re: Computer, Router and Mind Firewalls:

  Military intelligence agencies can breach any computer firewall. Minds don’t have firewalls; but if any citizen believes that their lies are hidden behind a mind firewall; because mind-reading technology does not exist; then their belief in their minds firewall is an illusion; because mindreading technology does exist and has existed for at least 30 years.

  Twenty years ago military technology was generally speaking at least 25 years more advanced than publicly available technology used by corporations. I don’t know if that gap has increased or decreased over the years; but whatever it is; it still exists. For example: since at least the early 1990’s military intelligence agencies have had technology capable of reading anyone on the planets minds; so they were and are capable of accessing anyone’s password: from my MWeb password which is less than 8 digits long; to Minuteman nuclear missile detonation passwords which are or could be hundred or more digits long; and changed weekly or hourly.

  See for example: Kathy Kasten: *The Voices In My Head?: Real time direct pulsing to the brain cortex via remote telemetry delivered from satellite based platforms, or possible subprojects of MKULTRA called Mensa and Scrabble Systems directly pulsed to the targeted brain cortex; and Timmy McVeigh Was Telling the Truth!: It’s Not Your Father’s Mind Control Technology* links available at: Pootin Bear: Masonic elite sawing at the branch they sit on.

  “Similarly mainstream Masonic Psychiatrists and Psychologists continue to pretend that psychotronic ELF technology does not exist; let alone being willing to consider how such psychotronic ELF technology is and has been used by military intelligence agencies; against their own or each others military and civilian populations.” -- 04 June 2015 8:15 PM; correspondence to Gen Martin Dempsey: Chairman Joint Chiefs of Staff & Gen John Mulholland: US Army Special Operations Command; Subject: EoP response to USASOC: DCoE.

06 June 2016: *Notice to IL PM Netanyahu & Mossad Y Cohen: Your removal as EoP Axis Coercion effective immediately*.

[12 Jan 2016] A psychotronic drone operator – from your or some other military intelligence agency – appears to have a problem. This has happened repeatedly before; and I have provided the individual with the response herein stated; psychotronically in my thoughts to him; now provided to you in writing.

Sometimes it occurs a few days a month; sometimes a few months goes by without this particular drone message. The drone messages started about 15 years ago; not too long after I noticed that thoughts entering into my consciousness were not generated by my own being or memory; but were being beamed into my head.

This particular message is similar or a version with similar wording as follows:

"Blow your goddamn fucking brains away; stick a fucking gun to your head bitch and blow your goddamn fucking brains away. Too goddamn fucking gutless coward to blow your goddamn fucking brains away fucking bitch."

My response: I notice the messages being beamed into my consciousness; find a quiet place and simply listen and let the individual beaming the fucking shit into my consciousness get over whatever the fuck his problem is.

Sometimes I respond with versions as follows:

"I'd be happy to blow my brains away you gutless fucking coward; once you get on a goddamn fucking plane and come and inform me to my goddamn fucking face why you think I should blow my brains away; and I consider your reasons justified. Alternatively find a goddamn fucking court and inform them why the fuck you think I need to stick a gun to my head and blow my goddamn fucking brains away you fucking gutless coward; and if your reasons are justified I'll provide you with the legal authority to do so; you fucking coward."

It is unclear whether the individual sending the messages is himself/herself being psychotronically manipulated by another intelligence agency; or whether s/he is simply so stressed from the fucked up psychotronic warfare – school shootings etc – stuff they are required to engage in; that s/he is simply projecting what is being beamed into their consciousness; as a way to cope.

Alternatively the individual may be ordered to engage in this psychotronic shit; and does not have the courage to refuse the order. Until the individual is found; and can clarify why s/he is doing what s/he is doing; it is unclear what the circumstances of the individual or individuals are; who are doing this shit.

I don't take it too personally; although it is unpleasant – not unlike a nigger on crack with their boombox blasting into your skull. There is only so much mindfulness you can handle such noise and anger from a plausible deniable source; who has no honour or integrity about declaring themselves to you; and providing context and/or reasons for their actions.

If there is an individual in Israel’s Prime Ministers Office or the Mossad with Igor Strelkov’s -- I Am Responsible for War in Eastern Ukraine -- buck stops here honesty and honour capacity to take responsibility for his actions; they are more than welcome to take personal responsibility for their fuck honour actions and provide me with their written reasons and justifications for their recent and ongoing fuck honour psychotronic coercion actions against me since 24 April 2016 [EoP v WiP NWO Neg: Popular Resistance; Diary of a Negress]; if any exist besides their fuck honour kaffir kike characters. If any such reasons and justifications are provided; I shall provide them with my written apology and the withdrawal of their removal as EoP Axis coercion authorities.

Any Israeli citizen who wants me to blow my brains away on South African soil; should find his goddamn fucking kaffir kike balls; inform my parents that he is going to get on a goddamn fucking plane and arrive at our front gate to inform their daughter to blow her goddamn fucking brains away on South African soil; because the kaffirs who call themselves jews; do not give a fuck about honour and honourable resolution of EoP and WiP negotiations; for me to depart the planet according to my preferences.

If you have got something to say to me; macho special forces assassin; prime minister who is incapable of stringing one goddamn fucking buck stops here honest sentence together; whomever the fuck you are; who wants me to blow my goddamn brains away in a dishonourable way; find your goddamn fucking balls if you have any; find your honour and honesty; if you ever gave a fuck about honour and honesty; and arrive on my goddamn fucking doorstep; you gutless fucking two faced coward.

Subject: Urgent Invitation: DHS/CRCL Orlando Shooting (ICCT) Conference Call Today

Dear Community Partners,

The U.S. Department of Homeland Security Office for Civil Rights and Civil Liberties (DHS CRCL) is activating its Incident Community Coordination Team (ICCT) national conference call mechanism to discuss the attack on the Pulse Nightclub in Orlando, Florida. Please join us for a conference call today, June 13, 2016 at 5:00 PM EDT.

The ICCT is the only tool of its kind available for rapid two-way communication between the federal government and impacted communities in the aftermath of a homeland security incident or emergency. The ICCT national call provides timely information to communities and allows them to provide feedback to senior government officials. Senior leadership from DHS and other federal agencies will join us for the call, including the US Department of Justice, the FBI, and other interagency partners.

While the matter is still under active investigation, DHS CRCL has already heard from many of you who have expressed concerns and requested information and points of contact as a result of this incident. We would like to emphasize that if members of your community have been or may be the targets of possible hate crimes, you should contact your local police department right away.

Information for the ICCT call is below:

Date: June 13, 2016
Time: 5:00 PM EDT

Call in information:

Dear sir,

My heart goes out to the people of your city! I feel deeply sorry for their great loss, the immense pain. I wish you all the strength, wisdom and courage to keep a calm mind by this brutal and violent attack of our freedom.

Most of all I wish you, the people of your city, your teams and everybody who did come to immediate action and rescue lots and lots of love, to overcome this. There is no other gesture possible than just a big, big hug! Take care.

Chief Mina:

You may or may not recall me from our time spent on the Camaraderie Foundation Board together however I’ll make this brief. Our business is very close to this tragedy site so we visited with one of your officers early this afternoon indicating we’d like to offer up assistance in a couple of ways:

1) Since we are in the commercial truck business we are more than happy to stage a 22 foot reefer rental truck at or near the tragedy site to keep cold refreshments in and/or ice. We would be glad to fill it with ice and refreshments if needed.

2) Also, we own the old Merita Bread location that is now demolished at the corner of I-4 and Kaley Avenue (9 acres). It has room for parking for any of the trucks or equipment that you see fit and we would be willing to donate that space for an indefinite period of time as well.

We can’t thank you enough for the tremendous job you and your organization are doing for this community to keep us safe by putting yourselves in harm’s way each and every day.

God Bless,

Dear Mr. Mina,

As Orlando, the country and the world comes together, we mourn the loss of loved ones, we pray for our survivors to recover, and for all of the families who are suffering.

I also pray for the men and women of the Orlando Police Dept. and your families because you put your lives in danger every day of the year.

The swift, brave and heroic actions of the men and women of the OPD on that Sunday morning saved countless lives. With the eyes of the world upon you you've shown exemplary and flawless work as a well-oiled machine of law enforcement.

I know you and each of your officers have worked tirelessly and will continue to do so, but I just wanted you to know how proud I am of all of you and how much respect I have for each of you and the job you just accomplished and will maintain in the future to keep Orlando safe.

You guys ROCK!! “Orlando Strong, Orlando Safe”

Subject: Maudlin International Trucks -- Donating Assistance

Chief Mina:

You may or may not recall me from our time spent on the Camaraderie Foundation Board together however I’ll make this brief. Our business is very close to this tragedy site so we visited with one of your officers early this afternoon indicating we’d like to offer up assistance in a couple of ways:

1) Since we are in the commercial truck business we are more than happy to stage a 22 foot reefer rental truck at or near the tragedy site to keep cold refreshments in and/or ice. We would be glad to fill it with ice and refreshments if needed.

2) Also, we own the old Merita Bread location that is now demolished at the corner of I-4 and Kaley Avenue (9 acres). It has room for parking for any of the trucks or equipment that you see fit and we would be willing to donate that space for an indefinite period of time as well.

We can’t thank you enough for the tremendous job you and your organization are doing for this community to keep us safe by putting yourselves in harm’s way each and every day.

God Bless,

Mike B. Maudlin

Any officer significantly exposed to any kind of bodily fluid from the incident at Pulse need to notify the Exposure Hotline at 407.200.5490 or 888.807.102, listen to the message, and choose option 2. This Hotline is available 24 hours a day, seven days a week, and is staffed by a registered nurse trained to assess the exposure. There were too many exposures for any one supervisor to do so we are asking the officers to do it themselves.

If you were exposed and are notifying the Hotline you must do an Investigative Supplement with the information to case #2016-242683 and reference the exposure stemmed from the Pulse incident. The initial report has already been completed so you can simply add a supplement.

June 12th was one of the most devastating days in our region’s history. We lost 49 of our neighbors in the early morning hours due to the horrible acts of one man.

Like many of you, we are struggling to come to grips with this tragedy, how it happened and how to prevent it from happening again. In the days and weeks that follow, this will be investigated and debated by experts around the nation. Presently, all we can do is support our community and provide aid where it is needed.

From the Orlando Police Department to brave civilians and medical personnel, we saw unprecedented heroism. We’ve also seen an outpouring of support from the community, with people waiting for hours to donate blood and offer their assistance. We have been contacted by other United Ways and individuals around the world offering their support and prayers.

Recovery efforts are currently being organized by community groups; as we have more information, we will update our #OrlandoUnited page with information on where to volunteer, give blood or donate to victims and their families.

If you, your employees or your loved ones are in need of emotional support, the 2-1-1 Information and Assistance Crisis Helpline is available 24 hours a day, seven days a week, via phone, text, chat or email. Simply dial 2-1-1, text your zip code to 898-211, or visit the 2-1-1 website.

Orlando is made up of courageous and resourceful individuals. Our city is defined by how we respond to this tragedy, how we come together and how we treat one another.

We will need the collective strength of our community over the coming months. Through the darkness we will show the world that we are #OrlandoUnited.

Thank you,

Robert H. (Bob) Brown

All of us are deeply saddened at the horrific events of yesterday. And, through it all, we saw the joining of our community unlike anything I've seen before. Our beautiful city has been attacked by hatred. We will not define our city by this event, but rather by how we respond. The Christian Service Center, along with the City of Orlando, stands ready to help in the healing of our community. We are uniquely poised to reach out to our faith community as a voice of help restoring our community and building even better bridges through which we can serve.

As we heal, please know that the Christian Service Center stands ready to assist in any way we can. You can reach us through our main email at emailus@christianservicecenter.org or by calling us at 407-425 2523.

Let’s show the world that the qualities that define us are stronger than any attempt to divide us.

Jody, ok, I told the group I thought Chief could sign-off on an 18A without it going to City Council, but wasn't 100% sure. However, someone has to complete the form, and presumably that should be Equality Florida. Michele and Matt have been coordinating with Equality Florida.

Mayanne and Jody,

follow-up on your mention yesterday about suspending certain City regs...we have gotten specific questions about the vigil at the Dr. Phillips Center for the Performing Arts lawn tonight. Equality Florida is "sponsoring" the event tonight, but it's a community (I believe the Mayor is attending).

So, question is what's required to waive or suspend the 18A, if it is required? Second, DPAC has asked about liability responsibility in such circumstances, ie, if no 18A (although I imagine DPAC and Equality Florida could complete a standard use agreement, just no fee involved?).

Michele and Matt can provide any additional information if needed.

Look forward to your guidance on the above.

Thanks.

Unless it has alcohol or needs a noise waiver, the Chief can sign. Alex is going to get ahold of Michelle and help get this done.

Also, there is no good reason to pander to followers of Islam after such an horrendous killing spree where 50 of your fellow unarmed Americans were gunned down in cold blood and shot in their backs - the lives of hundreds affected forever by the carnage – just as many others in the US and around the world have been slaughtered in recent months.

This ideology has nothing but bad in store for you and me and those who cover up the ideology and pretend that it is just a religion of peace have not read their books nor do they understand that the intent is to pretend that all is fine with their beliefs. those beliefs teach that we are inferior and that they will dominate over us...peace to them is when we are under their thumbs and can no longer defend our people, our freedoms and our children.

Look around the world and see how leftists are helping these Islamists by allowing them into the conversation without challenging their hatreds and their belief in world domination. Terrorism is by definition the preponderance of evidence an Islamic war against us all.

Why is that Imam allowed the same stage with your top brass to cover up the fact that Islam is at the root of jihad, hate, sharia and all that is plaguing the world today with respect to Islamic terrorism? Thanks, Gary

Mr. Gerofsky,

Thank you for reaching out to the Orlando Police Department with your concern. The Orlando Police Department does not employ any religious leaders. However, we foster a very strong relationship with the majority of the community faith based leaders in Orlando and we value their judgment.

If you have any further questions or concerns, please do not hesitate to contact me at 407-246-2401.
To Mayor Buddy Dyer:

I observe on CNN that the Orlando police force and government employs an Islamic Imam (Imam Muhammad Musri of the Islamic Society of Central Florida) to give his biased assessment of terrorism in Orlando alongside police authorities to provide the propaganda component and to get ahead of the news. Why not a priest or rabbi?? Why is a terror-supporting Imam who helps fund Hamas part of any public presentation to calm the nerves of Americans?

See:

and

Why do the police allow one religion above all others to present what should be ONLY a law enforcement announcement/information? Perhaps that was a preemptive attempt to make sure the “religion of peace” is not held responsible for 50 + more murders in the world where millions have been killed in Islam’s name over the past 5 years.
It begs the question how an Imam is allowed so much access and power with law enforcement agencies and why he would be allowed to whitewash Islam before the facts are established. And the facts point to Islam’s militant branch – ISIS. Whatever you call it, whether it is ISIS, Hamas, Hezbollah, Al Qaeda, it all refers back to Islam for its guide and inspiration.

Do not let CAIR or any Islamic apologists for terrorism or any Imam directly involved in funding the kind of violence, anti-Americanism, anti-Semitism, misogynist, anti-gay Islamism that aims to kill all non-Muslims, make us into dhimmis and aims to replace democracy with jihad, sharia and slavery.

Hello Evelyn,

The Sheriff will be having a meeting with some of the stakeholders from the International Drive area tomorrow morning and they have also invited Chief Mina to attend. The meeting will be held at the Embassy Suites located at 8250 Jamaican Court at 8:00 a.m. and should last approximately one hour. If Chief Mina cannot attend, the Sheriff would like for him to send a representative.

I tried to speak with our stakeholders and have been on the phone most of the day so they wouldn’t feel like they needed to reach out to you as I know your plate is full. My meeting with Maria Triscari and David Vallillo from the Chamber at 0900 in the morning has turned into about 25 or more people. There will be some board members from the Chamber, Lex Veech and Tim Wood (OCCC), Dan Rimmer (Sea World) Phil Caronia, Ron Howard and Moses (Rosen Properties), John Stine (Orlando Eye), Josh and David Wallack (Mangos) Susan Godorov (Point Orlando), Michael Cords (Marriot World Center) to name a few. I have spoken with most of our partners during the day and made sure Ms. Johnson and Ms. Canning were invited to the meeting also. The meeting has continued to grow.

Ms. Triscari would like you to organize a meeting with all of the stakeholders and have yourself and Chief Mina speak and calm a few nerves as soon as it is possible. I told her I would make you aware of the request and would coordinate with Ms. Baugher once things settled down if you were available.

I have stepped up a few things I will cover through my Chain so Major Demps has it available for discussion tomorrow.

The swift, brave and heroic actions of the men and women of the OPD on that Sunday morning saved countless lives. With the eyes of the world upon you you've shown exemplary and flawless work as a well-oiled machine of law enforcement.

I do hope that you and your staff are keeping as well as is possible in such circumstances. My own thoughts and prayers are with you and your city in this tragic time.

I’m a producer at BBC national radio, and I’m emailing to ask whether you or one of your colleagues would be able to speak to us at 6pm your time this evening, and bear witness to what has happened in Orlando.

I appreciate that now, more than ever, you must be very busy. So I’d be genuinely grateful if you could spare five minutes or your time at 6pm this evening to speak to our listeners.

It’d be fine for us if this were on the telephone. Something taped might also be possible, at some stage between 3.30pm and 5pm.
With very best wishes

Sound good?

I believe the message is the need for more Homeland Security funding for Florida, specifically Orlando, in the form of UASI Grant; and the need for Florida leadership to work with Orlando leadership to ensure Orlando UASI is restored in 2017.
Do you have a specific agenda item you want to discuss at the pre-DSOC UASI meeting? I just want to make sure we don’t get bogged down talking about backfill and overtime. 😊

On behalf of the Muslim community of, we would like to express our shock, sorrow, and condemnation of the murder of 50 people this morning in Orlando, Florida. As proud Americans, we reiterate our commitment to peace, safety, and security of our nation, as well as our solidarity with fellow Americans.

Aml Council joins the nation and all peace loving people across the world in condemning this heinous crime against humanity. Once again innocent human beings are the victims of hate. This sad tragedy serves as another reminder that extremism, hate and terror are our common enemy and recognize no faith, race, color, nationality or origin.

Aml Council commends the Orlando Police Department, the FBI and all the other law enforcement authorities for their swift action saving lives and for not rushing to judgment under their sensitive and difficult times.

The committed crime is a crime against all of us and all decent human beings around the globe condemn this heinous crime.

AML COUNCIL asserts that the demographic background of the shooter does not and should not implicate a whole demographic group.
AML COUNCIL reiterates its concern over gun violence and urges reform of gun laws to ensure the safety of all human beings and to put an end to mass shootings.

“It’s another sad day in America,

Someone is using Religion to justify the horrific acts committed and taking innocent lives," said Imam Helmi Abufarah Elagha, AML COUNCIL Executive Director. "It’s another tragedy motivated by hate. We again emphasize the need to spread a culture of respect for the human rights of everyone and foremost of these rights is the right to life. Dear Chief Mina,

I’d like to invite you to meet our Enterprise Sales Representative, Jeff Hill, during the Florida Police Chiefs Association Annual Summer Training Conference & Exposition in Bonita Springs, FL (August 1st to August 3rd)
http://fpca.com/summer-conference/

If your department is not planning to attend the conference, I’d be glad to schedule a visit at your convenience. Police departments struggle to balance a limited budget with the need for longer video retention and better equipment. Spectra offers affordable and reliable data storage, designed specifically to address the needs of police departments like yours.

Looking forward to hearing from you.

Best Regards,

Carol Bentz

PS: I spoke to your assistant Norma today to express my condolences to your department and to the City of Orlando. I was deeply moved by your letter. Thank you for your service and I hope your team finds the strength, determination and patience to navigate these difficult times.
Dear City of Orlando;
The following independent research proving media/Hollywood liability and others who are self-admitted terrorists planning 9-11 and stopped by this writer from doing 9-11 #2 involving blowing up the Seras Tower in 2005 and attempting to insinuate that I am a terrorist in a plot to attempt to smear my reputation and conspire to kill and rob me of my multi-billion dollar rights gleaned with my "Batman" publicity stunts in Chicago in the 80's and 90's as the PDF of my website; "Americafirstbill.com" shows is being sent to you to aid you in understanding the cause of the unwarranted attack in your city at the Pulse nightclub and help the victims families file successful lawsuits for compensatory and punitive damages for intentional homicide and provide you with data for your support in my work to reverse the unjustified deceptive practice of the media/Hollywood causing terrorist groups to believe America stole the oil in Iraq and inducing anti-American sentiment giving rise to unjustified attacks on innocent Americans..

We cannot sit idle and allow the media/Hollywood to usher in a wave of terror in America to sell papers like this is a movie in a surreal psychotic sociopath arena akin to a circus act like Americans cannot stop this and bring these defendant's to court and hold them accountable for intentional homioide...

This is reality and real people are being victimized and defrauded and killed and all of America's accomplishments over the centuries in civil rights etc; being eradicated like we don't have the legal right to protect our American dream, investments and future ..... 

Fact 1 - 1991 UN Accord's were violated by Saddam Hussein forfeiting half of the oil in Iraq to the US Treasury and the media ignored it and after 9-11 continued to conceal that this pays for the war and Al Qaeda cannot financially attack the US and the media further induced the Al Qaeda attack causing deficits and high taxes etc all over the US inducing this financial attack and fomenting that America stole the oil and giving rise to Al Qaeda and ISIS...

Fact 2 - If the media/Hollywood would have gotten the oil to the Treasury in 1991; and given a social security like payment to the Iraqi and Afghanistan people like they have long fought for and are rightfully owed and monies for middle east peace allowed for the Gaza Strip peace talks that Bin Laden, Yasser Arafat and Saddam Hussein denied their people scapegoating them and making them live in poverty and in war; there would be no Al Qaeda or ISIS rising at all...

Fact 3 - The media is liable and self-admitted traitors hiding in Chicago profiting from pre-knowledge of 9-11 and attempting to do 9-11 #2 from Racine, WI and from Webster Groves, MO who obtained monies from CBS MIL, WI with Renee Riddel Forer CBS MIL, WI anchor woman are liable for their collaboration with the media and proof of their bank account millions available for prosecution evidence showing their monies after 9-11 will be used effectively in any court to show their active role in plotting terror and attempting to insanely blame me and attempt to murder me and rob me of my multi-billion dollar rights etc...
FACT4- FLORIDA JURISDICTION IS PROPER TO PROVE THE VICTIMS OF THE PULSE ATTACKS ARE OWED MONIES BY THESE TWO PRIMARY COMPANIES PLOOTING 9-11 AND AIDING ANTI-AMERICAN TERROR AS WELL AS THE FLORIDA LOCAL, STATE AND FEDERAL GOVERNMENTS FOR INTENTIONALLY RAISING DEFICITS, TAXES AND ATTACKING SOCIAL PROGRAMS, PENSIONS, SALARIES AND ANY OTHER ACTION CAUSED AFTER 9-11 THAT IS DETRIMENTAL TO CITIZENS AND TAXPAYERS CHOKING THEM OUT OF MONIES, SERVICES AND EVEN DEFRAUDING INVESTORS AND BANKS, CORPORATE STOCK HOLDERS, US CORPORATIONS AND STRANGLEHOLDING US FOREIGN POLICY IN AMERICA'S FAVOR ...

FACT5- WHEN THE AMERICAFIRSTBILL.COM PROPOSAL IS LAW; THERE WILL BE DOUBLE CAPITAL FOR ALL INVESTORS, MILLIONS OF CORPORATE JOBS CREATED IN AMERICA, WORLD GOVERNMENTS DOING EXACTLY WHAT THE US WANTS IN FOREIGN POLICY BEFORE THE DEVALUED CURRENCY COMES OUT OF DEVALUATION AND IS REJUVENATED ETC.

HERE IS THE PROOF THAT THE MEDIA DOES NOT WANT TO TELL YOU BECAUSE THEY CAUSED THE INSANE SICKO SMOKE AND MIRRORS DECEPTIVE PRACTICE CON JOB ON AMERICA AND ABSOLUTELY THEY ARE LIABLE TO ALL AMERICAN'S.

FACT6- I FERNANDO FONTANEZ HAVE THE RELIABLE BACKGROUND VERSES THE SELF ADMITTED TRAITORS WHO HAVE ZERO CREDIBILITY AND I EVEN HAVE A RELIABLE HONORABLE MENTION BY THE FORMER CHIEF OF THE FBHI'S COUNTER- TERRORISM UNIT JOHN O'NEILL ETC; WITH PROVEN VERIFIED ACTIONABLE INTELLIGENCE TO PROVIDE TO ANY COURT IN ANY JURISDICTION IN SUPPORT OF STOPPING THE UNJUSTIFIED AL QAEDA ATTACK ON OUR CURRENCY, PEOPLE AND COUNTRY AND THE MANDATORY RESTITUTION LAWS FORCING THE COMPENSATORY AND PUNITIVE MONETARY JUDGEMENTS IN FAVOR OF ANY FILER AGAINST THESE DEFENDANTS AND FURTHER CAUSING A FEDERAL GRAND JURY TO FORCE THE CONGRESS TO ADOPT THIS BILL PROPOSAL AND CONVICT THE DEFENDANTS HIDING IN CHICAGO; MARY KENDRIGAN, SCOTT THOMPSON, LAURIE LUCAS, LEIGH ASWAD AKA; THOMPSOM, RENEE RIDDEL, OLGA VILLAREAL ETC.

Kathy –

I talked to Brad Johnson and Victor de Leon who handle intergovernmental affairs for DHS. They told me that the City needs to start immediately working with the Florida Division of Emergency Management, the State Administrative Agency (SAA) for FEMA and homeland security grants. I told him that I was sure that the City was already working with them, but this is where we need to start if we're not already.

Operational overtime expenses are a potentially eligible expense for reimbursement, but the federal funding flows through the SAA and would need to be pursued through them. They suggested that the State could potentially reprioritize UASI money if there was any left on the books or through the State Homeland Security Grant Program. So the City would apply to the State and then the SAA was seek approval from FEMA for the reprioritized funds. Unfortunately, there isn't a direct avenue for funding through DHS and FEMA, and we'll have to work through the State first.

Also, we discussed the UASI ranking issue. As expected, they will not be revisiting the FY2016 allocations, but this incident would definitely impact the analysis in FY2017. The threat piece of the risk analysis includes 2 years' worth of data so this will definitely be part of the assessment for FY2017 funding.

Finally, in anticipation of more questions as this process moves along, they provided me with both of their cell numbers in case the City has any additional follow up questions. I'm including them below in case your law enforcement folks want to reach out to them directly. I would recommend them starting out with Brad, who is in charge of intergovernmental affairs for DHS.

Orlando Mayor Buddy Dyer to Attend Community Vigil Hosted by Equality Florida

June 13, 2016 - ORLANDO, FL - Orlando Mayor Buddy Dyer will be joining the community this evening at 7:00 p.m. on the Seneff Arts Plaza at the Dr. Phillips Center for the Performing Arts (445 South Magnolia Avenue, Orlando, FL 32801) for a community vigil organized by Equality Florida.

The outpouring of support for the Orlando community has been tremendous. The City of Orlando appreciates all Orlando residents, community organizations and business owners who are planning individual events. The City is asking that as these are planned, that mass gatherings in public places are not created. Instead, the City asks that these events are coordinated in places of worship, private community gathering spaces and other appropriate locations for these smaller gatherings.

The City of Orlando is working to plan an official memorial service in the near future to honor the victims and all those involved in this horrific crime. The City will update the public as soon as possible when we have information. Thank you for ensuring that we remain a #UnitedOrlando.

For media inquiries, please continue to email me directly at Cassandra.Lafser@cityoforlando.net for any and all media requests. With the volume of media inquiries, email will continue to ensure your inquiries are received, logged and responded to as soon as possible.

Again, thank you all for your patience, support and understanding during this time.

Byron, the OPD office is very small. We continue to look for another space for OPD as we'd like the office to be in the city as compared to the county. There is no restriction for this additional use on our current space though.

Lake Nona has an agreement for the City to one day, purchase land from them behind the Publix that is on Narcoossee. One thought was that if we ever bought the land and built a fire station on it, that an extra wing could be built for the OPD substation. The location is on Selten Way and Lauret Blvd. - just south of the OCPS middle school and behind a shopping center. I've attached a map. You can see the parcel just east of the wetlands. I believe it's about 2 acres or perhaps a little more.

Byron, I didn't think there was available space, but double checked. There is definitely not sufficient room in the substation to accommodate this request.

On Friday, June 10, 2016, BYRON BROOKS <byron.brooks@cityoforlando.net> wrote:
Chris, Laurie and Chief,

Commissioner Gray spoke with me yesterday about his interest in opening a district commissioner satellite office in the Lake Nona area in the foreseeable future. The purpose is to provide residents and constituents from that area a much closer location to meet with him as opposed to having to come downtown to City Hall when they want to talk to him about various neighborhood matters. His goal is to find a place at no, or minimal, cost to the City. He would cover all associated cost (any build-out, furnishing, etc.) out of his office or capital budget (cost may also include one P/T person that would staff the office about 15 to 20 hours a week).

I included you, Chief, because he asked if the space the City currently leases for the OPD substation has sufficient room that is not being used and could be an option? He's looking for a small amount of space that would allow for a small lobby and a separate room (perhaps that equates to about 300 sq ft(?)). So, Chief, what do you think?

Chris and Laurie, he also asked if there is any prohibition with a property manager/landlord donating space for this purpose. I mentioned the arrangement we have with Denny's on S.R. 436, which I believe is free, but would bring this to Laurie's attention to advise him.

Thanks.

Sheriff,

I tried to speak with our stakeholders and have been on the phone most of the day so they wouldn’t feel like they needed to reach out to you as I know your plate is full. My meeting with Maria Triscari and David Vallillo from the Chamber at 0900 in the morning has turned into about 25 or more people. There will be some board members from the Chamber, Lex Veech and Tim Wood (OCCC), Dan Rimmer (Sea World) Phil Caronia, Ron Howard and Moses (Rosen Properties), John Stine (Orlando Eye), Josh and David Wallack (Mangos) Susan Godorov (Point Orlando), Michael Cords (Marriot World Center) to name a few. I have spoken with most of our partners during the day and made sure Ms. Johnson and Ms. Canning were invited to the meeting also. The meeting has continued to grow.

Ms. Triscari would like you to organize a meeting with all of the stakeholders and have yourself and Chief Mina speak and calm a few nerves as soon as it is possible. I told her I would make you aware of the request and would coordinate with Ms. Baugher once things settled down if you were available.

I have stepped up a few things I will cover through my Chain so Major Demps has it available for discussion tomorrow.

I was contacted by Phyllis Vaughn from the Florida Division of Emergency Management a few minutes ago. She was asking for an estimate of our expenses. I told her that this is a very different event and that we were actively tracking costs, but we had very little experience to estimate the costs. That seemed to be ok for the time being, but this will probably come up soon.

Additionally she mentioned that apparently someone purportedly from the City asked DCF for mental health funding. Given that I doubt this came from the City (more likely from the County), I said so. Phyllis said that we need to enter something into EM Constellation if we want State funding. I will call Donna Wyche at the County and see if they are requesting this, but I bet Donna will know to do this.

I talked to Brad Johnson and Victor de Leon who handle intergovernmental affairs for DHS. They told me that the City needs to start immediately working with the Florida Division of Emergency Management, the State Administrative Agency (SAA) for FEMA and homeland security grants. I told him that I was sure that the City was already working with them, but this is where we need to start if we're not already.

Operational overtime expenses are a potentially eligible expense for reimbursement, but the federal funding flows through the SAA and would need to be pursued through them. They suggested that the State could potentially reprioritize UASI money if there was any left on the books or through the State Homeland Security Grant Program. So the City would apply to the State and then the SAA was seek approval from FEMA for the reprioritized funds. Unfortunately, there isn't a direct avenue for funding through DHS and FEMA, and we'll have to work through the State first.

Also, we discussed the UASI ranking issue. As expected, they will not be revisiting the FY2016 allocations, but this incident would definitely impact the analysis in FY2017. The threat piece of the risk analysis includes 2 years' worth of data so this will definitely be part of the assessment for FY2017 funding.

Finally, in anticipation of more questions as this process moves along, they provided me with both of their cell numbers in case the City has any additional follow up questions. I'm including them below in case your law enforcement folks want to reach out to them directly. I would recommend them starting out with Brad, who is in charge of intergovernmental affairs for DHS.

Hi Everyone,

Following the terrible shooting in Orlando over the weekend, we wanted to share some suggested messaging.

In a nutshell, this messaging attempts to counter narratives that single out individual communities, and to refocus on our nation’s values.

Please let us know if you have questions or concerns, or if we can assist with media inquiries, letters to the editor or other opportunities.

Many Thanks,
Dan

** TALKING POINTS REGARDING THE ORLANDO SHOOTING **

** Lead with strong messages condemning the attack before moving on to messages about not fearmongering or targeting specific communities. We need to recognize people’s outrage and fear and gain their trust and credibility so as not to sound tone-deaf.**

Emphasize messages on the need for all Americans to stick together, not turn on each other or single anyone out because of their ethnicity or faith (including our immigrant neighbors).

- Our hearts go out to the victims and their families, friends and neighbors. Our thoughts and prayers are with them.
- Any attack against America is an attack against all Americans, regardless of our faith, ethnicity or other differences. And all Americans are united in our revulsion at this horrible attack.
- Addressing fear with more fear does not solve the problem.
- Terror attacks are meant to divide us. Every one of us has a responsibility to say, “We will not be divided.” In the wake of this tragedy, it is more important than ever to stand together with people of all faiths and origins, united against extremism and hate.
- This tragedy reminds all of us that senseless violence and the feeling of fear that follows should never be tolerated; it’s simply not in our DNA. The resolve of our nation is stronger than that, and like every American we move forward with that resolve to keep each and every one of our neighbors safe.
- We will continue to learn more about this attack and the suspect. It is irresponsible to jump to conclusions amid an ongoing investigation.
- It’s shameful that some candidates and others are fearmongering and demagoguing entire religions and immigrant communities. Such a misguided and callous response does not make the nation safer.
- The worst thing we can do is play into the hands of extremists by making this into a clash of civilizations.
We must all be vigilant in protecting the American values we hold dear. We must defend the freedoms that are the foundation of our democracy: freedom of religion, freedom of speech, freedom of the press. These are the freedoms that define western civilization and have always set America apart.

Now more than ever, our nation’s civic leaders at all levels need to lead by example. They must make the case that as members of this experiment we call America, whether you are Christian, Jewish, Muslim, atheist or otherwise, we have a mutual responsibility to extend our hands to each other.

This is no time to single out any religious or ethnic group. It is a time to come together as a nation and stand with the victims and their families.

Banning a religion from entering the U.S. or targeting a religious community already here is un-American.

Terrorists want to scare Americans and pit us against one another. But we are stronger and safer when we stick together. The job for Americans now is to remain united and work together for a practical, pragmatic response that involves streamlined law enforcement, mutual responsibility of Muslim communities and all communities, and the protection of civil liberties and respect for hardworking immigrants.

A strategic response to this attack and the threat of terrorism, homegrown or foreign, begins with an emphasis that our fight is not against any one religion or group of people. The fight is against radicals and extremists, no matter their affiliation. Closing America off from an entire religion is not who we are.

Much like dealing with violent gangs, the best way to fight the radicalization narrative is to build capacity within our own communities to counter them. We need to help communities thrive, not alienate them.

Immigration-specific talking points (only if you are pressed on immigration specifically):

- This tragic act of homegrown terrorism is not about immigration, it is about the loss of 50 lives in an act of hate.
- The suspect is American. He was a citizen, born in the U.S.
- The United States has benefited tremendously over the years because of the contributions of immigrants and their children, and we should not and cannot turn our back on our long and proud tradition of welcoming newcomers to this great nation.

I am still overseas and traveling all day tomorrow.

If Rebecca and Chris agree, next steps may be for Manny and Fazie to contact Phyllis Vaughn from the State just to be sure we know what the next steps are as well as to be sure we are clear in the types of costs eligible and the process involved.

In the meantime, emails will be going out to OPD and OFD regarding how to track their time in Kronos using the disaster worktags. Also, an email will be going out regarding how to track other costs incurred as well.

On a side note, being in London, it has been heart warming to see the amount of international support towards our City and the precious victims.

I was contacted by Phyllis Vaughn from the Florida Division of Emergency Management a few minutes ago. She was asking for an estimate of our expenses. I told her that this is a very different event and that we were actively tracking costs, but we had very little experience to estimate the costs. That seemed to be ok for the time being, but this will probably come up soon.

Additionally she mentioned that apparently someone purportedly from the City asked DCF for mental health funding. Given that I doubt this came from the City (more likely from the County), I said so. Phyllis said that we need to enter something into EM Constellation if we want State funding. I will call Donna Wyche at the County and see if they are requesting this, but I bet Donna will know to do this.

Kathy –

I talked to Brad Johnson and Victor de Leon who handle intergovernmental affairs for DHS. They told me that the City needs to start immediately working with the Florida Division of Emergency Management, the State Administrative Agency (SAA) for FEMA and homeland security grants. I told him that I was sure that the City was already working with them, but this is where we need to start if we're not already.

Operational overtime expenses are a potentially eligible expense for reimbursement, but the federal funding flows through the SAA and would need to be pursued through them. They suggested that the State could potentially reprioritize UASI money if there was any left on the books or through the State Homeland Security Grant Program. So the City would apply to the State and then the SAA was seek approval from FEMA for the reprioritized funds. Unfortunately, there isn't a direct avenue for funding through DHS and FEMA, and we'll have to work through the State first.

Also, we discussed the UASI ranking issue. As expected, they will not be revisiting the FY2016 allocations, but this incident would definitely impact the analysis in FY2017. The threat piece of the risk analysis includes 2 years' worth of data so this will definitely be part of the assessment for FY2017 funding.

Finally, in anticipation of more questions as this process moves along, they provided me with both of their cell numbers in case the City has any additional follow up questions. I'm including them below in case your law enforcement folks want to reach out to them directly. I would recommend them starting out with Brad, who is in charge of intergovernmental affairs for DHS.

SIRS,

My love and prayers and sympathy to the CITY OF ORLANDO, most especially to your FIRST RESPONDERS! MY DEAR GOD THE HORROR THEY WITNESSED!

Many efforts are being made for the injured in the horrific events of last Saturday night indicative of the kind nature of people and indeed that kindness and responsiveness is reassuring to see.

My concern here is for the FIRST RESPONDERS! I want to honor them!

My heart and mind grieves for them, for what they witnessed and for what they will have to live with for the rest of their lives. I could never put into words the respect and gratitude I feel for FIRST RESPONDERS, FIRE, POLICE, EMTs, EMERGENCY MEDICAL DEPARTMENTS. The COLUMBINE MASSACRE brought home to me the implication of what they witness, then 911. Thinking deeply about what those brave FIRST RESPONDERS witness—— my heart broke for them. We need to recognize and honor them in greater fashion than we do !!!!

Soon after that I created and for several years maintained a large roadside garden to honor them (at the time, I lived across from a FIRE STATION in Chapel Hill). Indeed, three of my own children are FIRST RESPONDERS in various cities!

Here in Seattle we have the very impressive MEDIC ONE! I confess I do not know and could not determine if this is a part of FIRE DEPARTMENTS nation-wide. Does Orlando have a MEDIC ONE unit?
I would like to do something to honor the FIRST RESPONDERS who ministered to the horrific events of last Saturday / Sunday in Orlando. I do not mean just sending flowers! Although my contribution will be a modest one, I want it to be directed to them.

MEDIC ONE is an organization I BELIEVE AND KNOW. Even a small contribution to MEDIC ONE would be meaningful and worthwhile! Is there one in Orlando? If not, may I ask your advice on an alternative.

Thank you and God Bless the CITY of ORLANDO!
Nice thanks

On 06/13/2016 at 15:30HRS, FBI Miami Command Post conducted a joint on scene meeting with the following law enforcement entities: Orlando Police Department, FDLE, ATF, DEA, FHP, FBI ERT, and Orange County Sheriffs Office. The following items were addressed:

- MCP will conduct regular joint briefings daily at 0800HRS in front of the PULSE Nightclub (during the ERT morning safety briefing) and at 1530HRS at the ATF Command Post (Bus) until the scene is clear

- Coordination with FDLE and Orlando PD are ongoing concerning the removal of victim vehicles along South Orange Avenue - South of Harding Street and East of Orange Avenue. FDLE provided a list to the MCP of License Plate and vehicle registration for possible victim's vehicles in the vicinity. The MCP will provide the list to the Orlando CP.
- Discussions to decrease the law enforcement zone along South Orange Avenue, where to park CP vehicles, issues with media presence/onlookers are ongoing. MCP is working with Orlando PD to determine the availability of a vacant lot West of Pulse night club. MCP is attempting to locate the owners of the vacant lot along with Orlando PD to gain access to the lot. MCP conferred with SSA Crenshaw regarding the vacant lot and the attempts to contact the owners

---

Currently due to ERT priorities to concentrate on the exterior of the crime scene while continuing to document the interior scene, the availability of the ERTU is aware of the requests and continuing with the processing as diligently as possible.

Miami MCP terminated operations last night just after midnight when the final victims were removed from the building.

Miami MCP resumed operations at 0700.

Accountability has been established for all FBI assets on the scene. An accountability spreadsheet will be forwarded at the end of shift each day to OrlandoCP@ic.fbi.gov

An 0800 safety/operational brief by ERT will be conducted daily to establish priorities of the day and additional resource needs. Miami CP will initiate the accountability spreadsheet for the scene each day by 9am, after coordinating with all FBI assets on scene.

MCP requests that all assets responding to the scene to assist with the evidentiary efforts please report to the MCP. Accountability will be maintained by there individual command staffs.

Liaison with state and Federal partners on scene continue, and include but not limited to ATF, DEA, HSI, FDLE, Orange County Sheriffs and Orlando PD.

ERTU briefed this morning that evidence recovery operations were limited to the number of laboratory analyst and operations would conclude once lighting conditions become prohibitive.

Portable sinks are being established for ERT usage.

ERT has begun both indoor and outdoor evidence recovery efforts, the priority will be to begin shrinking the outer evidentiary perimeter to begin the process of establishing normal business operations, as well as concentrating on the inside of the night club.
A VCC has been activated by the MCP and is being hosted on the South Florida JTTF special interest group website LEEP. Access requires an active LEEP account, could each Command Post send a list of individuals requiring access to the VCC to Darrell Reiff. Please identify type of access for each individual i.e. read/view or data entry/post.

Florida has a very broad public records law. Under Florida law, e-mail addresses are public records. If you do not want your e-mail address released in response to a public records request, do not send electronic mail to this office. Instead, contact our office by phone or in writing.
Some readers have asked for my take on the Orlando shooting.

I don’t have one. Let’s see if together we can form a reasonable view.

Let’s start with the basic first question. Before there can be a murder declared, there must be a body. Has anyone seen on TV or in newspapers pictures of dead bodies? Bodies should be readily available if the reports are correct that fifty people were killed and 50 or more were wounded and in hospital.

I cannot bear the prostitute TV and print media. These are full-time propaganda organizations. Hopefully, some of you hold your nose and watch the news and can fill in the spaces. Has anything we have been told been confirmed by any real evidence?

Initially, I saw a CNN newscast and a RT report. The reports were heavy with verbiage of blood being all over the place, but the only visual evidence offered were three people, supposedly injured, being helped, not by medics or first responders, but by ordinary folks. A couple of people were helping a guy with tattoos in place of a shirt, but there was no sign of blood. Several people were helping people in police uniforms to carry a person who they dumped in the back of a pickup truck, not in the cab. About 6 people were carrying a person stretched out prone (no stretcher) down a street.
There was no blood and it looked like a crisis-acting performance. Why prone? Is an injured person really able to keep his body stiff so that he can be carried along prone parallel to the ground? Where are they taking him? Is this just a camera walk-by? [http://www.cnn.com/videos/us/2016/06/12/orlando-nightclub-shooting-witness-sot.cnn/video/playlists/orlando-nightclub-shooting/] What has become of the protocol that untrained people are not to attempt to help injured people? When police arrive at a scene, they usually run off bystanders, not recruit them to assist their activities or allow them to carry away the wounded and dead.

Readers have noticed that the visual evidence does not match the verbal reports. Readers report that Fox Ì½Newsì½ and MSNBC repeatedly show the same footage described above of bystanders carrying supposedly injured victims whose facial expressions are completely unstressed and show no pain, fear, or blood.

So has anyone seen any dead bodies? Any body bags? Any wounded taken to hospitals in ambulances? Any of the hospital wounded interviewed by TV reporters? Has any reporter checked with the morgue?

Allegedly, people inside the massacre location made cell phone calls and texted. But no one took photos or videos? Are there no security cameras? No doormen to notice a heavily-armed person enter?

With 50 people killed and 50 or more wounded and reports of oceans of blood, there should be plenty of evidence Have any of you seen any of it?

As far as I know, dead bodies, other than those of the perpetrators themselves, seldom if ever emerge from the terrorist attacks. No dead bodies materialized from the Paris attacks except those of the alleged perpetrators. No dead bodies ever emerged from the Sandy Hook shootings. The only dead bodies I recall from the San Bernardino shooting were the husband-and-wife-alleged-perpetrators, and their hands were handcuffed behind their backs. Do police handcuff dead people who the police have shot to pieces? I donì½t remember dead bodies from Brussels, just reports of dead bodies.

One could say that the media is averse to invading the privacy of dead people and their relatives by showing dead bodies, or that the media doesnì½t want to show gruesome scenesì½ except for the videos of Muslim terrorists cutting off peopleì½s heads. But by now the unanswered questions from the various shootings have created so much skepticism that a person would think the media would provide corroborative evidence for the official claims.

Maybe they have. As I admit, I donì½t watch the prostitute news.

In order to shoot 100 people, the principal weapon allegedly used, an AR-15, would have had to have been reloaded several times, a procedure that takes enough time for people to rush the shooter and overpower him.
Is it possible for one person to shoot 100 people successfully but not be able to shoot even one cop when police appear? Remember the Charlie Hebdo event. The two killers were highly professional when they wiped out the magazine staff and a policeman in the street, but later when confronted by police they were so hapless and incompetent as to suggest that they were not the same people. Remember the San Bernardino shootings. Three eyewitnesses said that the shooters were three muscular males dressed in black, not a husband and diminutive wife with a new baby.

What is most troublesome about these shootings is that the story seems already prepared by the government and is immediately set. We are fed the story before there is time for investigation by government or media. The media never investigate. The media just repeat the government's story over and over until it is set in everyone's mind. Contrary evidence is just discarded.

The alleged perpetrators are always killed, so we never hear from them. The only survivor of these relatively recent terrorist acts is the younger Tsarnaev brother, convicted for planting bombs at the Boston Marathon in 2013, who has been held incommunicado. We have never heard directly from him.

One might think that by now the US media would have at least a smidgen of skepticism. After all, for the past 15 years we have wasted trillions of dollars in wars in the Middle East based on lies that Saddam Hussein had weapons of mass destruction and Assad used chemical weapons against his own people. So why is the media willing to accept whatever the government says without any investigation or even raising a question?

The chairman, co-chairman, and legal counsel of the official 9/11 Commission have said publicly that the commission was lied to by the US government, that information was withheld from the commission, and that the commission was set up to fail. If the government will not tell the truth to the 9/11 Commission, why would the government tell us peons the truth?

It is not reporting merely to repeat the government's claim. But that is all we get from the payroll jobs reports, unemployment and inflation reports, terrorism reports, and claims of Russian aggression.

Send your emails with URLs of news broadcasts showing dead bodies and other real evidence. Don't send in your speculations. They might be interesting and on the mark, but what we are trying to do is to see if there is any real evidence in behalf of this latest story of mass slaughter inside a night club.

It will be difficult, perhaps even impossible, to get any truth out of the Orlando shooting. Too many vocal and well-organized interest groups have a strong stake in the government's explanation. The government's official narrative comes to the aid of the anti-Muslim lobby and the Trump campaign, which want Muslims kept out
of the US and those here arrested and deported. The government's official narrative comes to the aid of the gun control lobby. It comes to the aid of the progressive left that wants to normalize homosexual and transgendered people, thus the outpouring of sympathy for those shot in the homosexual night club. It comes to the aid of the spy industry and the police state, both of which want no check on their activities. It comes to the aid of Washington's murderous foreign policy. So what if we blow up Muslim children? look what they do to us when they grow up, which is what the Israelis say about the Palestinians. It comes to the aid of the neoconservatives and the military-security complex for whom wars against Muslims advance their agenda and fatten their pocketbooks.

All of these interests are far more powerful than the right of peons to know the truth.

Dear Chief Mina,

Was Omar Mateen “hearing voices”? If so, he was being assaulted and tortured by satellite technology. Most mass shootings, including the Myron May/Florida State University shooting, were caused by satellite torture, by people “hearing voices”.

I have informed members of government and law enforcement across the country, including the FBI. They continue to ignore this emergency situation.

The attached document provides an overview and much of my written testimony.

Best regards,

“Victims throughout the world believe organized stalking and technological assault are real. Only one of us has to be right for this to be an emergency situation.”

“In science, the best theory wins. The mental health profession considers themselves to be scientists and doctors, yet they have NEVER come up with a better theory for ‘hearing voices’ or for most of ‘mental illness’ than satellite. They are misleading the entire world with respect to ‘mental illness’, and providing cover for global mass assault, torture, murder and genocide. APA, your DSM is wrong! It’s not ‘mental illness’! It’s satellite torture! Make an announcement!”

Sir:

As the news comes regarding the recent horrific attack, I may have found something of interest to you.

The following speech occurred by a muslim cleric in your area and in my opinion should not be tolerated.

While I believe in freedom of speech, such officials, be they religious or in a political office should be held accountable for their past statements.

The Honorable Buddy Dyer
Mayor
City of Orlando

Dear Mayor Dyer,

The Restoration Industry Association (RIA) joins the country in its mourning for the senseless tragedy to befall your great city. We, like all Americans, were saddened by the horrific events of Saturday evening. As restoration professionals, we understand the scope of the cleanup project that faces the city and we would like to volunteer our resources to assist in the cleanup effort.

We offer you and your staff the attached RIA Forensic Restoration Guidelines to help assist with the clean-up and restoration of the bio-hazards found within the crime scene. These Guidelines have not yet been published but we thought they could help you and your staff as you begin to undertake the effort of cleaning the crime scene.

The Guidelines were developed by industry leading experts and have been peer reviewed by a wide array of restoration professionals focused on biohazard remediation. One of the guideline co-authors, Jeff Jones, has over 43 years of field experience in forensic restoration. He is the current chairman of RIA’s Forensic Council, a former SWAT team leader, veteran and the youngest person to attend the FBI academy. Jeff is willing to serve, on behalf of RIA, as a volunteer resource for your office if you would like assistance remediating the scene.

The Restoration Industry Association stands ready to assist in any way we can.

Sincerely,

MEDIA: Please allow these courageous officers & their families the privacy to heal after this traumatic event.

Date & Time: 6/13/2016

Description:

CFIX Comment: Threats to, and the targeting of, law enforcement by international or domestic terrorists and homegrown violent extremists (HVEs) remain a persistent nationwide threat. Since 2014, the Islamic State and their supporters have published an extensive amount of propaganda encouraging attacks against law enforcement, military and government personnel, including specific mention of stabbing police officers at their homes. We assess that threats directly targeting law enforcement officers will continue for the foreseeable future and would most likely be spontaneous ‘ambush’ style attacks with small arms and/or edged weapons.

Folks,

The USSS is expecting a POTUS visit this Thursday into Orlando. As of the time of this email, there is no venue or specific time for the visit. I have no knowledge of this being an overnight visit, but we hope to learn more tomorrow from the PPD Lead Agent.
I know it’s short notice, but if you or a representative from your respective departments can attend it would be appreciated.

I will find out later on tonight, or tomorrow morning whether or not it will be the Mel Martinez room at OCSO Headquarters, or maybe one of the training rooms downstairs. Please be patient as this is a fluid situation.

Respectfully,

Rich, there is a huge vigil planned at first baptist that mayor and I were invited to. That would be my guess.

I apologize for the lack of information at this time.

USSS has just advised of a POTUS visit this Thursday, June 16, 2016. There is no itinerary as of yet, nor is there a venue mentioned yet. Police meeting is being scheduled for tomorrow at a time to be determined.

USSS will update with time and location for the police meeting. As soon as I obtain further info I will update this email.

Rich

inspirations.

May God bless you and your family.
