

# Edgewater Drive Vision Task Force

## PREAMBLE

---

*Hello and Welcome to the Edgewater Drive Vision Task Force!*

The Task Force is an advisory body to the Staff and City Administration regarding the future development of the Edgewater Drive corridor. We are comprised of citizen members from a variety of professional and business backgrounds appointed by the Mayor to improve our Community.

As a Task Force, we develop recommendations with the guidance of professional City staff to be reviewed by the Municipal Planning Board and City Council. Our recommendations may entail the creation of a Special Plan, Overlay Zoning, Design Guidelines, Strategies and other solutions to the built environment for the consideration by the Community and Council. As such, our work is creative – and frequently in draft form that is open to discussion by all.

In addition to our role within the City's process, we also have a responsibility to our Community to identify other issues that might be solved by the collective organizations that we are members. Our ultimate goal is to improve the livability of the center of our neighborhood, Edgewater Drive.

Our commitment is to be as open and transparent as possible; we want to hear the many views of parties that are potentially impacted by our recommendations. We appreciate the public's participation in our process, but also appreciate your understanding as we accomplish our tasks. Generally, we follow ROBERT'S RULES OF ORDER for our meetings, and ask for brevity in your non-repetitive comments.

Thank you for actively participating and making your Community a valuable part of the City Beautiful!
