

# SUBDIVISION APPLICATION

**DID YOU REMEMBER TO?**

Have a pre-application meeting within 60 days of submitting application

Have an Affidavit notarized by both the owner and applicant (even if same person)

Complete the submittal checklist and development plan checklist

Fold oversize copies so that they are no larger than 8 1/2" by 14"

Submit all information as required at the pre-application meeting

Collate all required information into 23 individual packages (including one package containing originals)

Submit prior to 2 p.m. on the application deadline (6th Floor City Hall)

Check this box if this package contains full-size plans

# SUBMISSION PACKAGE (23 PACKAGES)

The following table contains the requirements for submitting a subdivision application. The first check box on the left indicates what is required. The item must be submitted unless waived by a planner at the pre-application meeting. Complete the checklist by placing a checkmark ( ✓ ) in each box to the right of a required item to indicate that it has been submitted. All items required shall be collated into **23** individual packages prior to submittal of the application. Since a limited number of full-size plans and surveys are required, please identify the packages that contain full-size plans on the first page of the application by marking the box for full-size only reduced plans/surveys, leave the box blank. Applications due by **2:00 p.m.** on the deadline date. Please ensure that your application package is complete and submitted on-time to avoid being deferred to the next posted deadline date and board

|  |  |                                     |  |
|--|--|-------------------------------------|--|
| <b>Application Fee</b><br><b>Minor Subdivision \$1,200</b><br><b>Major Subdivision \$3,000</b> | A user fee established by City Council to partially off-set the administrative and direct costs of processing an application. <u>The application fee does not in any way ensure the applicant a favorable decision.</u> All applications will be reviewed on the merits of the request alone, regardless of the application fee. All application fees are non-refundable, except for applications that are withdrawn within five (5) working days of the application submittal date. <u>The Project Planner must receive a request for withdrawal by 5:00 p.m. on the day of the withdrawal deadline for the fee to be refunded.</u> | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Application Form</b>  | This application form completed and signed. Pages 1-6 of this form are required to be completed by the applicant prior to submittal. Additional appendices must be submitted if required below.  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Boundary Survey (1 original + 9 copies full size and reduced, and 13 reduced only)</b>      | A recent, accurate survey showing all existing improvements on the property and certified by the surveyor, drawn to scale. (See "Existing Conditions" on the Subdivision Plat checklist for specific items that must be shown on the survey) A minimum of <b>10</b> packages shall contain full-size, to-scale surveys as well as a reduced copy of the survey no greater than 11" by 17". The remaining <b>13</b> packages are only required to have reductions of the survey. Packages containing full-size surveys are required to be identified by the applicant prior to submittal of the application.                          | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Topographic Survey (1 original + 9 copies full size and reduced, and 13 reduced only)</b>   | Must show the existing contours at one-foot intervals, as delineated by U.S. Geological Survey maps or other expert evaluation and extending 50 feet beyond the property boundaries or to the centerline of the road. A minimum of <b>10</b> packages shall contain full-size, to-scale surveys as well as a reduced copy of the survey no greater than 11" by 17". The remaining <b>13</b> packages are only required to have reductions of the survey. Packages containing full-size surveys are required to be identified by the applicant prior to submittal of the application.   | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Mylar Plat*</b>   | A Mylar Plat executed by the owner and signed and sealed by the surveyor.  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Subdivision Plan (1 original + 9 copies full size and reduced, and 13 reduced only)</b>     | Proposed subdivision plan consistent with the checklist contained in this application. A minimum of <b>10</b> packages shall contain full-size, to-scale development plans as well as a reduced copy of the plan no greater than 11" by 17". The remaining <b>13</b> packages are only required to have reductions of the Development Plan. Packages containing full-size plans are required to be identified by the applicant prior to submittal of the application.  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Soils Report</b>  | <b>2</b> copies of a soils report prepared in accordance with the requirements for Subdivision Plans. Please identify on Page 1 of this application which packages contain the soils reports.  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Title Opinion*</b>  | A Title Opinion or Certificate of Title in accordance with the requirements of Chapter 177, Florida Statutes. <u>A title insurance policy is not acceptable.</u>   | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Joinder &amp; Consent*</b>  | If there is a mortgage on the property, a joinder and consent to plat document is required from each mortgage holder. The document is recorded with the plat. Refer to Chapter 177, Florida Statutes. A sample form is attached to the end of this application.  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Ownership Affidavit</b>   | Required for all applications, regardless of applicant's relationship to property owner. Fill in all blanks and <b>ensure each signature is notarized.</b> (Appendix A).   | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Environmental Assessment</b>  | An environmental assessment shall be prepared to determine if environmentally sensitive lands are present and to classify those lands using the City's three-tiered system (Appendix B). Indicate level of assessment submitted in the check box to the right (A, B, or C). May be waived by the project planner if the property is in the urbanized disturbed area.   | <input checked="" type="checkbox"/> | A <input type="checkbox"/><br>B <input type="checkbox"/><br>C <input type="checkbox"/> |
| <b>Plat Checklist*</b>   | Completed Plat Checklist (Appendix C) for subdivision record review  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |
| <b>Other Information</b>   | Other information as required by the Planning Official:  | <input checked="" type="checkbox"/> | <input type="checkbox"/>   |

# SUBDIVISION PLAT REQUIREMENTS

The following table contains the requirements for Subdivision Plats. The check boxes to the left indicates what is required for minor versus major plats. The item must be submitted unless waived by a planner at the pre-application meeting. Complete the checklist by placing a checkmark ( ✓ ) in each box to the right of a required item to indicate that it has been submitted.

| GENERAL INFORMATION   |   | Minor                               | Major                               |                          |
|---|---|-------------------------------------|-------------------------------------|--------------------------|
| <b>Legend</b>   | (a) Name of the Subdivision<br>(b) Legal Description of property to be subdivided<br>(c) Acreage of the property to be subdivided<br>(d) Scale—Engineering, no more than 1":100'<br>(e) North Arrow<br>(f) Existing Zoning on the property, including any overlay districts<br>(g) Number of lots proposed<br>(h) Date of Preparation                       | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Contact Information (Name, Address, Phone #)</b>                         | (a) Property Owner(s)<br>(b) Developer(s)<br>(c) Engineer(s)<br>(d) Surveyor(s)<br>(e) Agent(s) of the property owner or others involved in the project   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Abutting Lands</b>   | Information on abutting lands, including names of subdivisions and existing zoning  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Vicinity Map</b>   | Showing relationship of proposed development to surrounding streets and public facilities (at a scale not less detailed than 1":2,000') and including:<br>(a) Existing Zoning and Overlay Districts<br>(b) Existing Land Uses (noting any public facilities, open space, or recreation areas)<br>(c) Future Land Use Designations                           | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>EXISTING CONDITIONS</b>  |   |                                     |                                     |                          |
| <b>Lot Lines and Easements</b>  | (a) Existing lot lines and easements on the property indicating the purpose of each easement  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Existing Streets (On and within 300 ft. of the proposed subdivision)</b> | (a) Street names<br>(b) Right-of-Way width of each street<br>(c) Centerline of each street<br>(d) Pavement location (where applicable) on each street<br>(e) Curb and gutter locations<br>(f) Driveway approach locations<br>(g) Sidewalk locations<br>(h) Locations and types of medians and median cuts<br>(i) Any other improvements in the right-of-way | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Utility/Drainage Infrastructure (Location and Size)</b>                  | (a) Sanitary and storm sewers<br>(b) Culverts<br>(c) Water mains<br>(d) Fire hydrants   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Boundary Survey</b>  | Boundary survey showing all improvements, including existing buildings and structures, vehicular use areas and other impervious surfaces on and within 15 feet of the property  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Topographic Map</b>  | As delineated by U.S. Geological Survey maps or other competent expert evaluation, and extending 50 feet beyond the property boundaries.  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>100 Year Flood Elevation</b>   | (a) Minimum habitable floor elevation<br>(b) Limits of the 100 year flood plain for all sites extending into Flood Zone "A"<br>(c) Note if not within 100 year flood area   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Surface Drainage</b>   | Report showing direction of flow and methods of stormwater retention  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

# SUBDIVISION PLAT REQUIREMENTS

| EXISTING CONDITIONS                       |  | Minor                               | Major                               |                          |
|---|--|-------------------------------------|-------------------------------------|--------------------------|
| <b>Water Bodies, Wetlands and Canals</b>  | (a) Show normal high water elevation or boundary for each surface water body, wetland stream and canal<br>(b) Show any watercourses, bridges, lakes, marshes, sinkholes and other physical conditions present on the site and within 50 feet.<br>(c) Attendant drainage areas for each surface water body, wetland, stream and canal<br>(d) Vegetative communities for each wetland, showing approximate location by species   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Soils Report</b>                       | Report showing subsurface soil, rock and groundwater conditions, including:<br>(a) Soil classifications as identified by the U.S.D.A. Soil Conservation Service (SCS)<br>(b) Seasonal groundwater elevations<br>(c) Muck areas and Very Low Potential Soils, whether known or suspected, indicated as to approximate location, depth and extent<br>(d) Primary Groundwater Recharge Areas as defined in the City Code, indicated as to approximate location and extent<br>(e) Letter of written recommendation as to load-bearing capacity and suitability for development proposed by a licensed civil engineer based on soil test<br>NOTE: An applicant may challenge SCS Soil Classifications by securing competent expert evaluation, at the applicant's own expense, demonstrating that the identified soils are not classified correctly. If said evaluation is concurred with by the City Engineer, the soils shall be correctly identified for the purposes of this Chapter. | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Tree &amp; Woodlands Survey</b>        | (a) Tree cover approximate limits and generalized tree communities<br>(b) Location, Type and Size of Medium and large size trees (circumference of 18" or more, measure 4.5 ft. from the ground (dbh) or groupings of such trees<br>(c) Other generalized existing vegetation, including native plant communities<br>NOTE: For Major Subdivision Plats, the survey may be drawn on an aerial photograph  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Orange County Geodetic Information</b> | Approximate location of any Orange County Geodetic Information System monument(s) and/or Certified Sectional Corner(s), whose coordinate values have been determined by the County-wide Survey Project, which are within the proposed development and/or the surrounding 300-foot area   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| PROPOSED DEVELOPMENT                      |  | Minor                               | Major                               |                          |
| <b>Lot Layout</b>                         | (a) Lot lines, scaled dimensions, lot and block numbers<br>(b) Building restriction lines/setbacks scaled for each lot<br>(c) Intended use for each lot<br>(d) Tracts to be held in common ownership (recreation, stormwater management, conservation, open space, etc.)   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Street System</b>                      | (a) Street names<br>(b) Location of each street, including Major Thoroughfares (see Chapter 61 of the LDC)<br>(c) Right-of-Way width for each street<br>(d) Sidewalk location<br>(e) Median and median cut locations<br>(f) Any other proposed improvements in right-of-way<br>(g) Copy of deed or legal instrument that grants or provides the legal right to use the private street (if private streets are proposed) concerning their responsibility in maintaining the street in safe condition  |                                     | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Public Use Areas</b>                   | Location, size (gross land area), scaled dimensions, type and terms (ownership and maintenance) of all parcels of land proposed for common or public use, including:<br>(a) Street rights-of-way<br>(b) Easements for drainage, utilities, stormwater management, pedestrian ways, sidewalks, bike paths, etc.<br>(c) Land dedications/reservations for open space, recreational facilities, parks, schools, public facilities, stormwater management, etc.  |                                     | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

# SUBDIVISION PLAT REQUIREMENTS

| PROPOSED DEVELOPMENT                    |   | Minor                               | Major                               |                          |
|---|---|-------------------------------------|-------------------------------------|--------------------------|
| <b>Buffer Areas</b>                     | Nature, location and scaled dimension of bufferyards and areas, including identification of native plant areas to be used as buffers  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Preliminary Tree Protection Plan</b> | (a) Existing medium and large trees or groupings of trees proposed to be retained, including the location of each and dimensions of the proposed undisturbed area<br>(b) Proposed grade changes on the development site which may adversely affect any existing medium or large trees to be retained<br>(c) Any Specimen or Historic Tree designation being requested (See Chapter 60, LDC)   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Utility Infrastructure</b>           | Approximate location, type and size of:<br>(a) Sanitary sewers<br>(b) Storm drainage facilities<br>(c) Culverts<br>(d) Water mains<br>(e) Fire hydrants<br>(f) Electric and other utilities<br>(g) Refuse/recycling/dumpster pad  |                                     | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Finished Grade</b>                   | Proposed finished grade of the property   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Drainage/Erosion</b>                 | Conceptual drainage and erosion plan showing direction of flow and methods of stormwater retention  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>OTHER INFORMATION</b>                |   |                                     |                                     |                          |
| <b>Start and Completion Dates</b>       | Indicate approximate starting and completion dates for the entire development. Where the project is to be platted and/or developed in construction phases, indicate how phasing is to be accomplished and the estimated time frame applicable to each phase. Specify proposed maximum intensity (density or Floor Area Ratio) for the entire development and each phase   | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Board Actions</b>                    | Identify other actions necessary for project approval such as Rezoning, Zoning Variance, Conditional Use, Annexation, Master Plan etc.  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Density/Intensity Bonuses</b>        | Identify any requests for density / intensity bonuses being applied for in accordance with Chapter 58 of the Land Development Code  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Residential Subdivisions</b>         | Wherever Cluster Development, Average Lot Development, Zero-Lot-Line Development, Attached Dwelling Development, Multi-Family Development or Mobile Home Development are being requested, include the following information:<br>(a) Designation on the plat of all lots intended for cluster, average lot, zero-lot-line, attached dwelling or multi-family development<br>(b) Designation of all proposed building envelopes, building restriction lines, parking areas and service areas (as applicable)<br>(c) Designation of all maintenance and access easements on lots abutting zero-lot-line yards, and the terms and conditions of all such easements<br>(d) An explanation of how the proposed development achieves the applicable review standards for the type of development being requested as set forth in Chapter 58<br>(e) Conceptual elevations to demonstrate compliance with specific design criteria established in Chapter 58 of the Land Development Code<br>(f) For attached dwelling and multi-family development, documents acceptable to the City Attorney providing for the maintenance of building exteriors, to be recorded in the public records of Orange County, Florida prior to the start of construction. | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <b>Common Improvements</b>              | (a) Whenever a non-profit organization will be established for the maintenance of any common improvements or open space, documents shall be provided in accordance with Chapter 65, Part 5E.  | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

# APPENDIX B: ENVIRONMENTAL ASSESSMENT

An environmental assessment is required to be submitted as part of this application unless the subject site is within the area designated as "Urbanized Disturbed" shown to the right. Areas designated as "urbanized disturbed" are exempt from the environmental assessment requirement.

There are three levels of environmental assessments. Applicants may choose which level of information to submit in initial applications to the city, but the city shall determine if the submittal is appropriate on a case-by-case basis. The requirements for the various levels of environmental assessment are shown on the following page.

The city shall consider the findings of the environmental assessment and shall apply the appropriate policies of the Conservation Element. Recommendations may include:

- Protection of environmentally significant lands consistent with the applicable environmental regulatory agencies, including requiring the applicant to submit signed copies of all environmental permits prior to issuance of engineering permits by the City.
- Require site design to minimize impact of development on environmentally sensitive features of protected wetlands and wetlands under 0.5 acres.
- Require creation of buffers and conservation easements
- Request other permitting agencies to protect wetlands of special value to the city which may otherwise be exempt from their permitting process
- Require a contribution to the

| <b>ENVIRONMENTAL ASSESSMENT: GENERAL REQUIREMENTS</b>  |   |   |                                     |

# APPENDIX C: FINAL PLAT REVIEW CHECKLIST

---

The Office of Permitting Services processes final record plats view and approval and ultimate recording of the final Office. plat though the City agencies for re- at the Orange County Recording Office.

Our goal is to make the plat review proc- experience. We encourage recording in the official use to review the plats for compiled from rules con- to the rules contained of Orlando under the au- the preparation of the final mitted with the final Mylar plat, the Title Opinion or Certificate of Title to the Office of Permitting Services. Any plat sub- mitted with substantial errors and omissions, that make it apparent to the City Sur- veyor that there was no quality control performed prior to submission, will not be reviewed by Survey Services. ess an efficient and professional professional's preparing these plats for the r e - cords take advantage of the same checklist we compliance with Florida Statute 177. This checklist was tained within the 2009 Florida Statute 177 Part 1. In addition within Florida Statute 177 those additional rules required by the City thorty of the said statute have been included. This checklist is to be used in plat and should be signed and sealed by the Surveyor in responsible charge and sub- plat, the Title Opinion or Certificate of Title to the Office of Permitting Services. Any plat sub- mitted with substantial errors and omissions, that make it apparent to the City Sur- veyor that there was no quality control performed prior to submission, will not be reviewed by Survey Services.

The Office of Legal Affairs reviews the final plat and the Certifi- cate of Title or Title Opinion and the Join- der and Consent forms that may be required as a result of t h e review of the title work.

The City Surveyor's Office reviews the face of t h e plat for conformance to Florida Statutes 177 and for any additional City of Orlando requirements. A field check is performed to verify t h e correct placement of the permanent reference markers. Addi- tionally, the face of the plat is checked to verify accuracy and com- pliance with Florida Statutes 177.

Following the City Sur- veyor's first review, any errors and omissions will be detailed in a letter sent to the Sur- veyor in responsible charge. If the field inspection does not pass, the veyor in responsible charge must contact the City Surveyor. If a third field check is required, the Sur- veyor in responsible charge will be required to be on site during the field check.

Should you have any questions regarding the Surveying Services plat review proc- ess please feel free to contact the City Surveyor at 407-246-3319.

# APPENDIX C: FINAL PLAT REVIEW CHECKLIST

The following table contains the final plat review checklist for all sub-division plats. Complete the checklist by placing a checkmark ( ✓ ) in each box to the left of each item to indicate that the

| State Statutes   | Requirement Summary<br>(Chapter 177, Florida Statutes— <a href="http://www.leg.state.fl.us">www.leg.state.fl.us</a> )   |
|--|---|
| <b>177.041<br/>Boundary<br/>Survey<br/>&amp;<br/>Title<br/>Certification</b> | <p>Every plat or replat of a subdivision submitted to the approving agency of the local governing body must be accompanied by:</p> <p><input type="checkbox"/> (1) A boundary survey of the platted lands. However, a new boundary survey for a replat is required only when the replat affects any boundary of the previously platted property or when improvements which may affect the boundary of the previously platted property have been made on the lands to be replatted. The boundary survey must be performed and prepared under the responsible direction and supervision of a professional surveyor and mapper preceding the initial submittal of the plat to the local governing body. This subsection does not restrict a legal entity from employing one professional surveyor and mapper to perform and prepare the boundary survey and another professional surveyor and mapper to prepare the plat.</p> <p><input type="checkbox"/> (2) A title opinion of an attorney at law licensed in Florida or a certification by an abstractor or a title company showing that record title to the land as described and shown on the plat is in the name of the person, persons, corporation, or entity executing the dedication. The title opinion or certification shall also show all mortgages not satisfied or released of record nor otherwise terminated by law.</p>  |
| <b>177.051<br/>Name and Replat<br/>of Subdivision</b>                        | <p><input type="checkbox"/> (1) Every subdivision shall be given a name by which it shall be legally known. For the purpose of this section, that name is the "primary name." The primary name shall not be the same or in any way so similar to any name appearing on any recorded plat in the same county as to confuse the records or to mislead the public as to the identity of the subdivision, except when the subdivision is further divided as an additional unit or section by the same developer or the developer's successors in title. In that case, the additional unit, section, or phase shall be given the primary name followed by the unit, section, or phase number. Words such as "the," "replat," or "a" may not be used as the first word of the primary name. Every subdivision's name shall have legible lettering of the same size and type, including the words "section," "unit," or "phase." If the word "replat" is not part of the primary name, then it may be of a different size and type. The primary name of the subdivision shall be shown in the dedication the primary name of the subdivision shall be shown in the dedication and shall coincide exactly with the subdivision name.</p> <p><input type="checkbox"/> (2) Any change in a plat, except as provided in s. 177.141, shall be labeled a "replat," and a replat must conform to this part. After the effective date of this act, the terms "amended plat," "revised plat," "corrected plat," and "resubdivision" may not be used to describe the process by which a plat is changed.</p> |
| <b>177.061<br/>Qualification<br/>and Statement<br/>Required</b>              | <p><input type="checkbox"/> Every plat offered for recording pursuant to the provisions of this part must be prepared by a professional surveyor and mapper. The plat must be signed and sealed by that professional surveyor and mapper, who must state on the plat that the plat was prepared under his or her direction and supervision and that the plat complies with all of the survey requirements of this part. Every plat must also contain the printed name and registration number of the professional surveyor and mapper directly below the statement required by this section, along with the printed name, address, and certificate of authorization number of the legal entity, if any. A professional surveyor and mapper practicing independently of a legal entity must include his or her address.</p> <p>(1) Before a plat is offered for recording, it must be approved by the appropriate governing body, and evidence of such approval must be placed on the plat. If not approved, the governing body must return the plat to the professional surveyor and mapper or the legal entity offering the plat for recordation. For the purposes of this part:</p>   |

ENFORCEMENT

|   |  |  |
|---|--|--|
| <p><b>177.061</b><br/><b>Qualification and Statement Required</b><br/><i>cont'd</i></p> |  | <p>(a) When the plat to be submitted for approval is located wholly within the boundaries of a municipality, the governing body of the municipality has exclusive jurisdiction to approve the plat.</p> <p>(b) When a plat lies wholly within the unincorporated areas of a county, the governing body of the county has exclusive jurisdiction to approve the plat.</p> <p>(c) When a plat lies within the boundaries of more than one governing body, two plats must be prepared and each governing body has exclusive jurisdiction to approve the plat within its boundaries, unless the governing bodies having said jurisdiction agree that one plat is mutually acceptable.</p> <p>(2) Any provision in a county charter, or in an ordinance of any charter county or consolidated government chartered under s. 6(e), Art. VIII of the State Constitution, which provision is inconsistent with anything contained in this section shall prevail in such charter county or consolidated government to the extent of any such inconsistency.</p>   |
| <p><b>177.071</b><br/><b>Approval of Plat by Governing Bodies</b></p>                   | <input type="checkbox"/>   | <p>The boundary of the plat is located wholly in the City of Orlando municipal boundary</p>  |
| <p><b>177.081</b><br/><b>Dedication and Approval</b></p>                                | <input type="checkbox"/><br><br><input type="checkbox"/><br><br><input type="checkbox"/> | <p>(1) Prior to approval by the appropriate governing body, the plat shall be reviewed for conformity to this chapter by a professional surveyor and mapper either employed by or under contract to the local governing body, the costs of which shall be borne by the legal entity offering the plat for recordation, and evidence of such review must be placed on such plat.</p> <p>(2) Every plat of a subdivision filed for record must contain a dedication by the owner or owners of record. The dedication must be executed by all persons, corporations, or entities whose signature would be required to convey record fee simple title to the lands being dedicated in the same manner in which deeds are required to be executed. All mortgagees having a record interest in the lands subdivided shall execute, in the same manner in which deeds are required to be executed, either the dedication contained on the plat or a separate instrument joining in and ratifying the plat and all dedications and reservations thereon.</p> <p>(3) When a tract or parcel of land has been subdivided and a plat thereof bearing the dedication executed by the owners of record and mortgagees having a record interest in the lands subdivided, and when the approval of the governing body has been secured and recorded in compliance with this part, all streets, alleys, easements, rights-of-way, and public areas shown on such plat, unless otherwise stated, shall be deemed to have been dedicated to the public for the uses and purposes thereon stated. However, nothing herein shall be construed as creating an obligation upon any governing body to perform any act of construction or maintenance within such dedicated areas except when the obligation is voluntarily assumed by the governing body.</p> |
| <p><b>177.091</b><br/><b>Plats Made for Recording</b></p>                               | <input type="checkbox"/>   | <p>(1) At the end of the plat approval process the requestor must submit two sets of digital files. The file naming convention for both sets of digital files should include the permitting project number or master building permit number. If there are multiple files for the same number then a sequence number should be added to the file name. (eg PRJ2005-00121_1)</p> <p>The first set of files must be in PDF format. The PDF file must have bookmarks that will clearly identify each sheet in the file. The digital files must have the following characteristics:</p> <p>The second set of files must be in one the following file formats: DXF, DGN, DWG or SHP (ESRI). Text documents like energy calculations can be submitted in PDF format. The Coordinate system must be State Plane Florida East NAD 83, feet. There must be either a separate index that explains what is contained in each layer of the file or the layer name itself must be self explanatory.</p> <p>Every plat of a subdivision offered for recording shall conform to the following:</p> <p>Marginal lines, standard certificates and approval forms shall be printed on the plat with a permanent black drawing ink. A print or photographic copy of the original drawing must be submitted with the original drawing.</p>  |

## ENFORCEMENT

**177.091  
Plats Made for  
Recording  
cont'd**

- (2) The size of each sheet shall be determined by the local governing body and shall be drawn with a marginal line, or printed when permitted by local ordinance, completely around each sheet and placed so as to leave at least a 1/2-inch margin on each of three sides and a 3-inch margin on the left side of the plat for binding purposes.
- (3) When more than one sheet must be used to accurately portray the lands subdivided, an index or key map must be included and each sheet must show the particular number of that sheet and the total number of sheets included, as well as clearly labeled match lines to show where other sheets match or adjoin.
- (4) In all cases, the letter size and scale used shall be of sufficient size to show all detail. The scale shall be both stated and graphically illustrated by a graphic scale drawn on every sheet showing any portion of the lands subdivided.
- (5) The name of the plat shall be shown in bold legible letters, as stated in s. 177.051. The name of the subdivision shall be shown on each sheet included. The name of the professional surveyor and mapper or legal entity, along with the street and mailing address, must be shown on each sheet included.
- (6) A prominent "north arrow" shall be drawn on every sheet included showing any portion of the lands subdivided. The bearing or azimuth reference shall be clearly stated on the face of the plat in the notes or legend, and, in all cases, the bearings used shall be referenced to some well-established and monumented line.
- (7) Permanent reference monuments must be placed at each corner or change in direction on the boundary of the lands being platted and may not be more than 1,400 feet apart. Where such corners are in an inaccessible place, "P.R.M.s" shall be set on a nearby offset within the boundary of the plat and such offset shall be so noted on the plat. Where corners are found to coincide with a previously set "P.R.M.," the Florida registration number of the professional surveyor and mapper in responsible charge or the certificate of authorization number of the legal entity on the previously set "P.R.M." shall be shown on the new plat or, if unnumbered, shall so state. Permanent reference monuments shall be set before the recording of the plat. The "P.R.M.s" shall be shown on the plat by an appropriate symbol or designation.
- (8) Permanent control points shall be set on the centerline of the right-of-way at the intersection and terminus of all streets, at each change of direction, and no more than 1,000 feet apart. Such "P.C.P.s" shall be shown on the plat by an appropriate symbol or designation. In those counties or municipalities that do not require subdivision improvements and do not accept bonds or escrow accounts to construct improvements, "P.C.P.s" may be set prior to the recording of the plat and must be set within 1 year of the date the plat was recorded. In the counties or municipalities that require subdivision improvements and have the means of insuring the construction of said improvements, such as bonding requirements, "P.C.P.s" must be set prior to the expiration of the bond or other surety. If the professional surveyor and mapper or legal entity of record is no longer in practice or is not available due to relocation, or when the contractual relationship between the subdivider and professional surveyor and mapper or legal entity has been terminated, the subdivider shall contract with a professional surveyor and mapper or legal entity in good standing to place the "P.C.P.s" within the time allotted.
- (9) Monuments shall be set at all lot corners, points of intersection, and changes of direction of lines within the subdivision which do not require a "P.R.M." or a "P.C.P."; however, a monument need not be set if a monument already exists at such corner, point, or change of direction or when a monument cannot be set due to a physical obstruction. In those counties or municipalities that do not require subdivision improvements and do not accept bonds or escrow accounts to construct improvements, monuments may be set prior to the recording of the plat and must be set at the lot corners before the transfer of the lot. In those counties or municipalities that require subdivision improvements and have the means of ensuring the construction of those improvements, such as bonding requirements, monuments shall be set prior to the expiration of the bond or other surety. *(This subsection continues on next page).*

# APPENDIX C: FINAL PLAT REVIEW CHECKLIST

## PERMITTING AND CODE

## ENFORCEMENT

**177.091  
Plats Made for  
Recording  
cont'd**

If the professional surveyor and mapper or legal entity of record is no longer in practice or is not available due to relocation, or when the contractual relationship between the subdivider and professional surveyor and mapper or legal entity has been terminated, the subdivider shall contract with a professional surveyor and mapper or legal entity in good standing who shall be allowed to place the monuments within the time allotted.

(10) The section, township, and range shall appear immediately under the name of the plat on each sheet included, along with the name of the city, town, village, county, and state in which the land being platted is situated.

(11) Each plat shall show a description of the lands subdivided, and the description shall be the same in the title certification. The description must be so complete that from it, without reference to the plat, the starting point and boundary can be determined.

(12) The dedications and approvals required by ss. 177.071 and 177.081 must be shown.

(13) The circuit court clerk's certificate and the professional surveyor and mapper's seal and statement required by s. 177.061 shall be shown.

(14) All section lines and quarter section lines occurring within the subdivision shall be indicated by lines drawn upon the map or plat, with appropriate words and figures. If the description is by metes and bounds, all information called for, such as the point of commencement, course bearings and distances, and the point of beginning, shall be indicated. If the platted lands are in a land grant or are not included in the subdivision of government surveys, then the boundaries are to be defined by metes and bounds and courses.

(15) Location, width, and names of all streets, waterways, or other rights-of-way shall be shown, as applicable.

(16) Location and width of proposed easements and existing easements identified in the title opinion or certification required by s. 177.041(2) shall be shown on the plat or in the notes or legend, and their intended use shall be clearly stated. Where easements are not coincident with property lines, they must be labeled with bearings and distances and tied to the principal lot, tract, or right-of-way.

(17) All contiguous properties shall be identified by subdivision title, plat book, and page, or, if unplatted, land shall be so designated. If the subdivision platted is a part or the whole of a previously recorded subdivision, sufficient ties shall be shown to controlling lines appearing on the earlier plat to permit an overlay to be made; the fact of its being a replat shall be stated as a subtitle under the name of the plat on each sheet included. The subtitle must state the name of the subdivision being replatted and the appropriate recording reference.

(18) All lots shall be numbered either by progressive numbers or, if in blocks, progressively numbered in each block, and the blocks progressively numbered or lettered, except that blocks in numbered additions bearing the same name may be numbered consecutively throughout the several additions.

(19) Sufficient survey data shall be shown to positively describe the bounds of every lot, block, street easement, and all other areas shown on the plat. When any lot or portion of the subdivision is bounded by an irregular line, the major portion of that lot or subdivision shall be enclosed by a witness line showing complete data, with distances along all lines extended beyond the enclosure to the irregular boundary shown with as much certainty as can be determined or as "more or less," if variable. Lot, block, street, and all other dimensions except to irregular boundaries, shall be shown to a minimum of hundredths of feet. All measurements shall refer to horizontal plane and in accordance with the definition of the U.S. Survey foot or meter adopted by the National Institute of Standards and Technology. All measurements shall use the  $39.37/12 = 3.280833333333$  equation for conversion from a U.S. foot to meters.

(20) Curvilinear lot lines shall show the radii, arc distances, and central angles. Radial lines will be so designated. Direction of nonradial lines shall be indicated.

(21) Sufficient angles, bearings, or azimuth to show direction of all lines shall be shown, and all bearings, angles, or azimuth shall be shown to the nearest second of arc.

The tabular data must appear on the sheet to which it applies.</p> <p>(27) The plat shall include in a prominent place the following statements: "NOTICE: This plat, as recorded in its graphic form, is the official depiction of the subdivided lands described herein and will in no circumstances be supplanted in authority by any other graphic or digital form of the plat. There may be additional restrictions that are not recorded on this plat that may be found in the public records of this county."</p> <p>(28) All platted utility easements shall provide that such easements shall also be easements for the construction, installation, maintenance, and operation of cable television services; provided, however, no such construction, installation, maintenance, and operation of cable television services shall interfere with the facilities and services of an electric, telephone, gas, or other public utility. In the event a cable television company damages the facilities of a public utility, it shall be solely responsible for the damages. This section shall not apply to those private easements granted to or obtained by a particular electric, telephone, gas, or other public utility. Such construction, installation, maintenance, and operation shall comply with the National Electrical Safety Code as adopted by the Florida Public Service Commission.</p> <p>(29) A legend of all symbols and abbreviations shall be shown.</p> |
| <p><b>177.101</b><br/><b>Vacation &amp; Annulment of Plats Subdividing Land</b></p> | <input type="checkbox"/>   | <p>The approval of a replat by the governing body of a local government, which encompasses lands embraced in all or part of a prior plat filed of public record shall, upon recordation of the replat, automatically and simultaneously vacate and annul all of the prior plat encompassed by the replat. Therefore all previously platted land labels and references must be removed and re-labeled and referenced upon the replat.</p>  |
| <p><b>177 Part 2</b></p>  | <input type="checkbox"/><br><br><input type="checkbox"/>   | <p>1) Every surveyor and mapper not under contract to the department for the execution of this act who, in any survey or resurvey made under his or her direction, identifies, recovers, reestablishes, remonuments, restores, or uses as control a public land survey corner or corner accessory must, within 90 days after completion of the survey, file with the department a certified corner record for each such corner or corner accessory, unless the corner or its accessories are substantially as described in a previously filed corner record. The record shall be signed, embossed with the official seal of the surveyor and mapper, and produced on material suitable for reproduction or microfilming. The 90-day limitation may be extended with permission of the department. All such certified corner records shall be accepted and filed with the department without further inspection or approval of any public body or officer, if prepared in accordance with the criteria set forth in subsection (3).</p> <p>2) In every case in which a certified corner record of a public land survey corner is filed under the provisions of this act, the surveyor and mapper must reconstruct or rehabilitate the monument of such corner and accessories to such corner, so as to make them as permanent as is reasonably possible and to facilitate their location in the future.</p>  |

# APPENDIX C: FINAL PLAT REVIEW CHECKLIST

---

PERMITTING AND CODE ENFORCEMENT

| <b>City of Orlando—Additional Plat Requirements</b>   |   |
|---|---|
| <b>Each plat must meet the following additional regulations required by the City of Orlando as established in Florida Statute 177.011</b> |   |
| <input type="checkbox"/>  | 1. The plat contains a metes and bounds legal description of the parent tract including the area.   |
| <input type="checkbox"/>  | 2. The plat boundary is tied to 2 public land survey corners as defined in FS 177.503 and CCR numbers shown.  |
| <input type="checkbox"/>  | 3. Copies of closure report for the parent boundary and all interior parcels and easements are included and have a relative error of closure no less than 1' in 10,000'   |
| <input type="checkbox"/>  | 4. A Location map including North arrow, scale and adjacent streets is included on the cover sheet.   |
| <input type="checkbox"/>  | 5. All text is a minimum size of .10"   |
| <input type="checkbox"/>  | 6. The sheet size is 24" x 30" with no less than ½" margins on the top, bottom and right sides and 3" margin on the left side.  |
| <input type="checkbox"/>  | 7. The scale of the plat is 1"= 200' or larger.   |
| <input type="checkbox"/>  | 8. 4" X 4" X 30" concrete monuments including a metal cap marker with an LB or LS number must be placed at each change of direction along the parent boundary of the plat. When right-of-way dedications are being made the monuments shall be placed at the intersection of the parent boundary and the new right-of-way. The City Surveyor prior to submittal must approve any variation of this additional requirement.  |
| <input type="checkbox"/>  | 9. The boundary survey must be supported by the title opinion or certification submitted with the plat and must include the zone classification for the parent boundary as designated on the most current FEMA FIRM.  |
| <input type="checkbox"/>  | 10. The title opinion shall be of an attorney at law licensed in Florida or a certification by an abstractor or a title company referencing that record title to the land as described and shown on the plat is in the name of the person, persons, corporation, or entity executing the dedication. The title opinion or certification shall also reference all mortgages not satisfied or released of record nor otherwise terminated by law. The title opinion or certification shall also reference all existing easements and encumbrances of record.  |
| <input type="checkbox"/>  | 11. Chapter 59 Statement shown on Cover sheet.  |
| <input type="checkbox"/>  | 12. A Topographic Survey of the parent parcel based upon NAVD 88 datum is included in the submittal.  |
| <input type="checkbox"/>  | 13. The primary name of the subdivision shall be shown in the dedication with a font clearly different that the word "Dedication"   |
| <input type="checkbox"/>  | 14. Orange County 911 shall approve the subdivision name and all street names prior to being shown upon the plat.   |
| <input type="checkbox"/>  | 15. All Contiguous property including Streets shall be labeled with Plat Book and Page creating the Street or "Not Platted". Any recording information is welcome.  |
| <input type="checkbox"/>  | 16. All lots shall be numbered either by progressive numbers or, if in blocks, progressively numbered in each block beginning with the number "one".  |
| <input type="checkbox"/>  | 17. Statement of Lien Settlement: Submit to Orange County Property Appraiser's Office (200 South Orange Avenue, SunTrust Tower, Room 1700, 407.836.5050):<br>One (1) paper copy of the plat signed in the Dedication and by the preparing Surveyor (will not accept original mylar).<br>Full name and local telephone number of a contact person must be written on the plat or a business card must be attached. Please allow 3 to 5 business days for processing.<br>The Statement of Lien Settlement is prepared by the Mapping Department of the Property Appraiser's Office for the purpose of identifying all prior year or currently due and payable parcels that underlie the plat.<br>The Statement of Lien Settlement is reviewed and signed by a representative of the Tax Collector's Office. You will receive a call from the Tax Collector's Office when the statement is ready for pick-up.<br>Statements are picked up on the 16th Floor of the SunTrust Tower in the Tax Collector's Office. If there are additional questions, contact the Tax Collector's Office at 407.836.5051. If taxes are unpaid and due, you will be informed of the dollar amount that must be paid in full before the statement will be released.<br><b>A copy of the Statement of Lien Settlement must be provided to the Office of Permitting Services prior to recording of the plat.</b> |
