

Hi Gary,

I called today and learned you are out of town, but I wanted to be sure to thank you and your staff for the way you treated my nephew Frankie last week. He had a wonderful time, but more importantly, you impressed him so much. He couldn't stop talking about what a great person you are, etc., etc. You were such a great model for him and I appreciate the care and attention you gave him.

Thank you so much Gary and please thank your staff as well. The atmosphere at your center is so positive and reflects the type of manager that you are.

Annette
