Meal Time

What is it?

A program of SeniorLinks in collaboration with Second Harvest Food Bank. This is for senior residents of the City of Orlando who live in a neighborhood that is partnered with SeniorLinks. Frequently, a family (or individual) runs out of food stamps or is economically challenged at the end of the month and can't purchase food. This program is meant to assist those individuals by delivering a 10 lb. bag of groceries right to their door at no charge. (FREE)

The way it works.

1. You request an application for Meal Time from your SeniorLinks Liaison Volunteer or directly from SeniorLinks at 407/246-3971.
2. You will receive a numbered application. It is numbered for your security. All of your information is secure and will NOT be shared with anybody else for any reason.
3. Fill out the application, put it in the furnished envelope and mail. All applications must be received before the last day of the month before the month of delivery. Delivery will normally be during the last week of the month.
4. A team will go through all the applications and rank them in order of the greatest to least need to receive the 10 lb. bag of groceries.
5. We will try as hard as possible to distribute the bags of groceries in equal quantities to each of the City's six districts.
6. If you are selected, the SeniorLinks Meal Time Volunteer Coordinator will contact you to arrange for a date and time for the delivery of your 10 lb. bag of groceries.
7. All applicants will receive a telephone call to notify them of their status – either accepted or put on a waiting list. All applicants put on the waiting list will be reviewed for the next month. Applications will be reviewed for up to three months. If they have not been selected to receive a grocery bag after three months of review, a new application will need to be submitted for further consideration.
