

CITY OF ORLANDO

City of Orlando Stormwater Section Questionnaire for Special Events

Please complete the form questions below *after* reading the BMP list, and return the completed form to Katie Kulbaba (Fax: 407.246.2241) separately from permit application packet.

Call 407.246.2370 with questions related to proper stormwater management at special events in the City of Orlando.

-- Check all that apply --

Question 1. Which of the following best describes the food you will be serving at your event:

- Fried foods prepared onsite using cooking oil
- Foods prepared offsite and brought in
- Pre-packaged foods (sandwiches, bagels, fruit, etc.)
- Other _____

Question 2. Which of the following discharges do you anticipate from your special event activities:

- Waste cooking oil
- Wash water (hands, pots, pans, utensils, equipment, etc.)
- Pressure washing
- Other _____
- None

Question 3. How will you prevent waste water discharges into the stormwater system:

- Using cooking oil recycling containers
- Using protection to prevent oil splatters on pavement
- Using designated wash area
- Recapturing pressure washing waste water
- Using temporary storm inlet protection
- We will not be creating any waste water

Question 4. Will you be using portable toilets for this event? Yes No

It is important that all vendors associated with your event be aware and abide by the guidelines as outlined on the "City of Orlando Stormwater Section Best Management Practices (BMPs) for Special Events" document.

Please Note: A list of local cooking oil/grease recyclers is attached to assist you with your event.

I have read, understand, and agree to comply with the Best Management Practices (BMPs) as described on *City of Orlando Stormwater Section Best Management Practices (BMPs) for Special Events* and assume full responsibility for my vendors as it pertains to stormwater management.
