Note: Per Chapter 163.3177(10)(a), Florida Statutes, for the purpose of determining whether the Growth Management Plan is consistent with the State Comprehensive Plan and Strategic Regional Policy Plan, the GMP shall be consistent with such plans if the GMP is "compatible with" and "furthers" those plans. Consistent with Chapter 163.3177(10)(a), the term "compatible with" means that the GMP is not in conflict with the state comprehensive plan or strategic regional policy plan. The term "furthers" means to take action in the direction of realizing goals or policies of the state or regional plan. For the purpose of determining consistency, the state or regional plan shall be construed as a whole and no specific goal or policy shall be construed or applied in isolation from the other goals and policies in the plans. The decision regarding which particular state comprehensive plan goals and policies will be furthered by the expenditure of the City's financial resources is a decision which rests solely within the discretion of the City.
