## CITY OF ORLANDO

### 10,000 TREES INITIATIVE

#### *Restoring Orlando's Historic Tree Canopy*

You can help to restore the 10,000 trees lost in the City of Orlando during the 2004 hurricanes.

The 10,000 Trees Initiative was created by the City of Orlando's Parks Division, Green-Up Orlando, and Keep Orlando Beautiful to bring together individuals and resources to restore our precious tree canopy.

Individuals and organizations can support the planting of a 30-gallon street tree with a \$100 tax-deductible contribution.

Volunteers can help by planting trees.

**Our goal is to replace 10,000 trees by 2010.**

Please join us in this historic effort to restore our tree canopy!

For more information, please contact Janice Rahill, Green-Up Orlando Coordinator, at **407-246-3504** or **Janice.Rahill@cityoforlando.net**.
